Gang War Peter Walsh,2016-04-07 **No Gang War in '74** Samuel C. Say,2013-02-28 Representative Chaka Fattah and Councilman Curtis Jones Jr went through the House of Umoja and were witnesses to the transformational process of young people who identified with individual gangs Many of these gangs were started in the fifties and expanded throughout the sixties However in 1968 gang warfare became much more deadly Once the body counts went up gangs wanted to even the score It took two dedicated parents who were not only concerned about their own children but their community as well to set in motion a transformational process which started with their own house and in five years ripped across the city Through these well organized gangs young people had seen the mean things they could do to each other David and Falaka Fattah showed them the beautiful things they could do the importance of community and civic duty They connected them with both family and African tradition This is a story that must be told and cannot be forgotten **Gang Wars on the Costa - The True Story of the Bloody Conflict Raging in Paradise** Wensley Clarkson,2010-10-04 For more than a decade an intense gang war has been raging between British and foreign criminals in Spain s sunny costal regions The warring factions have left more than a hundred people dead and scores injured making headlines around the world These vicious conflicts for control of drugs turf protection rackets people smuggling and sex slavery have blighted the reputation of what was once Europe s number one holiday destination and given it a sinister epithet Costa del Crime Gang Wars on the Costa reveals the inside story of the crime mobs their deadly feuds and how this chilling criminal gang culture has evolved at a rate and intensity unlike anything seen before in Europe With unprecedented access to senior gang members and police officers Wensley Clarkson traces the roots of these criminals from Britain southern Europe South America and the former Soviet block and focuses on the emergence of the main gangs whose rise to power has sparked gun battles and even professional hits *Urban Poverty and Violence in Jamaica* Caroline O. The Hidden War Susan J. Popkin,2000 Describes what it is like to live in some of the worst neighborhoods in the United States and discusses what government officials can do to improve the safety and quality of public housing developments

Gangs Jacqueline Schneider,2017-11-30 The task of researching gangs is fraught with difficulties central to which are issues of definition and reliance on certain forms of data for analyses These methodological issues have been acknowledged

as limitations in most of the existing research but they have not been explored as being potentially serious flaws contributing to the proliferation of myth or as aggravating factors that exacerbate what is essentially a relatively uncomplicated social process. Also unclear from existing studies is the extent to which suppositions about gangs feed moral panics or contribute to the misidentification or over specification of a problem. This captivating volume focuses on gangs, their formation, identity and behaviour, with a view to developing a preventive strategy.

A World of Gangs John Hagedorn, 2008. On the street with gangs in three world cities: Chicago, Rio de Janeiro and Capetown. Hagedorn discovers that many of them have institutionalized as a strategy to confront a hopeless cycle of poverty, racism and oppression. The nihilistic appeal of gangsta rap and its ethic of survival by any means necessary, he argues, provides vital insights into the ideology and persistence of gangs around the world. Proposing how gangs can be encouraged to overcome their violent tendencies, Hagedorn appeals to community leaders to use the urgency, outrage and resistance common to both gang life and hip hop to bring gangs into broader movements for social justice.

Gang Wars of London - How the Streets of the Capital Became a Battleground Wensley Clarkson, 2010-06-30. Gang Wars of London charts the development of organised crime in the capital since 1945, from the post-war street gangs to the drug barons, cyber criminals and terrorists that threaten our safety today. The underworld has thrived for more than half a century, but it appears the capital has now entered its most deadly phase as vicious gangs from all over the globe are making this city their home. They will do anything to get what they want and challenge anyone who gets in their way.

The Prison Path Christen E. Clemson, 2015-03-01 The Prison Path School Practices that Hurt Our Youth takes a unique and unapologetic look into the practices social norms construction and policies within our schools that mirror prisons From the physical building to the labeling and placement of special education students schools are reflecting correctional institutions Beyond the mundane and into the world of social cliques discipline policies uniforms and ethics this book highlights how similarities between schools and prisons create a hidden and dangerous environment for at risk students While many schools and teachers are doing the best they can while facing budget shortfalls it is the inherent policies procedures and normalities that are thought of as being part of the school experience that may be the most hazardous for at risk students Therefore this book highlights these occurrences and juxtaposes them with similar situations within prisons

providing an eye opening and daunting look at prisons and schools This book will cause teachers and those within education to question the practices policies and norms that we consider part of the typical school experience Some additional key features of this book include Chapter by chapter examination of the similarities in prisons and school Detailed look at the process of special education labeling and its detrimental impact on students Examination of the role of social cliques and gangs in institutions A unique look at the school to prison pipeline In depth questions to ask oneself about to improve schools Dangers of inviting school resources officers into schools and cutting guidance services Real life scenarios
