

NEW YORK TIMES BESTSELLING AUTHOR OF *TO SAY NOTHING OF THE DOG*

CONNIE WILLIS

Doomsday Book

A NOVEL OF THE OXFORD TIME TRAVEL SERIES

Doomsday Oxford Time Travel 1 Connie Willis

Carissa Turner Smith

Doomsday Oxford Time Travel 1 Connie Willis:

Connie Willis's Science Fiction Carissa Turner Smith, 2022-10-31 In spite of Connie Willis's numerous science fiction awards and her groundbreaking history as a woman in the field there is a surprising dearth of critical publication surrounding her work Taking Doomsday Book as its cue this collection argues that Connie Willis's most famous novel along with the rest of her oeuvre performs science fiction's task of cognitive estrangement by highlighting our human inability to read the times correctly and yet also affirming the ethical imperative to attempt to truly observe and record our temporal location Willis's fiction emphasizes that doomsdays happen every day and they risk being forgotten by some even as their trauma repeats for others However disasters also have the potential to upend accepted knowledge and transform the social order for the better and this collection considers the ways that Willis pairs comic and tragic modes to reflect these uncertainties

Doomsday Book Connie Willis, 2011-01-05 Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil suffering and the indomitable will of the human spirit A tour de force The New York Times Book Review For Kivrin preparing to travel back in time to study one of the deadliest eras in humanity's history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone For her instructors in the twenty first century it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her In a time of superstition and fear Kivrin barely of age herself finds she has become an unlikely angel of hope during one of history's darkest hours *Doomsday Book* Connie Willis, 1992 A time traveler is stranded in medieval Europe during the Black Death *Interface between Literature and Science* Victoria Carpenter, 2015-05-13 The boundaries of science and literature are permeable they are continuously crossed and illuminated by a variety of narrative forms and their interpretations Changes in our perception of the world are informed in equal measure by scientific and humanistic disciplines This volume treats both literary and scientific texts as products of the human mind therefore abiding by all the rules it creates scientific and humanistic alike The volume does not propose to replace all literary or discourse analysis with a cross disciplinary science based approach but rather uses this theoretical stance when more conventional means fail to explain or even explore the intricacies of a text It argues that scientific discourse can also be analysed through the prism of literary theories since all texts are governed in varying measure by the unity of contexts that characterize their nature the process of their creation and their place in the cognitive realm of humanity This approach will allow the nature and limitations of scientific research to be questioned while opening up more venues to explore scientific creativity that crosses the subject boundaries of science and humanities Latin American literature offers many examples of the interconnection between literary and scientific discourse Notwithstanding the often explored relationship between Jorge Luis Borges's literary themes and contemporary scientific discoveries a more general

question should be asked is the influence of scientific thought a privilege of the select few or is it indeed an all pervading experience in Latin American literary narrative from late modernism to present day This book explores the texts that overtly incorporate scientific content or are structured in such a way that immediately reminds the reader of a scientific phenomenon it will also examine the texts that are presented in such a way that a conventional literary analysis does not help penetrate the many narrative layers that the text comprises The volume offers cross disciplinary readings of such authors as Jorge Luis Borges Gabriel Garc a M rquez Ernesto S bato and Gustavo Sainz to name but a few

□□□□□□□□ □□□□500□□□ □□
□□□,2013-08-01 500 **The Romance of Origins** Gayle Margherita,2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas *What Do I Read Next?* ,1998

Fantasy Literature for Children and Young Adults Ruth Nadelman Lynn,1995-01-30 Drawing on distinguished review sources this updated and expanded guide recommends more than 4 800 American and British fantasy novels and anthologies including nearly 1 500 new to this edition Ten topical chapters embrace the entire range of fantasy literature from allegory to witchcraft Detailed annotations note major awards won review citations suggested reading level other related titles by the author and more Back cover *History and Speculative Fiction* John L. Hennessey,2023-12-14 This open access book demonstrates that despite different epistemological starting points history and speculative fiction perform similar work in making the strange familiar and making the familiar strange by taking their readers on journeys through space and time Excellent history like excellent speculative fiction should cause readers to reconsider crucial aspects of their society that they normally overlook or lead them to reflect on radically different forms of social organization Drawing on Gunl g Fur s postcolonial concept of concurrences and with contributions that explore diverse examples of speculative fiction and historical encounters using a variety of disciplinary approaches this volume provides new perspectives on colonialism ecological destruction the nature of humanity and how to envision a better future **Fire Watch** Connie Willis,2010-01-13 Winner of six Nebula and five Hugo awards Connie Willis is one of the most acclaimed and imaginative authors of our time Her startling and powerful works have redefined the boundaries of contemporary science fiction Here in one volume are twelve of her greatest stories including double award winner Fire Watch set in the universe of Doomsday Book and To Say Nothing of the Dog in which a time traveling student learns one of history s hardest lessons In A Letter from the Clearys a routine message from distant friends shatters the fragile world of a beleaguered family In The Sidon in the Mirror a mutant with the unconscious urge to become other people finds himself becoming both killer and victim Disturbing revealing and provocative this remarkable collection of short fiction brings together some of the best work of an incomparable writer whose ability to amaze confound and enlighten never fails *Library Journal* ,1992 Includes beginning Sept 15 1954 and on the

15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **Book Review Digest** ,1993 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher **All Clear** Connie Willis,2010 A follow up to Blackout finds its time traveling protagonists landing during the Blitz of England in World War II By the Science Fiction Hall of Fame Nebula Award and Hugo Award winning author of The Doomsday Book **Blackout** Connie Willis,2010 Stranded in the past during World War II three researchers from the future investigate period behavior and seek each other out in a shared effort to return to their own time By the multiple Nebula and Hugo Award winning author of The Doomsday Book **AB Bookman's Weekly** ,1994 *Time is the Fire* Connie Willis,2013-08-08 This new collection of stories from the multi award winning author of Doomsday Book and To Say Nothing of the Dog contains A Letter from the Clearys At the Rialto Death on the Nile The Soul Selects Her own Society Fire Watch Inside Job Even the Queen The Winds of Marble Arch All Seated on the Ground Last of the Winnebagos Ten stories which have all won the Hugo Award the Nebula Award or both are compulsory reading for the serious science fiction fan
