Clarke, Valerie Crawford

Pfannhauser, Marcus A. Doel, 2009-05-16 Mobility has long been a defining feature of modern societies yet remarkably little attention has been paid to the various stopping places _hotels motels and the like_ that this mobility presupposes If the paradoxical qualities of fixed places dedicated to facilitating movement have been overlooked by a variety of commentators film makers have shown remarkable prescience and consistency in engaging with these still points around which the world is made to turn Hotels and motels play a central role in a multitude of films ranging across an immensely wide variety of genres eras and national cinemas Whereas previous film theorists have focused on the movement implied by road movies and similar genres the outstanding contributions to this volume extend the recent engagement with space and place in film studies providing a series of fascinating explorations of the cultural significance of stopping places both on screen and off Ranging from the mythical elegance of the Grand Hotel through the uncanny spaces of the Bates motel to Korean love motels the wealth of insights from a variety of theoretical perspectives that this volume delivers is set to change our understanding of the role played by stopping places in an increasingly fluid world Play Among Books Miro Roman, Alice _ch3n81, 2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science *Pitch Perfect (movie tie-in)* Mickey Rapkin, 2012-09-04 A musical tale of collegiate a cappella filled of high notes high drama and high jinks that inspired the hit films Pitch Perfect and Pitch Perfect 2 Get ready to be pitch slapped The roots of unaccompanied vocal music stretch all the way back to Gregorian chants of the Middle Ages and collegiate a cappella is over a century old But what was once largely an Ivy League phenomenon has in the past twenty years exploded And it s not what you think Though the blue blazers and khakis may remain a cappella groups at colleges across the country have become downright funky In Pitch Perfect journalist Mickey Rapkin follows a season in a cappella through all its twists and turns covering the breathtaking displays of vocal talent the groupies yes there are a cappella groupies the rock star partying and all the bitter rivalries Rapkin brings you into the world of collegiate a cappella characters from movie star looks and celebrity size egos to a troubled new singer with the megawatt voice Including encounters with a cappella alums like John Legend and Diane Sawyer and fans from Prince to presidents Rapkin shows that a cappella isn t for the faint of heart or lungs Sure to strike a chord with fans of Glee and The Sing Off this raucous story of a cappella rock stars shows that sometimes to get that perfect harmony you have to embrace a little discord The Autobiographer's Handbook Jennifer Traig, 2002-08-06 At last the contemporary masters of memoir have come together to reveal their strategies and impart their advice This book contains an unprecedented wealth of knowledge in one place In The
