From Victim To Victor Setting The Captives From Bondage:

From Victim to Victor Amelia Carlson, 2009-10-19 Have you felt like something was holding you back from a deeper relationship with the Lord Have you had the sense that there must be more to a relationship with Christ Have you wanted the true freedom the Bible speaks of but are not sure how to obtain it In *From Victim to Victor* author Amelia Carlson walks with you through a path and journey that leads you through some of the familiar chains that bind us from a more intimate walk with Christ chains that leave us in despair and frustration chains that seem to have no key Yet *From Victim to Victor* introduces you to the key to freedom from Satan's favorite bondage chains No longer do you have to be a victim of Satan you can become a victor through the Word of God Learn how to have the freedom God always intended for you to have and the fullness of life God has waiting for you *Liberated* Rodney Hogue, 2019-10-15 Rodney Hogue didn't believe that believers could be oppressed by demons But one day the Holy Spirit revealed that he was being oppressed by a demonic spirit In disgust Rodney commanded the demon to leave in Jesus' name To his surprise it did Since then he's been driven by a passion to see others set *The Cambridge Dictionary of Christianity, Two Volume Set* Daniel Patte, 2019-11-20 The Cambridge Dictionary of Christianity is an authoritative reference guide that enables students their teachers Christian clergy and general readers alike to reflect critically upon all aspects of Christianity from its origins to the present day Written by a team of 828 scholars and practitioners from around the world the volume reflects the plurality of Christianity throughout its history Key features of *The Cambridge Dictionary of Christianity* Provides a survey of the history of Christianity in the world on each continent and in each nation Offers a presentation of the Christian beliefs and practices of all major Christian traditions Highlights the different understandings of Christian beliefs and practices in different historical cultural religious denominational and secular contexts Includes entries on methodology and the plurality of approaches that are used in the study of Christianity Respects each Christian tradition by providing self presentations of Christianity in each country or Christian tradition Includes clusters of entries on beliefs and practices each examining the understanding of a given Christian belief or practice in different historical and contemporary contexts Presents the relationship and interaction of Christianity with other religious traditions in the world Provides on a Web site <http://hdl.handle.net/1803/3906> a full bibliography covering all topics discussed in the signed articles of this volume *Jesus At 2000* Marcus Borg, 1997 Includes six papers presented at the Jesus 2000 symposium in February 1996 as well as questions from the symposium and a concluding chapter introducing the historical study of Jesus and Christian origins A wide range of perspectives are offered from historical Jesus scholarship to Jewish studies early Christian history world religions and religion and culture Topics include Jesus and Generation X the pre Easter and post Easter Jesus and Jesus and First Century Judaism No index Annotation copyrighted by Book News Inc Portland OR **Metaphors of Confinement** Monika Fludernik, 2019 *Metaphors of Confinement* The Prison in Fact Fiction and Fantasy offers a historical survey of imaginings of the prison as expressed in

carceral metaphors in a range of texts about imprisonment from Antiquity to the present as well as non penal situations described as confining or restrictive These imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time Examining not only English language prose fiction but also poetry and drama from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of imprisonment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods

The Archaeology of Slavery in Early Medieval Northern Europe Felix Biermann, Marek Jankowiak, 2021-11-18 This volume is the first comprehensive study of the material imprint of slavery in early medieval Europe While written sources attest to the ubiquity of slavery and slave trade in early medieval British Isles Scandinavia and Slavic lands it is still difficult to find material traces of this reality other than the hundreds of thousands of Islamic coins paid in exchange for the northern European slaves This volume offers the first structured reflection on how to bridge this gap It reviews the types of material evidence that can be associated with the institution of slavery and the slave trade in early medieval northern Europe from individual objects such as e g shackles to more comprehensive landscape approaches The book is divided into four sections The first presents the analytical tools developed in Africa and prehistoric Europe to identify and describe social phenomena associated with slavery and the slave trade The following three sections review the three main cultural zones of early medieval northern Europe the British Isles Scandinavia and Slavic central Europe The contributions offer methodological reflections on the concept of the archaeology of slavery They emphasize that the material record by its nature admits multiple interpretations More broadly this book comes at a time when the history of slavery is being integrated into academic syllabi in most western countries The collection of studies contributes to a more nuanced perspective on this important and controversial topic This volume appeals to multiple audiences interested in comparative and global studies of slavery and will constitute the point of reference for future debates
