Gender Politics In The Western Balkans Women And Society In Yugoslavia And The Yugoslav Successor States Post Communist Cultural Studies

Ted Gottfried

Gender Politics In The Western Balkans Women And Society In Yugoslavia And The Yugoslav Successor States Post Communist Cultural Studies:

Gender Politics in the Western Balkans Sabrina P. Ramet, 2010-11-01 The first book in English to discuss the politics of gender relations in both socialist Yugoslavia and its post socialist successor states *Women and Gender in Central and Eastern Europe, Russia, and Eurasia* Mary Zirin, Irina Livezeanu, Christine D. Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes **International Bibliography of Political Science** Compiled by the British Library of Political and Economic Science, 2000-02 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences *Gender, Nation and Women Politicians in Serbia and Kosovo* Gordana Subotić, 2022-03-30 This book examines the ways women politicians in Serbia and Kosovo have imagined constructed and politicised national identity and gender while engaging with politics in the context of the democratisation process The first book to focus on the work of women inside political structures it draws on participant observation and interview material to answer the question of how women in positions of power and influence deal with their national identity and gender in societies deeply divided along ethnic lines Based on close studies of the work of a small number of women from different ethnic backgrounds the author offers comparative analyses of the ways in which women politicians of different ethnicities respond to similar events in their everyday work An original political ethnography that considers engagement of women in formal politics this volume will appeal to scholars across the social sciences with interests in political structures and political participation particularly as these relate to questions of gender nation and ethnicity **Aspasia** Krassimira Daskalova, 2008-09 Aspasia is an international peer reviewed yearbook that brings out the best scholarship in the field of interdisciplinary women s and gender history focused on and produced in Central Eastern and Southeastern Europe In this region the field of women s and gender history has developed unevenly and has remained only marginally represented in the international canon Looking West? Hilary Pilkington, 2002 Russian youth culture has been a subject of great interest to researchers since 1991 but most studies to date have failed to consider the global context Looking West engages theories of

cultural globalization to chart how post Soviet Russia's opening up to the West has been reflected in the cultural practices of its young people. Visitors to Russia's cities often interpret the presence of designer clothes shops, Internet cafés and a vibrant club scene as evidence of the Westernization of Russian youth. As *Looking West* shows, however, the younger generation has adopted a pick and mix strategy with regard to Western cultural commodities that reflects a receptiveness to the global alongside a precious guarding of the local. The authors show us how young people perceive Russia to be positioned in current global flows of cultural exchange, what their sense of Russia's place in the new global order is, and how they manage to live with the West on a daily basis. *Looking West* represents an important landmark in Russian-Western collaborative research. Hilary Pilkington and Elena Omelchenko have been at the heart of an eight-year collaboration between the University of Birmingham, UK, and Uliyanovsk State University, Russia. This book was written by Pilkington and Omelchenko with the team of researchers on the project Moya Flynn, Uliana Bliudina and Elena Starkova. **Russia's Liberal Project** Marcia A.

Weigle, 2010-11-01. A study of contemporary politics in Russia assessing the attempted transition from totalitarianism to liberal democracy. It shows that although liberal institutions have been tentatively established, the weak social and cultural supports threaten the success of Russia's liberal project. LGBT Activism and Europeanisation in the Post-Yugoslav Space

Bojan Bilić, 2016-06-30. Europe and the European Union are unavoidable if ambiguous political references in the post-Yugoslav space. This volume interrogates the forms and implications of the increasingly potent symbolic nexus that has developed between non-heterosexual sexualities, LGBT activism, and Europeanisation in all of the Yugoslav successor states. Contributors to this book show how the long EU accession process disseminates discursive tools employed in LGBT activist struggles for human rights and equality. This creates a linkage between Europeaness and gay emancipation which elevates certain forms of gay activist engagement and perhaps also non-heterosexuality more generally to a measure of democracy, progress and modernity. At the same time, it relegates practices of intolerance to the LGBT community to the status of non-European primitivist Other who is inevitably positioned in the patriarchal past that should be left behind.

Radical Right in Central and Eastern Europe Since 1989 Sabrina P. Ramet, 2010-11-01. An exploration and survey of the activities of right-wing extremist parties in the region stretching from Germany to Russia. It seeks to show that radical right activities can have pernicious effects even if right-wing extremists do not themselves succeed in obtaining seats in government. *Revolt of the Filmmakers* George Faraday, 2010-11-01.

One of the many unforeseen consequences of the fall of the Soviet Union has been the sudden collapse of the domestic film industry, probably the most privileged mass cultural medium of the Soviet Union. By the mid-1980s, some 150 feature films were produced annually for audiences numbering nearly four billion per year. Since 1991, however, cinema attendance has plummeted by a factor of at least one hundred, and the remnants of the once huge audiences now watch an overwhelming number of imported, mostly American films. *Revolt of the Filmmakers* is the first account of Russia's film industry since this disastrous decline. According to Faraday, who was film

correspondent for The Moscow Times during the mid 1990s the turning point came during the years of perestroika when Russian filmmakers achieved an unprecedented degree of freedom from managerial control They immediately used their newfound liberty to dismantle the industry's central administrative structures in the name of artistic autonomy Filmmakers were at last free to follow their own aesthetic criteria and many began to orient their work entirely toward critical acclaim at festivals But the unintended result of this revolution in the name of art was the alienation of the mass Russian audience Today some filmmakers are attempting to regain a mass audience by celebrating and mythologizing national cultural identity but the Russian film industry has never fully recovered from the revolt of the filmmakers For this book Faraday has interviewed Russian filmgoers critics directors and other industry insiders Among those directors whose work he considers are Alexei Balabanov The Castle Nikita Mikhalkov Burnt by the Sun Karen Shakhnazarov American Daughter Pyotr Todorovsky Moscow Country Nights and Marina Tsursumia Only Death Comes for Sure He also draws upon documentary evidence including the Russian press and the diaries of Andrei Tarkovsky The Sacrifice Solaris Few predicted that the loosening of state ideological and institutional controls would threaten the survival of Russia's once mighty film industry Even today Lenin's often quoted if apocryphal declaration that cinema is the most important of all the arts remains emblazoned over the gateway to Mosfilm studios but its relevance is in doubt at the start of a new millennium

Textbook Reds John Rodden, 2010-11-01 *Textbook Reds* is a work in the sociology of education and literary sociology and history Rodden shows that the deepest roots of German Democratic Republic society were indeed located in the institution that molded the youth of its citizens

Staging Socialist Femininity Ana Hofman, 2010-11-05 Ana Hofman examines the negotiation of the gender performances in Serbian rural areas as a result of the socialist gender policy and creation of the new femininity in the public sphere She focuses on the stage performances of female amateur groups at the Village Gatherings state sponsored events held from the 1970s through the mid 1990s in the southeastern Serbian region of Ni ko Polje Offering a multifaceted picture of the personal experiences of the socialist ideology of gender equality *Staging Socialist Femininity* investigates the complex relationships between personal interpersonal and political levels in socialism By showing the interplay between ideology representational and social practices in the realm of musical performance it challenges the strong division in scholarly narratives between ideology and practice in socialist societies

Imagining the Nation Daina Stukuls Eglitis, 2004-12-15 Every epoch produces its own notions of social change and the post Communist societies of Eastern Europe are no exception *Imagining the Nation* explores the fate of contemporary Latvia a small country with a big story that is relevant for anyone wishing to better understand the nature of post Communist transitions As Latvia and other former Soviet bloc countries seek to rebuild and transform their societies what is the central dynamic at work In *Imagining the Nation* Daina Stukuls Eglitis finds that in virtually all aspects of life the guiding sentiment among Latvians has been a desire for normality in the wake of the deformations that marked the half century of Soviet rule In seeking to return to

normality many people look to the West for models others look back in time to the period of Latvian independence from 1918 to 1940 before the years of Soviet domination Ultimately the changes in Latvia and other Eastern European countries are closely tied to a vital reimagining of the past as the logic of progress long associated with revolution is amalgamated with nostalgia for what is gone The radiant utopias of revolution give way to widely shared aspirations for a return to the normal in politics place names private property and even gender relations Eglitis draws upon published and unpublished documents campaign posters maps and monuments as well as interviews with Latvians from all walks of life The resulting picture of life in contemporary Latvia offers fresh perspective on a dilemma facing millions throughout the post Communist world

Burden of Dreams Catherine Wanner,2010-11-01 Focusing on schools festivals commemorative ceremonies and monuments Catherine Wanner shows how Soviet created narratives have been recast to reflect a post Soviet Ukrainocentric perspective In the process we see how new histories are understood and acted upon This reveals regional cleavages and the resilience of cultural differences produced by the Soviet regime For some people the system they criticized yesterday is the one they long for today

Up from the Underground Anna Szemere,2010-11-01 **Fragmented Identities** Denise Roman,2007-01-01 Combining sharp observation a native s ease in the city and talent as a storyteller Denise Roman spiritedly presents the myriad details and the diverging cultural strands of life in postcommunist Bucharest Roman focuses on identity formation and identity politics among youth Jews women and queers [The Denial of Bosnia](#) Ruzmir Mahmutćehajić,2000 Mahmutcehaji c former vice president of the Bosnia Herzegovina government first prepared this text as a lecture to be given at Stanford University in 1997 but he was unexpectedly denied a visa to enter the United States The book is an indictment of the partition of Bosnia and a plea for Bosnia s communities to reject ethnic segregation and restore mutual trust He argues that different religious and ethnic cultures have co existed in Bosnia for centuries and that the partitioning was made possible by Western complicity with Serbian and Croatian nationalists Annotation copyrighted by Book News Inc Portland OR *Women and Industry in the Balkans* Chiara Bonfiglioli,2019-09-19 Women s emancipation through productive labour was a key tenet of socialist politics in post World War II Yugoslavia Mass industrialisation under Tito led many young women to join traditionally feminised sectors and as a consequence the textile sector grew rapidly fast becoming a gendered symbol of industrialisation consumption and socialist modernity By the 1980s Yugoslavia was one of the world s leading producers of textiles and garments The break up of Yugoslavia in 1991 however resulted in factory closures bankruptcy and layoffs forcing thousands of garment industry workers into precarious and often exploitative private sector jobs Drawing on more than 60 oral history interviews with former and current garment workers as well as workplace periodicals and contemporary press material collected across Croatia Macedonia Serbia Bosnia Herzegovina and Slovenia *Women and Industry in the Balkans* charts the rise and fall of the Yugoslav textile sector as well as the implications of this post socialist transition for the first time In the process the book explores broader questions about memories of socialism

lingering feelings of attachment to the socialist welfare system and the complexity of the post socialist era This is important reading for all scholars working on the history and politics of Yugoslavia and the Balkans oral history memory studies and gender studies Slovenia Ted Gottfried,2005 Explores the geography history government economy people and culture of Slovenia Culture of Power in Serbia Eric D. Gordy,2010-11-01
