best novels published since 1923 Yet Blood Meridian s complexity as well as its sheer bloodiness makes it difficult for some readers To guide all its readers and help them appreciate the novel s wealth of historically verifiable characters places and events John Sepich compiled what has become the classic reference work Notes on Blood Meridian Originally published in 1993 Notes remained in print for only a few years and has become highly sought after in the rare book market with used copies selling for hundreds of dollars In bringing the book back into print to make it more widely available Sepich has revised and expanded Notes with a new preface and two new essays that explore key themes and issues in the work This amplified edition of Notes on Blood Meridian is the essential guide for all who seek a fuller understanding and appreciation of McCarthy s finest work
