Foundations Of Financial Management By Block 10th Edition:

Foundations of Airline Finance Bijan Vasigh, Zane C. Rowe, 2019-07-02 There are few industries that have had a more profound impact on business and society over the last century than aviation. This book is an accessible up to date introduction to the current state of the aviation industry which provides readers with the tools necessary to understand the volatile and often complicated nature of airline finance. Understanding finance is critical in any industry; however, the financial track record of the airline industry places even more importance on effective financial management. Foundations of Airline Finance provides an introduction to the basics of finance including time value of money, the valuation of assets and revenue management and the particular intricacies of airline finance where there can be wild fluctuations in both revenues and costs. The third edition of this text has been extensively updated to reflect the many changes in the air transport industry that have taken place since the publication of the second edition and features an expanded chapter on aircraft leasing and many new international case examples. This thorough introduction to aviation finance is valuable reading as a general introductory financial text or as reading in specialized airline finance classes.

Zvi Bodie, Alex Kane, Alan Marcus, 2013-01-16 Introducing Essentials of Investments 9th Global Edition by Zvi Bodie, Alex Kane and Alan J. Marcus. We are pleased to present this Global Edition which has been developed specifically to meet the needs of international investment students. A market leader in the field, this text emphasizes asset allocation while presenting the practical applications of investment theory without unnecessary mathematical detail. The ninth edition includes new coverage on the roots and fallout from the recent financial crisis and provides increased content on the changes in market structure and trading technology. Enhancements to this new Global Edition include New On the Market front boxes highlighting important investment concepts in real world situations across the globe to promote student thinking without taking a full case study approach. Topics include short selling in Europe, Asia, credit default swaps and the debt crisis in Greece and include examples from Commerzbank, JP Morgan, Facebook, Coca Cola, Santander, The European Energy Exchange plus many more. Revised worked examples illustrate problems using both real and fictional scenarios from across the world to help students develop their problem solving skills. Regional examples include Hutchinson Whampoa, Asia, The Emirates Group, The Middle East and KLM Royal Dutch Airlines, The Netherlands. Revised end of chapter material includes brand new global questions and global internet exercises that feature currencies, companies and scenarios from Europe, Middle East, Africa and Asia to increase engagement for international students. Global Edition of Connect Plus Finance, McGraw Hill's web based assignment and assessment platform with eBook access helps students learn faster, study more efficiently and retain more knowledge. This Global Edition has been adapted to meet the needs of courses outside of the United States and does not align
