The SAGE Encyclopedia of African Cultural Heritage in North America Mwalimu J. Shujaa, Kenya J. Shujaa, 2015-07-13 The Encyclopedia of African Cultural Heritage in North America provides an accessible ready reference on the retention and continuity of African culture within the United States Our conceptual framework holds first that culture is a form of self knowledge and knowledge about self in the world as transmitted from one person to another Second that African people continuously create their own cultural history as they move through time and space Third that African descended people living outside of Africa are also contributors to and participate in the creation of African cultural history Entries focus on illuminating Africanisms cultural retentions traceable to an African origin and cultural continuities ongoing practices and processes through which African culture continues to be created and formed Thus the focus is more culturally specific and less concerned with the broader transatlantic demographic political and geographic issues that are the focus of similar recent reference works We also focus less on biographies of individuals and political and economic ties and more on processes and manifestations of African cultural heritage and continuity FEATURES A two volume A to Z work available in a choice of print or electronic formats 350 signed entries each concluding with Cross references and Further Readings 150 figures and photos Front matter consisting of an Introduction and a Reader s Guide organizing entries thematically to more easily guide users to related

entries Signed articles concluding with cross references **BIOS Instant Notes in Physiological Psychology** Hugh Wagner, Kevin Silber, 2004-04-01 Instant Notes in Physiological Psychology provides a succinct overview of the key topics in physiological psychology providing easy access to the core information in the field Although physiological psychology is a required component of most degrees the authors recognise that many students come from non scientific backgrounds and may find the subject daunting This book covers all of the essential topics in a format that is ideal for learning and rapid revision for students from all backgrounds It can serve as a core text supplemented by readings in the original literature as a reference guide for students and lecturers alike or as an ideal revision guide prior to exams Instant Notes in Physiological Psychology is primarily intended for students taking a first course in the subject but can also be used as an introduction to the field for undergraduates and graduates from other subject areas **Cumulated Index Medicus** ,1966
