*Optimal Positive Thinking Secrets* Raymond Wayne, 2019-09-25 Discover How Optimal Positive Thinking Secrets Will Lead to Success When you hear the idea that a positive mindset always leads to success it is very close to the truth but not 100% There are a few exceptions to that rule One such exception is the person who has a very positive mindset towards their business goals only They will achieve some success but not as much as the well rounded person who understands that a positive mindset is a multi faceted concept The higher number of success stories actually belongs to the people who are thinking positively about all the areas of their lives Those people tend to reach all the goals they set out whereas the single minded person who is bent only on the business will have greater difficulty reaching the goals they have laid out for themselves Build up your self esteem the ability to be optimistic and have gratitude for everything in your daily life As you do this your personal goals will become beacons of positivity Those who focus on business goals only tend to be negative thinkers in many areas Their self esteem is not where it should be As a result they frame their questions about themselves in a negative light and try to survive business and personal situations They ask themselves questions such as how can I survive this or what short cut can I use and I don't care if I step on others' toes Powerful positive minded people do not think in

pessimistic terms of how will I get through this Instead they are optimistic and tell themselves that road is very rough yet I will find a way to smooth it out and complete my journey They make sure that the people affected along with the way with the decisions that they make are not hurt It is important to the positive aspect of their mind to find a solution that not only works but does not cause misery to others Optimistic people are successful people because they have been in tough situations many times and found not only ways to win but to set up future wins with ease They know from past experience that they have the mental fortitude to conquer issues Optimistic people know there are steps to take and when a road block is thrown up they will simply climb over it      *The New You* Nelson Searcy, Jennifer Dykes Henson, 2019-01-01 How many of us are living up to our full God given potential What s holding us back and how can we overcome it These are the questions Nelson Searcy and Jennifer Dykes Henson want us to ask and answer with the help of *The New You* With energy and enthusiasm the authors take a holistic view of health that encompasses the physical spiritual emotional and mental areas of our lives giving us proven systematic ways to dramatically improve each Readers come away with specific strategies to lose weight get more sleep lower stress nurture better relationships connect with God and much more Anyone who wants to trade in the frustration of average living and less than health for the hallmarks of the new life God promises will find *The New You* an effective personal guide for the journey People are looking for the big miracle or the one secret solution or the one answer to solve all their problems This exciting book focuses on small steps many small steps to transform your life Elmer L Towns cofounder and vice president Liberty University Are you tired worn down discouraged and longing for a vibrant life a new you Then this book is the prescription you need Nelson Searcy and Jennifer Dykes Henson have compiled a simple yet comprehensive list of biblical principles anchored in scientific fact that when applied energizes the tired rejuvenates the worn down and invigorates the discouraged Because of God s design for life if you do what this book teaches you cannot avoid a healthier and happier life Timothy R Jennings MD DFAPA psychiatrist and author of *The Aging Brain* and *The God Shaped Brain* *The New You* is like a handbook for life The content is clear concise and compelling And Nelson and Jennifer write in a style that is straightforward biblical and highly practical Your life will be better if you read and do what this book says Lance Witt founder Replenish Ministries Having no vision for your life should be alarming However having a big vision with no plan is senseless This book will help you cultivate both I love what Nelson and Jennifer have done because they ve made complicated concepts incredibly approachable You re going to want to keep this book near you for the rest of your life Clay Scroggins lead pastor North Point Community Church *The New You* proves a timely book as Christians are recognizing in increasing number the call to offer our bodies as living sacrifices Rom 12 1 Matthew C Easter assistant professor of Bible Missouri Baptist University The best book in a long time about how to balance spiritual and physical health Searcy and Henson give an easy to follow plan for improving health while growing your spiritual life Keep this book on your nightstand in your car or in your bag to consult it often and learn how physical health and spiritual growth were intended to work together
