Clinical Pharmacology Bennett And Brown 11th :

Clinical Pharmacology Morris J. Brown, Pankaj Sharma, Peter N. Bennett, 2012-07-30 A thorough knowledge of pharmacological and therapeutic principles is vital if drugs are to be used safely and effectively for increasingly informed patients. Those who clearly understand how drugs get into the body, how they produce their effects, what happens to them in the body, and how evidence of their therapeutic effect is assessed will choose drugs more skilfully and use them more safely and successfully than those who do not. Now in a fully revised 11th edition, *Clinical Pharmacology* is essential reading for undergraduate medical students, junior doctors, and anyone concerned with evidence-based drug therapy. Introductory first three sections cover general principles of clinical pharmacology; five subsequent sections cover drug treatment of disease, organised by body system. Retains approachable style set by the original author. Professor Laurence. Emphasis throughout is on evidence-based and safe drug prescribing. Indian Advisory Board will ensure content reflects the needs of the developing world.

Navigating Problem-based Learning Samy Azer, 2008 This complete guide to problem-based learning (PBL) in medicine and health professions explains the aims and essential elements of PBL and provides keys for successfully working in small groups.

Perioperative Nursing - E-Book Sally Sutherland-Fraser, Menna Davies, Brigid M. Gillespie, Benjamin Lockwood, 2016-03-31 *Perioperative Nursing 2e* has been written by local leaders in perioperative nursing and continues to deliver a contemporary practical text for Australian and New Zealand perioperative nurses. Appropriate for nursing students and graduates entering the perioperative environment, *Perioperative Nursing 2e* offers a sound foundational knowledge base to underpin a perioperative nursing career. This unique text will also be of value to those undertaking postgraduate perioperative studies as well as to more experienced perioperative nurses seeking to refresh their knowledge or expand their nursing practice. Endorsed by ACORN, this edition aligns with the 2016 ACORN and PNC NZNO Standards. It also reflects the latest national and international standards, including the NSQHS Standards, the new NMBA Standards for Practice for Registered and Enrolled Nurses, and the WHO Surgical Safety Checklist. This essential title examines the roles and responsibilities of nurses working within a perioperative environment, providing an overview of key concepts in perioperative care. The scope of this book addresses anaesthetic, intraoperative, and postanaesthetic recovery care, as well as day surgery and evolving perioperative practices and environments. This edition of *Perioperative Nursing* by Hamlin, Davies, Richardson, Tench, and Sutherland-Fraser includes research boxes where appropriate and feature boxes on special populations such as paediatric, geriatric, and bariatric patients. Emphasis is placed on the concept of the patient journey working within interprofessional teams, communication, teamwork, patient and staff safety, risk management strategies, and medico-legal considerations. All chapters have been fully revised, and this edition includes two new chapters: *The perioperative team and interdisciplinary collaboration* and *Perioperative patient safety*. Supporting online resources are available on Evolve. Research boxes where appropriate. Feature boxes on special populations such as paediatric, geriatric, and bariatric patients. Emphasis is

placed on the concept of the patient journey working within interprofessional teams communication teamwork patient and staff safety risk management strategies and medico legal considerations Now endorsed by ACORN Aligns with the 2016 ACORN and PNC NZNO Standards Reflects the latest national and international standards including the NSQHS Standards the new NMBA Standards for Practice for Registered and Enrolled Nurses and the WHO Surgical Safety Checklist Includes two new chapters The perioperative team and interdisciplinary collaboration and Perioperative patient safety Supporting online resources are available on evolve
