Pacific island countries PICs rely on national airlines for connectivity

trade and tourism These airlines are being struck hard by COVID 19 Losses will weigh on public sector balance sheets and pose risks to economic recovery With a backdrop of tight fiscal space and increasing government debt losses in airlines are adding to fiscal risks in some PICs This paper discusses tools to evaluate and manage the fiscal risks from national airlines in the Pacific We present a snapshot of the current state of Public Financial Management PFM practices in PICs and detail the best practices This exercise would illustrate the areas in which PICs have scope to improve their risk management with regard to national airlines We then discuss the use of diagnostic tools and capacity development to enhance monitoring and risk management Greater transparency and accountability in the airlines combined with rigorous oversight would be the first step towards improved financial management of national airlines

The Statute of the International Court of Justice

Andreas Zimmermann,Christian J. Tams,Karin Oellers-Frahm,Christian Tomuschat,2019-03-21 This landmark publication in the field of international law delivers expert assessment of new developments in the important work of the International Court of Justice ICJ from a team of renowned editors and commentators The ICJ is the principal judicial organ of the United Nations and plays a central role in both the peaceful settlement of international disputes and the development of international law This comprehensive Commentary on the Statute of the International Court of Justice now in its third edition analyses in detail not only the Statute of the Court itself but also the related provisions of the United Nations Charter as well as the relevant provisions of the Court s Rules of Procedure Six years after the publication of the second edition the third edition of the Commentary embraces current events before the International Court of Justice as well as before other courts and tribunals relevant for the interpretation and application of its Statute The Commentary provides a comprehensive overview and analysis of all legal questions and issues the Court has had to address in the past and looks forward to those it will have to address in the future It illuminates the central issues of procedure and substance that the Court and counsel appearing before it face in their day to day work In addition to commentary covering all of the articles of the Statute of the ICJ plus the relevant articles of the Charter of the United Nations the book includes two scene setting chapters Historical Introduction and General Principles of Procedural Law as well as important and instructive chapters on Counter Claims Discontinuation and Withdrawal and Evidentiary Issues

Airline Microeconomics Tony Webber,2022-07-25 This book presents readers with a technical tool kit to understand the economics of airlines It starts by covering the key language and glossary of the air travel business which is necessary for graduates or first time employees in aviation to understand the content of conversations meetings presentations and internal aviation communications It then breaks down the complexity of the demand side of the air travel business The book then analyses revenue over two distinct time horizons specifically the short and medium runs recognising the fact that airlines operate to a fixed number of seats over a short horizon because of the way that they schedule services in advance of departure By combining revenue and costs the book then analyses airline profit with a focus on the short run and medium run decision variables that maximise airline profit The remainder of the book

analyses various important topics in air transport economics including competition in airline markets key rules regulations and taxes that affect the return on capital in aviation the way that airlines form relationships and the economics of the market for oil and jet fuel among others *Carbon Management for a Sustainable Environment* Shelley W. W.

Zhou,2020-03-03 This textbook presents students with a systematic approach for the quantification and management of greenhouse gas emissions GHG and provides best practices for optimal carbon management and quantification The book begins with an overview of climate change basics and goes on to discuss carbon footprint measurements carbon management concepts and concludes by presenting carbon reduction solutions with applications for green buildings smart transportation waste management and carbon trading and offsetting The author provides practical examples and carbon management models that support innovative reduction solutions and presents a roadmap for the implementation and development of carbon management strategies making it a useful resource for both upper undergraduate and graduate students as well as practitioners seeking a comprehensive framework to conduct carbon management

The water, energy and food-security nexus in Asia and the Pacific UNESCO,UNESCO Office Bangkok and Regional Bureau for Education in Asia and the Pacific,UNESCO Office Jakarta and Regional Bureau for Science in Asia and the Pacific,2024-04-24 **The Water, Energy, and Food Security Nexus in Asia and the Pacific** Andrew Dansie,Heidi K. Alleway,Benno Böer,2024-04-15 This open access book considers the water energy food WEF nexus in the Pacific region The region comprises seventeen sovereign countries and seven territories spread across the Pacific Ocean a blue expanse that covers a fifth of the world s surface area but contains only 0 5% of the population or 44 5 million people The uniqueness of the Pacific and the need for a Pasifika led approach to sustainability across environmental societal and economical spheres requires this blue continent to be considered in a separate volume under the Water Security in a New World series This Pacific volume is focussed on water energy and food security in Pacific Island Countries and Territories PICTs and the challenges produced by the impacts of anthropogenic climate change and human population pressures The diversity of culture traditional knowledge and ways of life across the Pacific are united by similar geographies and opportunities to apply a Pacific specific WEF nexus approach a coordinated approach to manage water energy and food that is centred on active decision making across the three sectors to increase the security of each Importantly a WEF nexus approach builds on national and international efforts to date in the Pacific which include Integrated Water Resource Management Ridge to Reef Source to Sea UNESCO Biosphere Reserves Integrated Coastal Zone Management and other similar approaches In this book contributions by authors from governments regional bodies multilateral agencies and academia describe water security and its intersectionality with both the energy and food sectors highlighting the significance of both land and marine food systems and connectivity between water and energy in a Pacific focussed context It is demonstrated that these systems cannot be separated from the challenges associated with healthy environments and functioning ecological services transport and waste that are unique to this vast archipelagic region

To achieve meaningful change it is essential that solutions are cognizant of the world's colonial past and the global inequalities that persist today. The path forward for water and food systems is one that is Pasifika led and builds on traditional knowledge and local capacity. National energy demands must consider the future with solutions comprising both WEF integrated approaches and new energy technologies to hasten the transition away from fossil fuels. Globally major greenhouse gas emitters both past and present need to step up for the environmental and economic benefit of all by rapidly reducing greenhouse gas emissions and supporting Pasifika leadership on highly ambitious net zero goals. This book is a highly recommended source of information and inspiration for policy makers, decision makers, research communities and practitioners dealing with any aspect of water, energy or food security in the Pacific.

The Report: Papua New Guinea 2019 Oliver Cornock, Efforts to improve public governance are gradually bolstering confidence in Papua New Guinea's economy despite national performance being heavily dependent on the extractive industries. Backed by macroeconomic development plans, Prime Minister James Marape's administration is seeking to improve debt management, reduce foreign exchange imbalances, widen access to social services and provide greater employment opportunities.
