in the twentieth century **Querverbindungen** Victor Canning,1980 Louis Armstrong, Duke Ellington, and Miles Davis Aaron Lefkowitz,2018-06-20 This book examines Louis Armstrong Duke Ellington and Miles Davis as distinctively global symbols of threatening and nonthreatening black masculinity It centers them in debates over U S cultural exceptionalism noting how they have been part of the definition of jazz as a jingoistic and exclusively American form of popular culture

Alain L. Locke Leonard Harris,Charles Molesworth,2010-04-02 Alain L Locke 1886 1954 in his famous 1925 anthology *The New Negro* declared that the pulse of the Negro world has begun to beat in Harlem Often called the father of the Harlem Renaissance Locke had his finger directly on that pulse promoting influencing and sparring with such figures as Langston Hughes Zora Neale Hurston Jacob Lawrence Richmond Barth William Grant Still Booker T Washington W E B Du Bois Ralph Bunche and John Dewey The long awaited first biography of this extraordinarily gifted philosopher and writer Alain L Locke narrates the untold story of his profound impact on twentieth century America s cultural and intellectual life Leonard Harris and Charles Molesworth trace this story through Locke s Philadelphia upbringing his undergraduate years at Harvard where William James helped spark his influential engagement with pragmatism and his tenure as the first African American Rhodes Scholar The heart of their narrative illuminates Locke s heady years in 1920s New York City and his forty year career at Howard University where he helped spearhead the adult education movement of the 1930s and wrote on topics ranging from the philosophy of value to the theory of democracy Harris and Molesworth show that throughout this illustrious career despite a formal manner that many observers interpreted as elitist or distant Locke remained a warm and effective teacher and mentor as well as a fierce champion of literature and art as means of breaking down barriers between communities The multifaceted portrait that emerges from this engaging account effectively reclaims Locke s rightful place in the pantheon of America s most important minds **Ethnic American Literature** Emmanuel S. Nelson,2015-02-17 Unlike any other book of its kind this volume celebrates published works from a broad range of American ethnic groups not often featured in the typical canon of literature This culturally rich encyclopedia contains 160 alphabetically arranged entries on African American Asian American Latino a and Native American literary traditions among others The book introduces the uniquely American mosaic of multicultural literature by chronicling the achievements of American writers of non European descent and highlighting the ethnic diversity of works from the colonial era to the present The work features engaging topics like the civil rights movement bilingualism assimilation and border narratives Entries provide historical overviews of literary periods along with profiles of major authors and great works including Toni Morrison Maxine Hong Kingston Maya Angelou Sherman Alexie *A Raisin in the Sun* *American Born Chinese* and *The House on Mango Street* The book also provides concise overviews of genres not often featured in textbooks like the Chinese American novel African American young adult literature Mexican American autobiography and Cuban American poetry *Black Female Sexualities* Trimiko Melancon,Joanne M. Braxton,2015-01-26 Western culture has long regarded black female sexuality with a strange mix of fascination and

condemnation associating it with everything from desirability hypersexuality and liberation to vulgarity recklessness and disease Yet even as their bodies and sexualities have been the subject of countless public discourses black women s voices have been largely marginalized in these discussions In this groundbreaking collection feminist scholars from across the academy come together to correct this omission illuminating black female sexual desires marked by agency and empowerment as well as pleasure and pain to reveal the ways black women regulate their sexual lives The twelve original essays in *Black Female Sexualities* reveal the diverse ways black women perceive experience and represent sexuality The contributors highlight the range of tactics that black women use to express their sexual desires and identities Yet they do not shy away from exploring the complex ways in which black women negotiate the more traumatic aspects of sexuality and grapple with the legacy of negative stereotypes *Black Female Sexualities* takes not only an interdisciplinary approach drawing from critical race theory sociology and performance studies but also an intergenerational one in conversation with the foremothers of black feminist studies In addition it explores a diverse archive of representations covering everything from blues to hip hop from Crash to Precious from Sister Souljah to Edwidge Danticat Revealing that black female sexuality is anything but a black and white issue this collection demonstrates how to appreciate a whole spectrum of subjectivities experiences and desires

The Wallflower Avant-garde Brian Glavey, 2016 *The Wallflower Avant Garde* argues for the importance of a strain of modernist formalism based in ekphrasis the literary imitation of the visual arts Often associated with a conservative aesthetic of wholeness permanence and autonomy ekphrastic writing also involves excess failure and mimesis conjuring an aesthetic sense of closure and unity out of impossible imitations This choreography of imitation and autonomy resonates with many of the foundational insights of queer theory the way it situates identity as an effect of performativity artifice and mimesis Unlike many queer theorists however this book insists that we value both the imitations and the aspirations that guide them underlining not only the illusoriness of identity but also its allure This more capacious formalism allows aspects of modernists aesthetic that have seemed regressive or repressive to be read as generative forms of stasis quiet reserve shyness and so on

The Scene of Harlem Cabaret Shane Vogel, 2009-04 Harlem s nightclubs in the 1920s and 30s were a crucible for testing society s racial and sexual limits Combining performance theory historical research and biographical study this title explores the role of nightlife performance as a definitive touchstone for understanding the racial and sexual politics of the early 20th century

Publishing Blackness George Hutchinson, John Kevin Young, 2013-02-08 The first of its kind this volume sets in dialogue African Americanist and textual scholarship exploring a wide range of African American textual history and work

James Baldwin and the Queer Imagination Matt Brim, 2023-06-20 The central figure in black gay literary history James Baldwin has become a familiar touchstone for queer scholarship in the academy Matt Brim s *James Baldwin and the Queer Imagination* draws on the contributions of queer theory and black queer studies to critically engage with and complicate the project of queering Baldwin and his work Brim

argues that Baldwin animates and in contrast disrupts both the black gay literary tradition and the queer theoretical enterprise that have claimed him More paradoxically even as Baldwin s fiction brilliantly succeeds in imagining queer intersections of race and sexuality it simultaneously exhibits striking queer failures whether exploiting gay love or erasing black lesbian desire Brim thus argues that Baldwin s work is deeply marked by ruptures of the unqueer into transcendent queer thought and that readers must sustain rather than override this paradoxical dynamic within acts of queer imagination

Not Straight, Not White Kevin Mumford,2016-01-12 This compelling book recounts the history of black gay men from the 1950s to the 1990s tracing how the major movements of the times from civil rights to black power to gay liberation to AIDS activism helped shape the cultural stigmas that surrounded race and homosexuality In locating the rise of black gay identities in historical context Kevin Mumford explores how activists performers and writers rebutted negative stereotypes and refused sexual objectification Examining the lives of both famous and little known black gay activists from James Baldwin and Bayard Rustin to Joseph Beam and Brother Grant Michael Fitzgerald Mumford analyzes the ways in which movements for social change both inspired and marginalized black gay men Drawing on an extensive archive of newspapers pornography and film as well as government documents organizational records and personal papers Mumford sheds new light on four volatile decades in the protracted battle of black gay men for affirmation and empowerment in the face of pervasive racism and homophobia

Queer Angels in Post-1945 American Literature and Culture David Deutsch,2021-07-29 From Allen Ginsberg s angel headed hipsters to angelic outlaws in Essex Hemphill s Conditions angelic imagery is pervasive in queer American art and culture This book examines how the period after 1945 expanded a unique mixture of sacred and profane angelic imagery in American literature and culture to fashion queer characters primarily gay men as embodiments of bad beatitudes Deutsch explores how authors across diverse ethnic and religious backgrounds including John Rechy Richard Bruce Nugent Allen Ginsberg and Rabih Alameddine sought to find the sacred in the profane and the profane in the sacred Exploring how these writers used the trope of angelic outlaws to celebrate men who rebelled wilfully and nobly against religious medical legal and social repression in American society this book sheds new light on dissent and queer identities in postmodern American literature

Alain Locke and the Visual Arts Kobena Mercer,2022-01-01 A fresh perspective on the influential critic offering new ways of understanding the art of the Harlem Renaissance Alain Locke 1885 1954 leading theorist of the Harlem Renaissance maintained a lifelong commitment to the visual arts Offering an in depth study of Locke s writings and art world interventions Kobena Mercer focuses on the importance of cross cultural entanglement This distinctive approach reveals Locke s vision of modern art as a dynamic space where images and ideas generate new forms under the fluid conditions of diaspora Positioning the philosopher as an advocate for an Afromodern aesthetic that drew from both formal experiments in Europe and the iconic legacy of the African past Mercer shows how Aaron Douglas Lo s Mailou Jones and other New Negro artists acknowledged the diaspora s rupture with the ancestral past as a prelude to the rebirth of

identity In his 1940 picture book *The Negro in Art* Locke also explored the different ways black and white artists approached the black image Mercer's reading highlights the global mobility of black images as they travel across national and ethnic frontiers Finally Mercer examines how Locke's investment in art was shaped by gay male aestheticism Black male nudes including works by Richmond Barth and Carl Van Vechten thus reveal the significance of queer practices in modernism's cross cultural genesis Published in association with the Hutchins Center for African American Research Harvard University
