L'enseignement philosophique et l'agrégation de philosophie Émile Durkheim, 2024-10-26 Émile Durkheim minent sociologue et philosophe propose une analyse approfondie des méthodes d'enseignement de la philosophie en France tout en examinant le rôle et l'importance de l'agrégation dans la formation des professeurs de philosophie Durkheim y explore la manière dont la philosophie est enseignée dans les établissements scolaires et universitaires en soulignant les défis auxquels sont confrontés les enseignants dans la transmission de cette discipline complexe Durkheim met en lumière la nécessité d'une réflexion sur les objectifs de l'enseignement philosophique notamment en ce qui concerne la formation du jugement critique et leveil de la pensée autonome chez les étudiants

L'enseignement philosophique et l'agrégation de philosophie Emile Durkheim, 2024-01-13 Il y a trois ans environ le bruit courut que la philosophie était la veille de disparaître plus ou moins complètement du programme de nos lycées Nous ignorons dans quelle mesure cette rumeur était fondée Toujours est-il que le danger si danger il y eut fut provisoirement conjuré les quelques formes de détail qui furent alors adoptées n'entamèrent pas sérieusement l'organisation traditionnelle de la classe de philosophie ni ne modifièrent d'une manière sensible les conditions dans lesquelles elle se recrutait Remis d'une alarme aussi chaude les philosophes crurent trop facilement que l'orage était définitivement passé Au lieu de mettre profit leur succès pour faire d'eux mêmes leur examen de conscience pour s'interroger spontanément sur ce que pouvaient avoir de juste les reproches qui leur étaient adressés ils crurent que le mieux était de se taire et de se faire oublier Cependant si leurs positions restaient Peu près intactes l'adversaire était loin d'avoir désarmé le mouvement d'opinion qu'ils avaient parvenus contenir ne faisait même que gagner du terrain Quelque retour offensif était inévitable Et en effet il suffit d'un article humoristique paru dans la Revue bleue pour tout remettre en question Cette fois on comprit que la politique du silence n'était

plus de mise car le grand public se trouvait saisi et il tait n cessaire de l clairer Aussi les ma tres de notre enseignement philosophique accept rent ils l hospitalit qui leur fut offerte par la Revue m me qui avait ouvert le d bat et vinrent ils tour de r le nous donner leur avis Leurs r ponses ont t depuis r unies dans un m me volume qui a paru sous ce titre Pour et contre l enseignement philosophique

Traite de Philosophie Et de Psychologie Emile Durkheim, 2016-04-22 On a souvent agite la question de savoir si la philosophie etait une science dans quelle mesure elle en etait une et quels etaient ses rapports avec les autres sciences Quatre sciences sont donc a distinguer dans la philosophie la psychologie la logique la morale la metaphysique En ce qui concerne la Psychologie son objet on le rappelle est de decrire les etats de conscience et les reduire a un certain nombre de types generaux Mais les phenomenes qu etudie la psychologie ont de frequentes relations avec d autres phenomenes dont il faut les distinguer Sans se demander si le principe intellectuel est materiel ou non on constate que le corps a d etroits rapports avec l ame On peut presque dire que rien ne s y passe qui n ait son echo dans l ame Le fait d ailleurs est reciproque Emile Durkheim l un des peres fondateurs de la sociologie francaise moderne a d abord enseigne la philosophie avant d entreprendre la redaction d ouvrages de sociologie
