hundreds of compositions and arrangements for his musical partner and without whom the sound of Ellington's orchestra would have been very different. Now in Walter van de Leur's provocative new book *Something To Live For*, Billy Strayhorn steps out from Ellington's shadow and into the spotlight. Van de Leur argues that far from being merely a follower of Ellington or his alter ego, Strayhorn brought a radically new and visionary way of writing to the Ellington orchestra. Making extensive use for the first time of over 3 000 autograph scores, Van de Leur separates Strayhorn from Ellington, establishes who wrote what, and clearly distinguishes between their distinctive musical styles. Both Strayhorn's and Ellington's oeuvres, writes Van de Leur, though historically intertwined nevertheless form coherent separate musical entities, especially in terms of harmonic, melodic, and structural design. Indeed, *Something to Live For* allows us to see the characteristic features of Strayhorn's compositions and arrangements, his musical fingerprints, and to analyze and evaluate his music on its own terms. The book also makes clear that Strayhorn's contribution to the band was much larger and more original than has been previously acknowledged. Based on a decade of research and offering detailed analyses of over 70 musical examples, *Something to Live For* casts new light and will surely arouse intense debate on two of the most important composers in the history of jazz.

An astonishing book, don't miss it! The Boston Globe. On a rainy night in postwar Berlin, British journalist John Terrant encounters Ellen Content, a young civilian typist in the American Army's office of information. Their romance quickly blossoms, but as soon as Terrant realizes that Content is a spy, she abruptly vanishes into the divided city's treacherous maze of ruined streets. Terrant's anguished inquiries receive only bland assurances from the authorities that Content will contact him when her job is finished. Two years later, Terrant's compulsively close reading of newspapers uncovers his first clue since Content's disappearance: her name appears in a list of passengers recently embarked on an ocean liner headed from London to New York. Within a few hours, the reporter is headed for the United States despite dire warnings from the CIA and Scotland Yard to desist in his pursuit. After long months of inactivity, suddenly every minute counts as Terrant races to solve the mystery, find his lover, and avoid becoming the latest victim in a string of killings. Definitely exciting. The Observer.
