## **Fundamentals Of Corporate Finance 8th Edition Mcgraw Hill:**

Fundamentals of Corporate Finance Stephen A. Ross, Randolph Westerfield, Bradford D. Jordan, 2008 The best selling Fundamentals of Corporate Finance FCF is written with one strongly held principle that corporate finance should be developed and taught in terms of a few integrated powerful ideas As such there are three basic themes that are the central focus of the book 1 An emphasis on intuition underlying ideas are discussed in general terms and then by way of examples that illustrate in more concrete terms how a financial manager might proceed in a given situation 2 A unified valuation approach net present value NPV is treated as the basic concept underlying corporate finance Every subject covered is firmly rooted in valuation and care is taken to explain how particular decisions have valuation effects 3 A managerial focus the authors emphasize the role of the financial manager as decision maker and they stress the need for managerial input and judgment The Eighth Edition continues the tradition of excellence that has earned Fundamentals of Corporate Finance its status as market leader Every chapter has been updated to provide the most current examples that reflect corporate finance in today's world The supplements package has also been updated and improved From a new computerized test bank that is easier than ever to use to new narrated PowerPoint for students to new interactive learning modules student and instructor support has never been stronger There is also an optional exciting new web based program called McGraw Hill's Homework Manager that will help your students learn corporate finance by duplicating problems from each chapter in the textbook and by providing automatic grading and feedback to both students and instructors
