DeCenzo, Mary Coulter, 2016-03-10 For Principles of Management courses The Practical Tools of Management Presented Through In depth Practice Fundamentals of Management is the most engaging and up to date introduction to management resource on the market today Covering the essential concepts of management it provides a solid foundation for understanding the key issues and offers a strong practical focus including the latest research on what works for managers and what doesn t This edition has been updated with the latest coverage on hot topics such as sustainability holacracy the sharing economy gamification data analytics big data BYOD bring your own device and wearable technology Engaging and fun videos and exercises motivate students and give them the practice they need to become successful managers The full text downloaded to your computer With eBooks you can search for key concepts words and phrases make highlights and notes as you study share your notes with friends eBooks are downloaded to your computer and accessible either offline through the Bookshelf available as a free download available online and also via the iPad and Android apps Upon purchase you ll gain instant access to this eBook Time limit The eBooks products do not have an expiry date You will continue to access your digital ebook products whilst you have your Bookshelf installed Essential Management Models Grant S. Foster, Chris J. Grannell, 2022-07-29 Essential Management Models is a compilation of business tools that actually work It s a guide to the very best in practical management thinking No reinventing the wheel no management fads and no corporate word bingo Essential Management Models demystifies strategy tools and does so with attitude the view that any decision is better than

no decision The book encourages you to go on decide and provides you with reference on how to do so Rather than a series of independent summaries the book makes connections between frameworks to expose the overlaps and relationships between them This is the key to what makes the exercise worthwhile the tools useful and the book unique Using diagrams extensively to explain key concepts but without ever dumbing down the book is written for managers who get things done or students who want to If you ve ever studied management or strategy before Essential Management Models will enable you to go back to the models and use them to do a better job or think more clearly It will remind you of the interlinkages between the frameworks to really make them work as a coherent whole If you ve forgotten them it will give you confidence to use them If you ve written them off as mere theory we urge you to think again
