Die NATO Falk Ostermann, 2025 **Kyrgyzstan - Regime Security and Foreign Policy** Kemel

Toktomushev,2016-10-04 Kyrgyzstan is an interesting example of a relatively weak state which for its brief period of independence has already ousted two presidents experienced two revolutions survived two interethnic conflicts and yet remained intact This book explores this apparent paradox and argues that the schism between domestic and international dimensions of state and regime security is key to understanding the nature of Kyrgyz politics The book shows how the foreign policy links to the Manas Air Base used by the US military and essential for supplying their forces in Afghanistan the economic arrangements necessary for sustaining the base both inside and outside Kyrgyzstan and the myriad of different actors involved in all this combined to overshadow points of friction to ensure stable continuance of the status quo Overall the book shows how broad geopolitical forces and complex local factors together have a huge impact on the formation of Kyrgyz foreign policy

The Kurds and US Foreign Policy Marianna Charountaki,2010-10-18 This book provides a detailed survey and analysis of US Kurdish relations and their interaction with domestic regional and global politics Using the Kurdish issue to explore the nature of the engagement between international powers and weaker non state entities the author analyses the existence of an interactive US relationship with the Kurds of Iraq Drawing on governmental archives and interviews with political figures both in Northern Iraq and the United States the author places the case study within a broader International Relations context The conceptual framework centres on the inter relations between actors both state and non state and structures of material and ideational kinds while the detailed survey and analysis of US Kurdish relations in their interaction with domestic regional and global politics forms the empirical core of the study Stressing the intertwining of domestic and foreign policy as part of the same set of dynamics the case study explains the emergence of the interactive and institutionalized US relationship with the Kurds of Iraq that has brought about the formation within an Iraqi framework of an undeclared US official Kurdish policy in the post Saddam era Filling a gap in the literature on US Kurdish relations as well as the broader topic of International Relations this book will be of great interest to those in the areas of International Relations Middle Eastern and Kurdish Politics

Qatar's Foreign Policy Marwan Kabalan,2024-11-14 This study offers an analysis of Qatar s foreign policy since its independence from Britain in 1971 Locked between two vying powers Iran and Saudi Arabia and lacking the traditional elements of influence in the regional and international state system such as land human capital and advanced industry Qatar nevertheless wields a disproportionately large amount of regional influence with an assertive foreign policy approach Here Marwan Kabalan highlights the strategies pursued by the ruling Qatari elite especially during the last two decades and delves into the methods Qatar has used to deal with the structural challenges to its foreign policy These strategies include financially leveraging its access to crucial resources such as natural gas and its manipulation of existing regional frictions The book also addresses Qatar s soft power influence positioning itself as an alternative cultural and intellectual hub in the Arab world enabling it to take a leading role particularly as a mediator in the region By highlighting Qatar s foreign policy strategies and outcomes Kabalan illustrates how the Qatari case challenges key

assumptions of international relations theory which assumes that wealthy small powers tend to pursue passive foreign policies and that structural forces minimize the role of ruling elites in foreign policymaking *The Role of the Highest Courts of the United States of America and South Africa, and the European Court of Justice in Foreign Affairs* Riaan Eksteen, 2019-06-22 This book deals with what the author considers a sorely neglected question namely the role of the judiciary in states foreign policy processes Eksteen argues that the impact of the judiciary on foreign affairs is understudied and that recognition of its role in foreign affairs is now due This makes it a ground breaking scholarly contribution that should first of all prove of value to students scholars researchers and practitioners in the two broad fields of politics and law for the wide scope of issues it covers and the very comprehensive reference lists it contains Secondly professionals working within politics including members of the legislatures of the United States the European Union and South Africa as well as members of the judiciaries there should find this book of benefit A detailed examination has been undertaken of the role of the United States Supreme Court the two high courts in South Africa namely the Constitutional Court and the Supreme Court of Appeal and the European Court of Justice of the European Union in foreign affairs The author substantiates the unmistakable fact that these Courts have become involved in and influence foreign affairs Furthermore that they have not shied away from using their judicial authority when dealing with cases touching on foreign affairs and especially presidential overreach The lack of recognition of the judiciary's role in foreign affairs is still noticeable in Foreign Policy Analysis FPA literature This book concludes that FPA has to accept and give proper recognition to the judiciary and its increasing relevance in foreign affairs Dr Riaan Eksteen is a Former South African Ambassador residing in Namibia from 1968 1973 he served at the South African Embassy in Washington D C between 1976 1994 he subsequently served as Ambassador and Head of Mission at the U N in New York 1976 81 in Namibia 1990 91 at the U N in Geneva 1992 94 and in Turkey with accreditation also to Azerbaijan Kyrgyzstan Turkmenistan and Uzbekistan 1995 97 He obtained his Ph D from the University of Johannesburg in October 2018 **Der brave Soldat Švejk im Nahen Osten** Klaudia Köhn, 2019-09-18 Klaudia Köhn untersucht welche Rolle die Tschechische Republik im Irak Konflikt 2003 spielte und erläutert was das Švejk'sche Rätsel ist Wenn einerseits eine ABC Waffen Abwehreinheit in Kuwait berflugrechte für US amerikanische B 52 Bomber und ein Feldlazarett im Sinai bewilligt wurden andererseits das tschechische Militär aber offiziell keine Truppen für die Kampfhandlungen bereitstellte Die Autorin zeigt auf mit welcher eindeutigen Uneindeutigkeit sich die tschechische Außenpolitik darstellt Welche Erklärungen gibt es für die taktisch kluge Sicherheits Strategie eines kleinen mittelosteuropäischen Landes um weder die EU noch die USA zu beschämen Eine Švejk'sche Außenpolitik **Iran's Foreign Policy** Masoud Kazemzadeh, 2020-11-25 This book analyzes both domestic and international factors that have influenced Iran's foreign policy since 1979 It looks not only at the perspectives of the ruling elite but also of civil society and opposition groups Furthermore it also analyzes the interactions among Iran's policies and those of regional and global powers Since the 1979 revolution Iran

s foreign policy has appeared both threatening and puzzling Some have described it as ideological whereby the regime has been attempting to export its Islamist rule to neighbouring countries and challenging the international order Others consider Iran s foreign policy to be primarily pragmatic concerned with survival of the regime and expanding its power not unlike other powers in the system This book attempts to go deeper than most conventional analyses It demystifies Iran s foreign policy by describing in great detail foreign policy decision making in Iran Iran is not a one man dictatorship Rather it is rule by an oligarchy of Shia fundamentalists The regime s ideology has not been cohesive nor has it remained consistent in the past 41 years nor all members of the ruling oligarchy have articulated an identical version of it The book describes foreign policies of various factions and their leading figures as well as analysing their evolutions since 1979 It explains how various intra elite configurations of power have influenced the regime s foreign policy regarding the nuclear weapons program and the relations with the United States Iran s Foreign Policy Elite Factionalism Ideology the Nuclear Weapons Program and the United States adds fresh and critical perspectives on scholarly and policy debates on Iran s foreign policy The chapters in this book were originally published in the following journals Comparative Strategy American Foreign Policy Interests and the Terrorism Law Report
