Shek, 2023-05-23 Synopsis *A Jinx Called Joe* is a semi autobiography based on Joe's experience. Jinx was the name that the
father assigned to Joe and the word has permanently been embedded in Joe's painful memory. His life did not belong to him.
Struggling his whole life since birth, Joe decided to survive independently. Lacking any support, Joe had to force himself to be
brave and strong to overcome every uphill battle because he had no other choice. To escape from the abuse from the father,
Joe had only two paths: committing suicide or risking everything to fight against the father. *A Jinx Called Joe* is an account of
the struggle for the meaning of life and self-worth. With no strong literacy background, only sincere words and genuine
feelings can touch the readers. Written by someone who was broken, the tale was born to seek to advocate empathy. Writing
Style This book possesses a unique writing style inspired by *A Concise Chinese English Dictionary for Lovers* by Xiaolu Guo. A
strong personality can be found in the first person point of view. Some English sentences do not follow the grammar rules
with some Chinese writing elements □ *Language Across the Curriculum & CLIL in English as an Additional Language (EAL)*
Contexts Angel M.Y. Lin, 2016-09-15 This book will be of interest to a broad readership regardless of whether they have a
background in sociolinguistics, functional linguistics or genre theories. It presents an accessible meta-language, i.e. a language
for talking about language that is workable and usable for teachers and researchers from both language and content
backgrounds, thus facilitating collaboration across content and language subject panels. Chapters 1 to 3 lay the theoretical
foundation of this common meta-language by critically reviewing systematically presenting and integrating key theoretical
resources for teachers and researchers in this field. In turn, Chapters 4 to 7 focus on issues in pedagogy and assessment and
on school-based approaches to LAC and CLIL, drawing on both research studies and the experiences of front-line teachers
and school administrators. Chapter 8 provides a critical and reflexive angle on the field by asking difficult questions regarding
how LAC and CLIL are often situated in contexts characterized by inequality of access to the linguistic and cultural capitals
where the local languages of the students are usually neglected or viewed unfavourably in relation to the L2 in mainstream
society and where teachers are usually positioned as recipients of knowledge rather than makers of knowledge. In closing,
Chapter 9 reviews the state of the art in the field and proposes directions for future inquiry □ *Hong Kong Politics after the*
National Security Law Stephan Ortmann, Raymond Kwun-Sun Lau, Kenneth Ka-Lok Chan, 2025-04-22 Ortmann, Lau and Chan
together with the contributors provide an innovative assessment of the impact of the National Security Law on Hong Kong
politics. The law was introduced by the Chinese government in 2020 and has since fundamentally transformed the political
landscape of the former British colony. The book explores how Hong Kong's transformation in governance, law, education and

civil society has amounted to one of the most significant episodes of autocratization in the world in recent years Each chapter provides theoretical and methodological approaches to capture the different dimensions of the influence of the National Security Law on Hong Kong politics The trends discussed in the book are of global relevance to the discussion of the current trends of increasing autocratization and this provides insights into the institutional transformations and the adaptive response from Hong Kongers Also the extra territorial application of China's National Security Law has inevitably global implications which makes it important to investigate how the Hong Kong overseas diasporas are responding to these challenges The book is an indispensable resource for scholars and experts on Hong Kong Politics China's policy toward Hong Kong international policymakers journalists students and those who are interested in the growing global trend of autocratization
