## **Diversity Crime And Justice In Canada:**

*Diversity, Crime, and Justice in Canada* Barbara Jean Perry, 2018 In *Diversity Crime and Justice in Canada* hate crime specialist Barbara Perry brings together 17 of the country's leading scholars to address issues of inequality as they intersect with crime and social justice. Students will discover how collective identities not just of race, class and gender but of religion, ability, sexuality, age play a crucial part in determining the nature of an individual's encounter with the criminal justice system. Integrating themes of history and context, power and powerlessness and social and political action throughout the text examines the concept of difference, the specific issues that different groups face with respect to the justice system and the kinds of reform necessary to mitigate inequalities. Thoroughly updated throughout, the second edition includes new pedagogical features that immerse students in the practicalities of criminal and social justice. The Making a Difference activity at the end of each chapter encourages students to create social change and the new Case Study boxes explore a range of current and historical cases. The addition of a striking new visual program ensures that the second edition of *Diversity Crime and Justice in Canada* will be an invaluable resource for any course that examines social inequality in relation to the Canadian criminal justice system. ### **Racialization, Crime, and Criminal Justice in Canada**

Wendy Chan, Dorothy Chunn, 2014-04-29 Race still matters in Canada and in the context of crime and criminal justice it matters a lot. In this book the authors focus on the ways in which racial minority groups are criminalized as well as the ways in which the Canadian criminal justice system is racialized. Employing an intersectional analysis, Chan and Chunn explore how the connection between race and crime is further affected by class, gender and other social relations. The text covers not only conventional topics such as policing, sentencing and the media but also neglected areas such as the criminalization of immigration, poverty and mental illness.

This book synthesises and extends knowledge about stop and search practices across a range of jurisdictions and contexts. It explores the use of stop and search powers in relation to street crime, terrorism and unauthorised migration in Britain, North America, Europe, Australia, Africa and Asia. *Re-Imagining the Other* M. Eid,K. Karim,2014-07-24 The twenty first century exploded into the global imagination with unforgettable scenes of death and destruction An apocalyptic clash of civilizations seemed to be waged between two old foes the West and Islam However the decade long and ruinous war on terror has prompted re assessments of the militaristic approach to Western Muslim relations A growing number of academics policymakers religious leaders journalists and activists view the struggles as resulting from a clash of ignorance *Re imagining the Other* examines the ways in which knowledge is manipulated by dominant Western and Muslim discourses Authors from several disciplines study how the two societies have constructed images of each other in historical and contemporary times The complexities and subtleties of their mutually productive relationship are overshadowed by portrayals of unrelenting clash thus serving as encouragement for the promotion of war and terrorism The book proposes specific approaches to re imagine the Other in order to mitigate Western Muslim conflict *Higher Education Internationalization and English Language Instruction* Xiangying Huo,2020-11-07 This book offers new understanding of the implications of pluralism and of transnational movements to higher education and the construct of a native speaker within contemporary globalization processes Theoretically it calls for a revisioned English as an

International Language EIL pedagogy and a wider acceptance of EIL and of World Englishes It challenges the postsecondary education sector to change the discourse around language proficiency to one that engages the pluralism of English As for the applied significance the book contributes to the work on neo racism which means racism goes beyond color to stereotypic foreign cultures nationalities and exotic accents based on cultural distinctions instead of merely skin differences The book contributes to higher education policy and practice pushing a revisioning of ESL in conceptual and pedagogical ways such as designing more culturally oriented curriculum implementing culturally responsive pedagogy and valuing the teaching proficiency more than the language proficiency **White Space** Daniel J. Keyes, Luis L.M. Aguiar, 2021-12-15 Much

attention has been paid to race in the Canadian metropolis but how are the workings of whiteness manifested in the rural urban White Space analyzes the dominance of whiteness in the Okanagan Valley of British Columbia to expose how this racial notion sustains forms of settler privilege today Contributors to this perceptive collection critique the cultural economics of whiteness and white supremacy The first half documents the historical construction of whiteness how settlers and their ancestors have sought to exalt pioneers by erasing non whites from the region s heritage while Indigenous people resist this white out The second half explores the persistence of whiteness as an organizing principle in the neoliberal deindustrialized present White Space moves beyond appraising whiteness as if it were a solid and unshakable category Instead it offers a powerful demonstration of how the concept can be re envisioned resisted and reshaped in contexts of economic change
