und neuen Erkenntnissen verwirklichen die Expertinnen eine innovative bessere Versorgung in Deutschland **The Routledge Companion to International Entrepreneurship** Stephanie A. Fernhaber, Shameen Prashantham, 2014-12-05

The domain of international entrepreneurship has continued to gain momentum in an era that sees entrepreneurship and globalization as critical issues in the world of business. Given the flourish of new research in this area, there is a need to provide an up-to-date perspective on the field and its future. This volume draws together a team of experts purposely selected from both the entrepreneurship and international business fields to present a comprehensive resource on the cutting edge conversations within international entrepreneurship. This prestigious reference book will offer students and researchers an introduction to leading scholarship in international entrepreneurship and also serve as a catapult for future research.

Sustainable Branding Pantea Foroudi, Maria Palazzo, 2021-01-28 A sustainable brand should integrate environmental, social, economic, and issues into its business operations. Sustainable Branding considers how broader perspectives on sustainability and corporate social responsibility can be applied to the practicalities of brand management. By addressing a range of perspectives and their application to branding, the authors go beyond sustainable branding to question the role brands play in a wider sustainable society. Structured around three core parts: People, Planet, and Prosperity, contributions from experts in the field consider the human dimensions of environmental change, identity and reputation, technology and innovation, waste management, public and brand engagement, environmental ecosystems, and the circular economy. Combining theoretical insight and empirical research with practical application, each chapter includes real-life international cases and reflective questions to allow discussion, best practice examples, and actionable suggestions on how to implement sustainable branding activities. This book is perfect for academics, postgraduate and final year undergraduate students in sustainable branding, sustainable business, corporate social responsibility, brand management, and communications. It provides a comprehensive treatment of the nature of relationships between environmental, economic, social, companies, brands, and stakeholders in different areas and regions of the world. **Acceptance of Remote Services** Nancy Wunderlich, 2010-08-09

Nancy Wunderlich employs a multi-method approach comprising an international qualitative study in Germany, USA, and China, and a longitudinal quantitative study to analyze remote services. She develops the Interactive Technology Mediated Service Model (ITSUM) to provide a comprehensive approach of explaining both initial acceptance and repeated/continued usage of remote services in organizations.

Standards and Standardization: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2015-02-28 Effective communication requires a common language, a truth that applies to science and mathematics as much as it does to culture and conversation. Standards and Standardization: Concepts, Methodologies, Tools, and Applications addresses the necessity of a common system of measurement in all technical communications and endeavors, in addition to the need for common rules and guidelines for regulating such enterprises. This multivolume reference will be of practical and theoretical significance to researchers.
