volume to summarize the milestones of research in financial literacy from multiple perspectives to offer an overview The book is organized into six parts The first three parts provide a conceptual framework which discusses what financial literacy is how it should be measured and explains why it represents a relevant topic and effective tool in enhancing decision making among consumers as well as consumer protection strategies Part IV addresses the connection between financial education and financial literacy with chapters about financial education in school settings as well as for adults This part includes an analysis of the role of Fintech and the use of gamification in financial education Part V is a collection of contributions that analyze financial literacy and financial education around the world with a focus on geographical areas including the U S South America Western Europe Eastern Europe Asia and Africa This part also considers how financial literacy should be addressed in the case of Islamic finance The concluding part of the book examines how financial literacy is related to other possible approaches to consumer finance and consumer protection addressing the relationships between financial literacy and behavioral economics financial well being and financial inclusion This volume is an indispensable reference for scholars who are new to the topic including undergraduate and graduate students and for experienced researchers who wish to enrich their knowledge policymakers seeking a broader understanding and an international perspective and practitioners who seek knowledge of best practices as well as innovative approaches

Financial Systems in Troubled Waters Alessandro Carretta, Gianluca Mattarocci, 2013-05-07 This collection considers the financial crisis from a managerial perspective focussing on the business implications for the financial industry Topics examined include governance information needs and strategy of financial intermediaries and investors The contributions build on the existing literature and present some unique insights on governance credit quality evaluation and performance measurement In a fast growing or steady market it is possible for even an inefficient financial system to satisfy investors and firms needs However the current financial crisis has brought into sharp relief the limits of the inefficient practices adopted by the market and made clear the importance of developing more effective governance mechanisms more detailed and complete information databases and new strategies The crisis has also brought to the fore issues about the governance of financial intermediaries that had not been previously addressed These include board diversity internal monitoring procedures and the existence of interlocking directorates More broadly the financial crisis has radically altered the international framework with an increasingly consolidated financial sector and the rise of new markets such as China that now play a predominant role in the worldwide market Studies on the competition and on the performance in this new scenario are essential in order to understand the implications of recent events

Reducing Retirement Inequality Olivia S. Mitchell, Nikolai Roussanov, 2025-02-20 Many older Americans today are poorly prepared to finance their retirement years and such under preparedness is especially acute for members of disadvantaged racial and ethnic minority groups Black and Hispanic families for example have only a quarter of the amount of net private wealth assets minus liabilities compared to White families Moreover racial wealth gaps have not diminished

much in the past four decades in part because Whites tend to save more in and withdraw less from employer sponsored retirement plans than do their Black and Hispanic counterparts The studies herein provide a range of perspectives on the causes and consequences of retirement wealth inequality along with suggested opportunities to close the gaps The contributors explore new datasets analyze historical trends in income and wealth disparities and evaluate alternative wealth and inequality measures They also evaluate the roles of differential access to financial housing and human capital and the role of the social security program While the latter is a great equalizer narrowing racial gaps considerably the program faces insolvency and without reform it will be unable to pay full scheduled benefits within a decade This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations

Economic Competence and Financial Literacy of Young Adults Eveline Wuttke,Jürgen Seifried,Stephan Schumann,2016-05-23 The authors take a detailed look at the economic competence and financial literacy of young adults especially of those who start an apprenticeship or who take up their studies at a university Economic competence and financial literacy are of special interest within this group because these young people are mostly for the first time in their lives responsible for autonomously managing their own financial affairs and deal with economic challenges
