Dreams, Evolution, and Value Fulfillment, Vol 1 Jane Roberts, 2011-07-08 From the Bestselling Author of Seth Speaks and The Nature of Personal Reality In this first volume of Dreams Evolution and Value Fulfillment Seth takes us on an odyssey to identify the origins of our universe and our species He asserts that consciousness units form the basis of all energy and matter and charts a conscious self aware universe that is constantly recreated by our own thoughts dreams and desires Illuminating the part that humans play in the greater scheme of things he suggests that we are alive not only for the continuation of the species but to add to the very quality of life itself Other fascinating topics include The role dreams play in the creation of language and technology The relationship between genetic heritage and reincarnation How creativity provides a link with the source of all existence The true power of the imagination and the importance of broadening its scope A discussion of value fulfillment or the yearning to enhance the quality of life as a fundamental desire in all life forms Stimulating and provocative this long awaited book answers crucial questions about the entire significance of Seth s system of thought When I speak of the dream world I am not referring to some imaginary realm but to the kind of world of ideas of thoughts of mental actions out of which all form as you think of it emerges In actuality this is an inner universe rather than an inner world Your physical reality is but one materialization of that inner organization Jane Roberts Speaking for Seth

Swan Song Mali Berger,2011-05-23 Swan

Song The Great Magical Unknowing Elegance emerged from a desire to write an inside story an autobiography of the dream muse and odd vision that never quite lets go of our memory These inner senses from childhood to old age wanted a book in fact demanded one I recalled a story about an old wisdom woman in Ireland who each morning chose one of her lifetime journals let it fall open to any page and then spent her rocking chair days remembering that single day out of her years Climbing a ladder I pulled down twenty five years of dated journals stacked them on a wooden table and proceeded to draw out memorable events that I used for Book One of Swan Song created in New York City It was becoming a novel with actual events that I had lived However something totally mysterious occurred I began to experience the strangest dreams of my life Several times a week I would find myself in Medieval Galway Ireland in a poor tenement or slum in the loft of Brian I was telling him that he and his love must leave because bad times were coming Brian saw me wasnt afraid believed my words and made plans for himself and his love Daniela to immigrate to New York I dont want to tell readers anything else about the dreams or how they took over the novel and my life as I flew from JFK to Galway to dream the story on location I have known for a long time that the inner senses control our outer physical life Not the other way around We are taught that what happens during our awake days may become dreams Wrong Our dreams come first and regulate our physical days Many years ago I read a few of Jane Roberts Seth books Now in the midst of Swan Song his ideas flowered again Thus the autobiography fiction and research novel took on a whole new life and my inside story truly became The Great Magical Unknowing Elegance
