Gandhi Before India Ramachandra Guha:

Gandhi Before India Ramachandra Guha, 2013-10-03 The first volume of the definitive biography of Gandhi one of the most remarkable figures of the 20th century from the great historian Ramachandra Guha The life of Mohandas Gandhi is one of the most remarkable and potent in the modern era In this fascinating new biography Ramachandra Guha allows us to understand the personality and politics of Mohandas Gandhi as never before Showing that Gandhi's ideas were fundamentally shaped before his return to India in 1915 *Gandhi Before India* is the extraordinarily vivid portrait of the formative years he spent in England and South Africa where he developed the techniques that would undermine and ultimately destroy the British Empire Ramachandra Guha depicts a world of sharp contrasts between the coastal culture of Gujarat High Victorian London and colonial South Africa where settlers from India Britain and elsewhere battled for their share of this rich and newly despoiled land Drawing on many new sources located in archives across four continents Guha sensitively explores the many facets of Gandhi's life and struggles This is the biography of the year Reviews Excellent and exhaustive Guha has done heroic work in reconstructing this period of Gandhi's life Gandhi emerges here as a fascinatingly complicated and contradictory figure if the sequel proves as rich and absorbing as this first book it will doubtless serve as the fundamental portrait of Gandhi for many years to come Sunday Business Post What can a new biographer add *Gandhi Before India* by Ramachandra Guha India's leading historian offers plenty Rather than lingering on Gandhi's own well studied words Mr Guha has unearthed a wealth of previously overlooked school reports diaries letters and articles by collaborators and opponents of Gandhi The result is a striking depiction of his transformation into mid adulthood As Mr Guha ably shows for all that Gandhi influenced events in South Africa it was he who experienced the greater change Economist One of the surprises in *Gandhi Before India* is just how much fresh material it contains Guha has a gift for tracking down obscure letters and newspaper reports and patching them together to make history come alive The book turns up some gems *Gandhi Before India* demonstrates how complicated cross cultural relations were in the long 19th century it is a work of vivid social history as well as biography Patrick French Guardian Guha is India's best known historian who marshals his wide scholarship in contemporary and modern history with a raconteur's lucid felicity DNA Mumbai A spirited case for Gandhi's continued relevance for the challenges his ideas still present to us Tehelka New Delhi Guha is one of India's most intelligent and readable historians and in addition to his considerable talents he has had the good fortune to discover a treasure trove of Gandhi's own voluminous press cuttings and also many shelf loads of letters to him from friends and colleagues Standpoint About the author Ramachandra Guha is one of India's most influential historians and public intellectuals His books include *A Corner of a Foreign Field* and *India After Gandhi* The History of the World's Largest Democracy The Independent has called him one of the world's great minds Time has said he is Indian democracy's pre eminent chronicler He has held visiting professorships at Stanford Yale and the London School of Economics He lives in Bangalore **Falling Monuments,**

Reluctant Ruins Hilton Judin, 2021-06-01 This edited collection looks at ruins and vacant buildings as part of South Africa's oppressive history of colonialism and apartheid and ways in which the past persists into the present *Falling Monuments Reluctant Ruins The Persistence of the Past in the Architecture of Apartheid* interrogates how in the era of decolonization post apartheid South Africa reckons with its past in order to shape its future Architects historians artists social anthropologists and urban planners seek answers in this book to complex and unsettling questions around heritage ruins and remembrance What do we do with hollow memorials and political architectural remnants Which should remain which forgotten and which dismantled Are these vacant buildings cemeteries statues and derelict grounds able to serve as inspiration in the fight against enduring racism and social neglect Should they become exemplary as spaces for restitution and justice The contributors examine the influence of public memory planning and activism on such anguished places of oppression resistance and defiance Their focus on visible markers in the landscape to interrogate our past will make readers reconsider these spaces looking at their landscape and history anew Through a series of 14 empirically grounded chapters and 48 images the contributors seek to understand how architecture contests or subverts these persistent conditions in order to promote social justice land reclamation and urban rehabilitation The decades following the dismantling of apartheid are surveyed in light of contemporary heritage projects where building ruins and abandoned spaces are challenged and renegotiated across the country to become sites of protest inspiration and anger This ground breaking collection is an important resource for professionals academics and activists working in South Africa today [Die 101 wichtigsten Personen der Weltgeschichte](#) Udo Sautter, 2015-09-15 Wer sind diese gro ßen Menschen denen die Welt gehorchte Was haben sie geleistet Dieses reich bebilderte Buch bietet in chronologischer Folge einen allgemeinverst ndlichen faktenreichen berblick ber 101 Personen der Weltgeschichte die jeder kennen sollte Vertreten sind Politiker und Philosophen Erfinder und Entdecker K nstler und Musiker B sewichter und Heilige Nat rlich wird nicht jeder der Auswahl voll zustimmen vielleicht sogar die Person vermissen die ihm die allerwichtigste zu sein scheint Aber insgesamt stellt diese sorgf ltig berpr fte Zusammenstellung einen verl sslichen Kanon dar der zum Nachschlagen und Schm kern einl dt [India's Founding Moment](#) Madhav Khosla, 2020-02-04 An Economist Best Book of the Year How India's Constitution came into being and instituted democracy after independence from British rule Britain's justification for colonial rule in India stressed the impossibility of Indian self government And the empire did its best to ensure this was the case impoverishing Indian subjects and doing little to improve their socioeconomic reality So when independence came the cultivation of democratic citizenship was a foremost challenge Madhav Khosla explores the means India's founders used to foster a democratic ethos They knew the people would need to learn ways of citizenship but the path to education did not lie in rule by a superior class of men as the British insisted Rather it rested on the creation of a self sustaining politics The makers of the Indian Constitution instituted universal suffrage amid poverty illiteracy social heterogeneity and centuries of tradition They crafted a constitutional system that could

respond to the problem of democratization under the most inhospitable conditions On January 26 1950 the Indian Constitution the longest in the world came into effect More than half of the world's constitutions have been written in the past three decades Unlike the constitutional revolutions of the late eighteenth century these contemporary revolutions have occurred in countries characterized by low levels of economic growth and education where voting populations are deeply divided by race religion and ethnicity And these countries have democratized at once not gradually The events and ideas of India's Founding Moment offer a natural reference point for these nations where democracy and constitutionalism have arrived simultaneously and they remind us of the promise and challenge of self rule today

Universalismus Hans Joas, 2025-05-19 Das Wohl aller Menschen bei moralischen und politischen Entscheidungen zu berücksichtigen das ist heute für viele zumindest als Ideal gerechtfertigt Aber schon immer gegeben und universell verbreitet ist ein solches Menschheitsethos nicht Wann und wo ist es also entstanden und warum eigentlich Ist es eine Besonderheit der jüdisch christlichen oder der westlich aufklärerischen Tradition Und wie hängt seine Entstehung mit der Geschichte imperialer Weltherrschaft zusammen In seinem faszinierenden Buch folgt Hans Joas diesem Menschheitsethos in globaler Perspektive Von der sogenannten Achsenzeit ausgehend zeichnet er dessen Entstehung in der griechischen Antike in Judentum und Christentum in Indien und China nach und betrachtet es im Zusammenhang mit imperialen Reichsbildungen bis hin zum Kolonialismus Faschismus und Kommunismus Kann es einen Universalismus ohne Imperialismus überhaupt geben Und wie steht der Islam zu den achsenzeitlichen Entwürfen eines Menschheitsethos Joas Antworten auf diese großen Fragen führen zu einem Opus Magnum mit dem er seine vielbeachteten Arbeiten zur Geschichte von Religion und politischer Macht krönt

The Shortest History of India John Zubrzycki, 2023-11-07 5 000 years of history from the Bhagavad Gita to Bollywood fill this masterful portrait of the world's most populous nation and a rising global power The Shortest History books deliver thousands of years of history in one riveting fast paced read India a cradle of civilization with five millennia of history a country of immense consequence and contradiction often defies ready understanding What holds its people together across its many cultures races languages and creeds and how has India evolved into the liberal democracy it is today From the Harappan era to Muslim invasions the Great Mughals British rule independence and present day hopes John Zubrzycki distills India's colossal history into a gripping true story filled with legendary lives Alexander the Great Akbar Robert Clive Tipu Sultan Lakshmi Bai Lord Curzon Jinnah and Gandhi India's gifts to the world include Buddhism yoga the concept of zero the largest global diaspora and its influence is only growing Already the world's largest democracy in 2023 India became the most populous nation Can India overcome its political social and religious tensions to be the next global superpower As the world watches and wonders this Shortest History is an essential clarifying read The Shortest History books deliver thousands of years of history in one riveting fast paced read

The Cambridge History of Modern European Thought: Volume 2, The Twentieth Century Peter E. Gordon, Warren Breckman, 2019-08-29 The Cambridge History of Modern European Thought is an

authoritative and comprehensive exploration of the themes thinkers and movements that shaped our intellectual world in the late eighteenth and nineteenth century Representing both individual figures and the contexts within which they developed their ideas each essay is written in a clear accessible style by leading scholars in the field and offers both originality and interpretive insight This second volume surveys twentieth century European intellectual history conceived as a crisis in modernity Comprised of twenty one chapters it focuses on figures such as Freud Heidegger Adorno and Arendt surveys major schools of thought including Phenomenology Existentialism and Conservatism and discusses critical movements such as Postcolonialism Structuralism and Post structuralism Renouncing a single master narrative of European thought across the period Peter E Gordon and Warren Breckman establish a formidable new multi faceted vision of European intellectual history for the global modern age

Many Ideas of Nationalism in India Bidyut Chakrabarty, 2025-06-27 This book is a comprehensive analysis of the many visions of nationalism and nationalist leadership that emerged during India s struggle for independence The volume examines key nationalist thinkers such as Aurobindo Gandhi Tagore Nazrul Savarkar and Ambedkar It delineates different strands of nationalism in the post moderate phase of nationalist movement and discusses political emancipation social emancipation and ethnic emancipation Accessibly written for students with a helpful overview of how nationalist thought emerged in India this book will be of great interest to students of South Asian history and politics It will also be helpful for civil service aspirants

Revolution and Non-violence in Tolstoy, Gandhi, and Mandela Imraan Coovadia, 2020 Explores the writings and revolutionary thought of three connected figures Leo Tolstoy Mohandas Gandhi and Nelson Mandela on the subject of violence and non violence and the way they resisted revolutionary thinking in favour of an alternative model of civic transformation

Spiritual Empires in Europe and India Perry Myers, 2021-10-30 This book provides a comparative analysis of cosmopolitan esoteric religious movements such as Theosophy Groupe Independent des tudes sot riques Anthroposophy and Monism in England France Germany and India during the late nineteenth century to the interwar years Despite their diversity these factions manifested a set of common features anti materialism embrace of Darwinian evolution and a belief in universal spirituality that coalesced in a transnational field of analogous cosmopolitan spiritual affinities Yet in each of their geopolitical locations these groups developed vastly different interpretations and applications of their common spiritual tenets This book explores how such religious innovation intersected with the social labor and economic renewal cultural education and religious innovation and political Empire and anti colonial dynamics in these vastly different national domains Ultimately it illustrates how an innovative religious discourse converged with the secular world and became applied to envision a new social order to spiritually re engineer the world

Gandhi's African Legacy: Phoenix Settlement 1904 to 2024. A History Through Letters Uma Dhupelia-Mesthrie, 2024-10-01 This is an epic work which gives us another deep insight not just into the South African Gandhi but also into his colleagues at the settlement and an ongoing biography of the settlement itself This is the first book telling the history of Phoenix Settlement from its

founding to now It provides us with a view into the lives of the residents and supporters rather than merely a history of the buildings This is a goldmine for researchers It very skilfully presents the role of the settlement in the campaigns against apartheid in the early 1950s and the international recognition of its actions and the stimulus they provided for international campaigns The story of the settlement as a haven for multi racial gatherings in the time of apartheid and regardless of this the disaster that followed is wonderfully told Thomas Weber Emeritus Professor La Trobe University Melbourne Another magisterial book from Dhupelia Mesthrie this time on Phoenix told through deeply researched contextual chapters and the letters of those who lived there Informed by a lifetime s work on Gandhi and drawing on archives and personal papers from across the world this monumental work will be treasured by grateful scholars and readers for decades to come Isabel Hofmeyr Emeritus Professor University of the Witwatersrand The book provides a major new in depth understanding of a major initiative in Gandhi s life an initiative which laid the ground for his work in South Africa and in India and whose resonances are still being felt in the world Ramachandra Guha Eminent biographer of Gandhi

Gandhi's Global Legacy

Veena R. Howard,2022-11-30 While there has been sustained interest in Gandhi s methods and continued academic inquiry Gandhi s Global Legacy Moral Methods and Modern Challenges is unique in bringing together an interdisciplinary group of scholars who analyze Gandhi s tactics moral methods and philosophical principles not just in the fields of social and political activism but in the areas of philosophy religion literature economics health international relations and interpersonal communication Bringing this wide range of disciplinary backgrounds the contributors provide fresh perspectives on Gandhi s thought and practice as well as critical analyses of his work and its contemporary relevance Edited by Veena R Howard this book reveals the need for reconstructing Gandhi s ideas and moral methods in today s context through a broad spectrum of crucial issues including pacifism health communal living gender dynamics the role of anger and peacebuilding Gandhi s methods have been refined and reimagined to fit different situations but there remains a need to consider his concept of Sarvodaya uplift of all the importance of economic gender and racial equity as well as the value of dialogue and dissenting voices in building a just society The book points to new directions for the study of Gandhi in the globalized world **India**

and Civilizational Futures Vinay Lal,2019-07-10 This second volume based on the deliberations of the Backwaters Collective puts into serious question the most familiar categories that have informed humanistic inquiry and social science research until now The contributors probe how the intellectual and cultural resources of Indic civilization might be deployed to introduce greater plurality into the world of modern knowledge systems and reinitiate metaphysics into the discourses of politics with the hope that similar inquiries will in future be extended across the Global South The chapters offer newer perspectives on India s past and intellectual traditions and suggest how we might liberate ourselves from the straightjackets of history development normal politics the nation state and what globally passes for common sense in various spheres of life and thought While some contributors engage with a few figures who have been critical in shaping India s intellectual life

such as Kabir Narayana Guru Ambedkar Tagore and Gandhi others bring into the limelight equally compelling if somewhat neglected figures such as Rahul Sankrityayan Ranade and T R V Murti Conceptual papers on intercommunal South Asian ideas of hospitality and mnemocultural modes of learning complete the volume **Incarnations** Sunil Khilnani, 2016-02-25

One of the world's most ancient cultures India can be understood and explained in as many ways as humans can possibly devise To make sense of this astonishing turmoil of ideas Sunil Khilnani has created a remarkably simple and attractive solution In this book which accompanies a major Radio 4 series which he is narrating he takes the lives of 50 Indians starting with the Buddha some very famous some more obscure from the earliest records to the present day and in a series of short chapters describes what makes them so surprising curious or important These are not simply history lessons but stories rooted in today's India as Khilnani goes on a quest across contemporary India to find the living traces of these extraordinary individuals **Burning the Dead** David Arnold, 2021-02-02

Burning the Dead traces the evolution of cremation in India and the South Asian diaspora across the nineteenth and twentieth centuries Through interconnected histories of movement space identity and affect it examines how the so called traditional practice of Hindu cremation on an open air funeral pyre was culturally transformed and materially refashioned under British rule following intense Western hostility colonial sanitary acceptance and Indian adaptation David Arnold examines the critical reception of Hindu cremation abroad particularly in Britain where India formed a primary reference point for the cremation debates of the late nineteenth century and explores the struggle for official recognition of cremation among Hindu and Sikh communities around the globe Above all Arnold foregrounds the growing public presence and assertive political use made of Hindu cremation its increasing social inclusivity and its close identification with Hindu reform movements and modern Indian nationhood **Character** Deborah L. Rhode, 2019-08-02

Americans claim to care about character Over four fifths want it taught in public schools and 95 percent think that a president's character is important And historically philosophers educators politicians religious leaders judges and the general public have agreed that character should be valued and reinforced Yet in the United States the institutions charged with that mission have consistently fallen short Simply put too little effort has been made to understand the importance of character and the strategies that can best develop and support it After first exploring the history of the concept over time Deborah Rhode turns her focus to the institutions that have traditionally fostered good character families schools youth organizations civic groups and political organizations However as we have increasingly de-emphasized the subject a trend that is most evident in our politics our awareness of its shaping influence has waned Indeed we often focus on the wrong things when it comes to fostering good character For instance almost a third of the workforce is covered by licensing laws requiring good moral character even occupations where the need for screening is not self-evident florist fortune teller and frog farmers Character also plays a pivotal role in the criminal justice system in defining guilt punishment and eligibility for parole All too often these legal requirements are idiosyncratic inequitable and subject to race and class bias

Millions of Americans who have convictions for minor offenses are excluded from a vast range of occupations and benefits without evidence that such exclusion serves the public interest We can do better she stresses and outlines a powerful program for reform Rhode punctuates the book through a series of portraits of exemplary individuals whose good character made them who they were Ida B Wells Jane Addams Martin Luther King Mother Teresa Nelson Mandela Albert Schweitzer and Thurgood Marshall All of these individuals had flaws but through their commitments to both social justice and helping the less fortunate they all demonstrate the power and importance of strong character

Gandhi's Moral Politics Naren Nanda, 2017-12-06 This volume explores the scope and limits of Mahatma Gandhi's moral politics and its implications for Indian and other freedom movements It presents a set of enlightening essays based on lectures delivered in memory of the eminent historian B R Nanda along with a new introductory essay With contributions by leading historians and Gandhi scholars the book provides new perspectives on the limits of Gandhi's moral reasoning his role in the choice of destination by Indian Muslim refugees his waning influence over political events and his predicament amid the violence and turmoil in the years immediately preceding partition The work brings together wide ranging insights on Gandhi and revisits his religious views which were the foundation of his morality in politics his experience of civil disobedience and its nature deployment and limits Satyagraha and non violence and his struggle for civil rights The volume also examines how Gandhi's South African phase contributed to his later ideas on private property and self sacrifice This book will be of immense interest to researchers and scholars of modern Indian history Gandhi studies political science peace and conflict studies South Asian studies to researchers and scholars of media and journalism and to the informed general reader

Beyond WEIRD: Psychobiography in Times of Transcultural and Transdisciplinary Perspectives Claude-Hélène Mayer, Roelf van Niekerk, Paul J.P. Fouché, Joseph G. Ponterotto, 2023-05-27 This volume presents psychobiographical research in non WEIRD Western Educated Industrialized Rich and Democratic contexts and samples focusing on culture transcultural and transdisciplinary work It creates a platform for researchers scholars and scientists from diverse backgrounds to put forth new theoretical and methodological stances in psychobiography thereby making the field more inclusive diverse and equitable The chapters in this volume investigate the role of context across the life course of non WEIRD psychological subjects as well as the interplay between them and their environments across the life span They further elucidate cognitive affective and behavioural aspects of individuals with non WEIRD backgrounds The volume provides a broad and at the same time in depth perspective into psychobiography beyond the usual contexts and therefore has new and original learnings to offer across disciplines and cultures It is a breakthrough in terms of its transcultural and transdisciplinary insights into lives lived in different contexts in the world Every person is in certain respects a like all other persons b like some other persons c like no other persons This book is a challenging and fascinating exploration of extending psychobiography beyond its origins in Europe and America to women and men of different races and social and economic classes from Africa Asia and around the world At its best psychobiography can

increase people's awareness of their own subjective experience and that of others contributing to movements for social cultural and political change William McKinley Runyan Professor Emeritus Professor of the Graduate School School of Social Welfare U of California Berkeley *Beyond Weird* is beyond needed The book triumphantly fills the gap created by a dearth of studies of people other than Western educated European and American men James William Anderson PhD Professor of Clinical Psychiatry and Behavioral Sciences Northwestern University Chicago *A Genealogy of Terrorism* Joseph McQuade, 2021 Using India as a case study Joseph McQuade traces the genealogy of the political and legal category of terrorism He demonstrates how the modern concept of terrorism was shaped by colonial emergency laws dating back into the nineteenth and early twentieth centuries *Uncertain Empire* Elizabeth E. Imber, 2025-04-08 Following the British conquest of Ottoman Palestine Jews across the British Empire from Jerusalem to Johannesburg London to Calcutta found themselves at the heart of global Jewish political discourse As these intellectuals politicians activists and communal elites navigated shifting political landscapes some envisioned Palestine as a British dominion leveraging imperial power for Jewish state building while others fostered ties with anticolonial movements contemplating independent national aspirations *Uncertain Empire* considers this intricate interplay between British imperialism Zionism and anticolonial movements from the 1917 British conquest of Palestine to the establishment of the state of Israel in 1948 Elizabeth Imber highlights diverse and sometimes conflicting visions of Jewish political futures offering detailed case studies of key figures including Chaim Arlosoroff Moshe Shertok Helen Bentwich Rachel Ezra and Hermann Kallenbach She explores a politics of uncertainty in which Jews engaged with both imperial stability and the rise of anticolonial mobilization when many were likewise forced to reconsider Palestine as a viable refuge and political solution Ultimately this book provides a nuanced understanding of how the British Empire's fate became central to Zionist and broader Jewish political thought revealing the complex intersections of empire state power and Jewish politics during a time marked by profound urgency and exigency
