Development of Employability Skills Through Pragmatic Assessment of Student Learning Outcomes Subudhi, Bidyadhar, Sinha, G.R., 2022-06-24. The COVID 19 pandemic has shifted the teaching learning experience dramatically, creating an opportunity for new online and blended learning techniques and tools. This has also added a new dimension to practices and methods already adopted for achieving sustainable development goals (SDGs) within education. This requires a new paradigm shift in the teaching learning process through the systemic and pragmatic assessment of student learning outcomes so that employability skills and competence can be developed in students for competing at the global level. Development of Employability Skills Through Pragmatic Assessment of Student Learning Outcomes discusses the best practices in the assessment of student learning objectives (SLOs), the mapping of SLOs and the ways of developing employability skills in young minds so that SDGs may be achieved. It elaborates the theory, practice and importance of developing employability skills through research based learning. Covering topics such as graduate employability outcome
