Gandhi Autobiography:

Gandhi's Autobiographical Construction of Selfhood Clara Neary, 2023-03-15 This book addresses the topics of autobiography self representation and status as a writer in Mahatma Gandhi's autobiographical work *The Story of My Experiments with Truth* 1927 1929 Gandhi remains an elusive figure despite the volumes of literature written on him in the seven decades since his assassination Scholars and biographers alike agree that no work on his life has portrayed him in totality Desai 2009 and although arguably the most popular figure of the first half of the twentieth century and one of the most eminent luminaries of our time Gandhi the individual remains as much an enigma as a person of endless fascination Murrell 2008 Yet there has been relatively little scholarly engagement with Gandhi's autobiography and published output has largely been concerned with mining the text for its biographical details with little concern for how Gandhi represents himself The author addresses this gap in the literature while also considering Gandhi as a writer This book provides a close reading of the linguistic structure of the text with particular focus upon Gandhi's self representation drawing on a cognitive stylistic framework for analysing linguistic representations of selfhood Emmott 2002 It will be of interest to stylisticians cognitive linguists discourse analysts and scholars in related fields such as Indian literature and postcolonial studies

Autobiography and Decolonization Philip Holden, 2008 Philip Holden reveals deeply gendered connections between the writing of individual lives and of the narratives of nations emerging from colonialism *Autobiography and Decolonization* is the first book to give serious academic attention to autobiographies of nationalist leaders in the process of decolonization attending to them not simply as partial historical documents but as texts involved in remaking the world views of their readers Holden examines Mohandas K Gandhi's *An Autobiography The Story of My Experiments with Truth* Marcus Garvey's fragmentary *Autobiography* Joseph Ephraim Casely Hayford's *Ethiopia Unbound* Lee Kuan Yew's *The Singapore Story* Nelson Mandela's *Long Walk to Freedom* Jawaharlal Nehru's *An Autobiography* and Kwame Nkrumah's *Ghana The Autobiography of Kwame Nkrumah* Holden argues that these examples of life writing have had significant influence on the formation of new and often profoundly gendered national identities These narratives constitute the nation less as an imagined community than as an imagined individual Moving from the past to the promise of the future they mediate relationships between public and private and between individual and collective stories Ultimately they show how the construction of modern selfhood is inextricably linked to the construction of a postcolonial polity

Gandhi's Wisdom V.

K. Kool, Rita Agrawal, 2022-01-28 This book examines what Gandhian thought contributes to the conceptualisation of wisdom and its application in the 21st Century. It draws together leading international researchers and practitioners to combine an in-depth understanding of Gandhi's philosophy with the latest research from psychology and allied social sciences. Beginning with an overview of wisdom in the domain of scientific research and as it is understood in our everyday life, the book's editors further call attention to key cross-cultural issues limiting its current scope. Amongst the topics explored are Gandhi's silence, fasting, vows, self-efficacy, self-control, and more, illustrating what he offers not only to the study of wisdom within psychology but across a broad range of disciplines and professional enterprises. It is invaluable to students and scholars of Gandhian studies, the psychology of wisdom, management, and peace psychology, as well to readers with a general interest in the application of Gandhi's wisdom today.
