

# Gnosticism

**Gnosticism** (from Ancient Greek: γνῶστικός, romanized: *gnōstikós*, Koine Greek: [ɣnostiˈkos], 'having knowledge') is a collection of religious ideas and systems that coalesced in the late 1st century AD among Jewish and early Christian sects.<sup>[1]</sup> These various groups emphasized personal spiritual knowledge (*gnosis*) above the orthodox teachings, traditions, and authority of religious institutions. Gnostic cosmogony generally presents a distinction between a supreme, hidden God and a malevolent lesser divinity (sometimes associated with the *Yahweh* of the Old Testament)<sup>[2]</sup> who is responsible for creating the material universe.<sup>[3]</sup> Consequently, Gnostics considered material existence flawed or evil, and held the principal element of salvation to be direct knowledge of the hidden divinity, attained via mystical or esoteric insight. Many Gnostic texts deal not in concepts of sin and repentance, but with illusion and enlightenment.<sup>[3]</sup>

Gnostic writings flourished among certain Christian groups in the Mediterranean world around the second century, when the Fathers of the early Church denounced them as heresy.<sup>[4]</sup> Efforts to destroy these texts proved largely successful, resulting in the survival of very little writing by Gnostic theologians.<sup>[3]</sup> Nonetheless, early Gnostic teachers such as *Valentinus* saw their beliefs as aligned with Christianity. In the Gnostic Christian tradition, Christ is seen as a divine being which has taken human form in order to lead humanity back to recognition of its own divine nature. However, Gnosticism is not a single standardized system, and the emphasis on direct experience allows for a wide variety of teachings, including distinct currents such as *Valentinianism* and *Sethianism*. In the Persian Empire, Gnostic ideas spread as far as China via the related movement *Manichaeism*, while *Mandaeism*, which is one of the only two surviving Gnostic religions from antiquity, is found in Iraq, Iran and diaspora communities.<sup>[5]</sup> *Jorunn Buckley* posits that the early *Mandaeans* may have been among the first to formulate what would go on to become Gnosticism within the early Jesus movement.<sup>[6]: 109</sup>

For centuries, most scholarly knowledge about Gnosticism was limited to the anti-heretical writings of orthodox Christian figures such as *Irenaeus of Lyons* and *Hippolytus of Rome*. There was a renewed interest in Gnosticism after the 1945 discovery of Egypt's *Nag Hammadi library*, a collection of rare early Christian and Gnostic texts, including the *Gospel of Thomas* and the *Apocryphon of John*. *Elaine Pagels* has noted the influence of sources from *Hellenistic Judaism*, *Zoroastrianism*, and *Platonism* on the *Nag Hammadi texts*.<sup>[3]</sup> Since the 1990s, the category of Gnosticism has come under increasing scrutiny from scholars. One such issue is whether Gnosticism ought to be considered one form of *early Christianity*, an interreligious phenomenon, or an

Page from the *Gospel of Judas*

Mandaean Beth Manda (Mashkhanna) in Nasiriyah, southern Iraq in 2016; place of worship for one of the only surviving Gnostic religions from antiquity.

## **What Is Gnosticism Pdf Download Now:**

Engaging Politics in Myanmar Aung Htoo, 2020-03-31 Violence is not just physical like everything in life it bears spiritual implications Thus nonviolence offers more than just a method for resisting oppression It offers a spiritual revolution a way of seeking life to cultivate the reality of God s kingdom in a world where the myth of redemptive violence is rampant In this book Dr Aung Htoo places Walter Wink s political theology in conversation with both Aung San Suu Kyi and the work of Martin Luther King Jr Locating this dialogue against the political backdrop of Myanmar s history Htoo explores the theological and political implications of nonviolence in the cultural context of the country s people groups He draws on the shared Buddhist and Christian foundation of commitment to loving kindness to suggest a new political reality for Myanmar one in which its citizens work together for the transformation of their shared homeland Ultimately Htoo challenges Christians to dethrone the spirit of domination and bear witness to the holistic gospel in every aspect of their lives This is an excellent resource for anyone interested in theology peace studies or the intersection between faith and politics

**The Principles of Equity & Trusts** Graham Virgo, 2020 The Principles of Equity and Trusts brings an engaging contextual approach to the subject Graham Virgo overcomes the complex issues in the study of trusts and equity with unparalleled clarity offering a rigorous and insightful commentary on the law and its contemporary contexts

The Status of Religion and the Public Benefit in Charity Law Barry W. Bussey, 2020-02-29 The Status of Religion and the Public Benefit in Charity Law is an apologetic for maintaining the presumption of public benefit for the charitable category advancement of religion in democratic countries within the English common law tradition In response to growing academic and political pressure to reform charity law including recurring calls to remove tax exemptions granted to religious charities the scholars in this volume analyse the implications of legislative and legal developments in Canada the UK Australia New Zealand and South Africa In the process they also confront more fundamental sociological or philosophical questions on the very nature and role of religion in a secular society that would deny any space for religious communities outside their houses of worship In other words this book is concerned with the place of religion and religious institutions in contemporary society It represents a series of concerns about the proper role of the state in relation to the differing beliefs of citizens some of which will quite rightly manifest in actions to benefit the wider society This debate then naturally engages with broader issues related to secularism civic engagement and liberal democratic freedoms

**Sweaty, Sore, Sometimes Hungry** Marvin Gilbert, 2019-01-25 Eating only when truly hungry rather than when the clock dictates frees us to pursue authentic living We can push back true hunger for hours by exercise that strengthens muscles and improves cardiovascular fitness This book without being autobiographical describes the author s ongoing physical and spiritual transformation which began at age sixty three The sincere pursuit of Christ must include physical and spiritual self discipline and the willingness to embrace suffering including fasting Sweaty Sore Sometimes Hungry challenges readers to get off of the couch purchase the gym membership

and training shoes and love God authentically as whole faithful stewards of the bodies he entrusted to their care Obesity and other lifestyle diseases are not acceptable options for the children of God for those sincerely desiring to live to the praise of his glory Eph 1 12

The Self-Donation of God Jack D. Kilcrease,2013-03-20 In The Self Donation of God Jack Kilcrease argues that the speech act of promise is always an act of self donation A person who unilaterally promises to another is bound to take a particular series of actions to fulfill that promise Being that creation is grounded in God s promising speech the divine human relationship is fundamentally one of divine self donation and human receptivity Sin disrupts this relationship and therefore redemption is constituted by a reassertion of divine promise of salvation in the face of the condemnation of the law Gen 3 15 As a new and effective word of grace the promise of a savior begins the process of redemption within which God speaks forth a new narrative of creation In this new narrative God gives himself in an even deeper manner to humanity By donating himself through a promise first to the protological humanity and then to Israel he binds himself to them At the end of this history of self binding God in Christ enters into the condemnation of the law neutralizes it in the cross and brings about a new creation through his omnipotent word of promise actualized in the resurrection

Concealment and Revelation Moshe Halbertal,2009-01-10 During the twelfth and thirteenth centuries great new trends of Jewish thought emerged whose widely varied representatives Kabbalists philosophers and astrologers each claimed that their particular understanding revealed the actual secret of the Torah They presented their own readings in a coded fashion that has come to be regarded by many as the very essence of esotericism Concealment and Revelation takes us on a fascinating journey to the depths of the esoteric imagination Carefully tracing the rise of esotericism and its function in medieval Jewish thought Moshe Halbertal s richly detailed historical and cultural analysis gradually builds conceptual philosophical force to culminate in a masterful phenomenological taxonomy of esotericism and its paradoxes Among the questions addressed What are the internal justifications that esoteric traditions provide for their own existence especially in the Jewish world in which the spread of knowledge was of great importance How do esoteric teachings coexist with the revealed tradition and what is the relationship between the various esoteric teachings that compete with that revealed tradition Halbertal concludes that through the medium of the concealed Jewish thinkers integrated into the heart of the Jewish tradition diverse cultural influences such as Aristotelianism Neoplatonism and Hermeticisms And the creation of an added concealed layer unregulated and open ended became the source of the most daring and radical interpretations of the tradition

The Soul of Theological Anthropology Joshua R. Farris,2016-11-25 Recent research in the philosophy of religion anthropology and philosophy of mind has prompted the need for a more integrated comprehensive and systematic theology of human nature This project constructively develops a theological accounting of human persons by drawing from a Cartesian as a term of art model of anthropology which is motivated by a long tradition As was common among patristics medievals and Reformed Scholastics Farris draws from philosophical resources to articulate Christian doctrine as he approaches theological

anthropology Exploring a substance dualism model the author highlights relevant theological texts and passages of Scripture arguing that this model accounts for doctrinal essentials concerning theological anthropology While Farris is not explicitly interested in thorough critique of materialist ontology he notes some of the significant problems associated with it Rather the present project is an attempt to revitalize the resources found in Cartesianism by responding to some common worries associated with it

*The Wisdom of Our Ancestors* Graham James McAleer, Alexander S. Rosenthal-Pubul, 2023-12-01 In *The Wisdom of Our Ancestors* the authors mount a powerful defense of Western civilization sketching a fresh vision of conservatism in the present age In this book Graham McAleer and Alexander Rosenthal Pubul offer a renewed vision of conservatism for the twenty first century Taking their inspiration from the late Roger Scruton the authors begin with a simple question What after all is the meaning of conservatism In reply they make a case for a political orientation that they call conservative humanism which threads a middle way between liberal universalism and its ideological alternatives This vision of conservatism is rooted in the humanist tradition that is classical humanism Christian humanism and secular humanism which the authors take to be the hallmark of Western civilizational identity At its core conservative humanism attempts to reconcile universal moral values rooted in natural law with local particularist loyalties In articulating this position the authors show that the West contra various contemporary critics does in fact have a great deal of wisdom to offer The authors begin with an overview of the conservative thought world situating their proposal relative to two major poles liberalism and nationalism They move on to show that conservatism must fundamentally take the form of a defense of humanism the master idea of our civilization The ensuing chapters articulate various aspects of conservative humanism including its metaphysical institutional legal philosophical and economic dimensions Largely rooted in the Anglo Continental conservative tradition the work offers fresh perspectives for North American conservatism

*Gnosticism and the New Testament* PHEME PERKINS, 1993 The gnostic writings found at Nag Hammadi have stimulated much controversy about the relationship between early Christians and the diverse religious movement of the first three centuries Perkins fills the New Testament student's need for a guide to recent developments in scholarship with a helpful survey that addresses the origins of Gnosticism its relationship to Judaism Redeemer myths and New Testament hymns and other relevant topics

**The Gnostic Scriptures** Joseph Lumpkin, 2006-01-01 To understand some of the basic beliefs of Gnosticism let us start with the common ground shared between Gnosticism and modern Christianity Both believe the world is imperfect corrupt and brutal The blame for this according to mainstream Christianity is placed squarely on the shoulders of man himself With the fall of man Adam the world was forever changed to the undesirable and harmful place in which we live today However Gnostics reject this view as an incorrect interpretation of the creation myth According to Gnostics the blame is not in ourselves but in our creator The creator of this world was himself somewhat less than perfect and in fact deeply flawed and cruel making mankind the children of a lesser God The parallel between Sophia and Mary Magdalene in Gnostic theology cannot be overstated Sophia was the handmaiden of the Supreme God carrying the life force which was the emanation of God She carried the truth within her which she offered to Adam The truth was offered up to set him free Mary was the consort of Jesus carrying the imparted knowledge and possibly his life force in the form of a child She revealed to the apostles the truth Jesus personally and intimately gave to her alone We will see this stated clearly in *The Gospel of Mary Magdalene* later in this book

*The Gnostic Bible* Willis Barnstone, Marvin W. Meyer, 2006 The most comprehensive collection of gnostic literature ever published this volume is the result of a unique collaboration between a renowned poet translator and a leading scholar of early Christian texts

*Gnosis* Kurt Rudolph, 2001-06-20 Translated by R McL Wilson A full scale study based on the documents of the Coptic Gnostic library found at Nag Hammadi providing a comprehensive survey of the nature the teachings the history and the influence of this religion

*The Gnostics* David Brakke, 2012-09-03 Who were the Gnostics And how did the Gnostic movement influence the development of Christianity in antiquity Is it true that the Church rejected Gnosticism This book offers an illuminating discussion of recent scholarly debates over the concept of Gnosticism and the nature of early Christian diversity Acknowledging that the category Gnosticism is flawed and must be reformed David Brakke argues for a more careful approach to gathering evidence for the ancient Christian movement known as the Gnostic school of thought He shows how Gnostic myth and ritual addressed basic human concerns about alienation and meaning offered a message of salvation in Jesus and provided a way for people to regain knowledge of God the ultimate

source of their being Rather than depicting the Gnostics as heretics or as the losers in the fight to define Christianity Brakke argues that the Gnostics participated in an ongoing reinvention of Christianity in which other Christians not only rejected their ideas but also adapted and transformed them This book will challenge scholars to think in new ways but it also provides an accessible introduction to the Gnostics and their fellow early Christians

**Studies in the New Testament and Gnosticism** George W. MacRae, 1987 **Gnosticism: The History and Legacy of the Mysterious Ancient Religion** Charles River Editors, 2019-03-18 Includes pictures Includes ancient accounts Includes online resources and a bibliography for further reading This knowledge is not something that can be put into words like other sciences but after long continued intercourse between teacher and pupil in joint pursuit of the subject suddenly like light flashing forth when a fire is kindled it is born in the soul and straightway nourishes itself Plato Gnosticism is one of the great mysteries in the history of Western religion At its core is an ancient Greek word *gnosis* a word prominent in the writings of Plato which refers to a deep personal knowledge or understanding that often transcends the physical world The Gnostics painted a picture of a fallen broken world in which physicality was a product of a lesser deity This deity was created in defiance of the One and in order to trap humans and blind them to the truths of their predicament and divine origins By acquiring insight or *gnosis* in this secret nature of the world humans might escape their prison Only through knowledge can people be set free As that makes clear Gnosticism as a belief system is difficult to define since it is not a well organized or uniform doctrine like Christianity or Judaism but at one time there was some synchronization with Christianity that nurtured both movements As a religion and philosophy Gnosticism flourished alongside Christianity and it is not easy to say which one came first but it is certain that both movements influenced each other To paraphrase John Dominic Crossan it is unclear whether Gnosticism was a Christian heresy a Jewish heresy or an original religion that powerfully merged with both Gnosticism borrowed elements from Christians just as the whole of Christianity took a certain Gnostic flavor to the point that some books of the New Testament especially the Gospel of John could easily pass as a proto Gnostic document At the risk of oversimplifying Gnosticism was the belief that the souls are divine sparks imprisoned in imperfect physical bodies due to the machinations of a lesser and evil god who created the world This evil god is identified with the creator of the Genesis and the Hebrew Bible The material world and the body are prisons separated from the divine realm from which humans must escape through the ascent of various levels This is possible through the acquisition of secret knowledge reserved for the elect This special revelation or *gnosis* knowledge was supposedly disclosed by Jesus to his dearest disciples and it can be found in the Gnostic books deliberately written in cryptic language The acquisition of the secrets necessary for the salvation of the soul in many cases implied a radical asceticism and corporal sacrifice Due to such classical roots it would be easy to conclude that Gnosticism is an ancient philosophy and a cursory glance might categorize it as simply a way of understanding the world and promoting investigation However the term is most often used to describe not a philosophy but a religion and not just any religion but a

branch of one of the most resilient and influential traditions in history Christianity So what exactly is Gnosticism and why does it remain such a source of confusion captivation and charisma for modern scholarship and culture alike These answers are complex and indicative of how the many turnings of the last two millennia have unexpectedly unearthed some answers while burying others even deeper Gnosticism The History and Legacy of the Mysterious Ancient Religion looks at the different origins that shaped Gnosticism what Gnostics believed and practiced and the influence they had on other religions Along with pictures depicting important people places and events you will learn about Gnosticism like never before *Pistis Sophia*, 2003 Early Christian mystical groups were called Gnostics meaning those who know because of their spiritual knowledge Their teachers were persecuted and most documents destroyed because the Church desired a uniform set of beliefs to operate under Pistis Sophis was the most important Gnostic work until the discovery and publication of The Nag Hammadi Library It remains an important milestone in Gnostic research and should be part of any serious study It is the story of how we as spiritual beings have fallen into the physical world The soul is asleep unaware of its true nature but the purpose of this gospel is to help awaken us **The Gnostic Religion** Hans Jonas, 1958 *Gnosticism: A Note on the Philosophical School* Pons Malleus, 2025-07-10 In an age flooded with information and noise where the material and measurable often overshadow the inner and ineffable a rediscovery of Gnosticism offers a strikingly modern relevance This book is an invitation to journey into a philosophical worldview that defied the orthodoxies of its time and perhaps still defies those of our own Gnosticism often misunderstood or dismissed as a heretical fragment of early Christian history is far more than a set of outlawed scriptures or esoteric rituals It is a mode of thought a way of being and a profound challenge to the prevailing paradigms of existence knowledge and salvation At its heart Gnosticism confronts a perennial human condition the deep sense that the world as we experience it is somehow not as it should be that we are exiles in a cosmos that conceals more than it reveals Gnostics dared to name this unease to mythologize it and to systematize it into a metaphysical framework that combined ancient mythology Platonic philosophy and radical introspection For the Gnostics the material world was not merely flawed but fundamentally alien a creation of lesser powers a prison of the soul Salvation they claimed comes not from belief or obedience but through gnosis direct transformative knowledge of the divine spark within This book does not aim to romanticize Gnosticism nor to reduce it to a single unified doctrine It is neither a defense of Gnosticism nor an attack on its critics Rather it is an attempt to understand it as a living breathing philosophical tradition complex diverse and internally contested The reader will encounter the major themes of Gnostic thought the demiurge and the pleroma the fall of Sophia the cosmic drama of entrapment and awakening and the radical anthropology that sees the human being not as a sinner to be redeemed but as a divine fragment to be remembered We will examine Gnosticism in its historical context arising in the melting pot of Hellenistic religious ferment drawing from Jewish mysticism Persian dualism and Greek metaphysics We will explore the writings of key Gnostic texts from the Apocryphon of John to the Gospel of Thomas and

consider the philosophical implications of their often cryptic and poetic insights At the same time we will trace the influence of Gnostic ideas through the centuries in the mystics of medieval Europe the dissenting sects of the Renaissance and even in modern existential and psychological thought Why does Gnosticism endure Perhaps because it speaks to a timeless intuition that the path to truth lies not in submission to external authority but in awakening to something buried within In a world increasingly dominated by systems that reduce human beings to data points and citizens to consumers the Gnostic refusal to accept appearances at face value is not just subversive it is necessary I invite you to suspend your assumptions to read not only with your intellect but with your inner ear Gnosticism may not offer clear answers but it poses questions that remain uncannily alive It calls us to remember to seek and above all to know

Right here, we have countless ebook **What Is Gnosticism Pdf Download Now** and collections to check out. We additionally have the funds for variant types and next type of the books to browse. The pleasing book, fiction, history, novel, scientific research, as well as various additional sorts of books are readily user-friendly here.
