Liturgical Music as Ritual Symbol Judith Marie Kubicki,1999 In this book Sister Kubicki uses Jacques Berthier s Taize music to explore the nature of liturgical music as ritual symbol She carries out a hermeneutical analysis of Berthier s chants and examines biographical and historical data related to the creator s of Taize music and the founding of the Taize

community The author draws on five areas of study to interpret the Taize chants as ritual symbol symbol theory semiotics theologies of symbol ritual theory and performative language theory The final chapter explores potential ecclesial meanings which may be mediated in the Taize liturgy and the role of Berthier's chants in mediating that meaning The study concludes that it is music's symbolic property that enables it to be both ministerial and integral to the liturgy As symbolic activity music making evokes participation negotiates relationships and enables the assembly to orient themselves and to find their identity and place within their world Furthermore music making provides the illocutionary force to do something in the act of singing Thus it is that as part of a complexus of ritual symbols music interacts with other symbols in mediating the liturgy's meaning

Creative Ideas for Ministry with the Aged Sue Pickering, 2014-09-30 Creative Ideas for Ministry with the Aged is a wise, timely and practical handbook that meets the urgent need for resources for ministry among the elderly. Written out of the author's own experience as a chaplain to a residential care community, it is suitable for ministers who visit the elderly, chaplains, pastoral visitors and caregivers and all who help train others in elderly pastoral care. Part 1 explores the key theological elements of ministry with the aged, focusing on themes such as the sacrament of the present moment. It asks what constitutes spiritual care and conversation with those whose minds and bodies are failing. Part 2 provides simple service outlines for reconnecting with old treasures and includes liturgies for communion services, services of the word and remembering special days. Parts 3 and 4 offer imaginative ideas for pastoral practices and spiritual activities using prayer, song, laughter, memory, touch, anointing and more to address questions of loss, letting go, forgiveness, dying and resurrection.

Oral Literacies Sam Duncan, 2020-12-23 This is the first book to focus exclusively on an examination of early 21st century adult reading aloud. The dominant contemporary image of reading in much of the world is that of a silent, solitary activity. This book challenges this dominant discourse, acknowledging the diversity of reading practices that adults perform or experience in different communities, languages, contexts and phases of our lives, outlining potential educational implications and next steps for literacy teaching and research. By documenting and analysing the diversity of oral reading practices that adults take part in, on and offline, this book explores contemporary reading aloud as hugely varied, often invisible and yet quietly ubiquitous. Duncan discusses questions such as: What, where, how and why do adults read aloud or listen to others reading? How do couples, families and groups use oral reading as a way of being together? When and why do adults read aloud at work? And why do some people read aloud in languages they may not speak or understand? This book is key reading for advanced students, researchers and scholars of literacy practices and literacy education within education, applied linguistics and related areas.

Mysterion Seeking Understanding Ian S. Markham, Jeremy Means-Koss, 2022-10-21 The common misconception is that first came the church and then came the sacraments The reality is that first came God s grace and then came the church and then the church found visible ways to see the invisible grace God bestows The resulting perspective shift puts Christ where Paul would have us put him as the head of the church and author of our salvation This book invites us to see and write about the sacraments not as mere band aids to the problems we face but as lenses for examining our church Some of the authors delve deep into intellectual conceptions while others make plain what has always seemed so extravagant The thread they all hold onto however is the desire to help the reader see sacramentality as something wonderful rather than archaic and to find deep value for sacramentality and the
