important field of journalism scholarship      The Gods' Machines Wun Chok Bong,2008-05-27 Based on the author's decipherment of prehistoric carvings and the application of mathematical measurements The Gods Machines shows how unknown phenomena from Angkor Wat to Stonehenge to crop circles are actually powerhouses built by an advanced extraterrestrial civilization for tapping electromagnetic energy The book traces the development of that civilization on Earth over 5 000 years revealing how all these structures are aligned according to a universal formula an angle of 135 degrees at which Earth's energy has been tapped by the alien creators of these monuments These fascinating theories not only explain our distant past but also open the door to a future of power technology and space travel Megalithic sites such as Newgrange and Stonehenge are constructed with quartz and iron rich stones with electrical conduction properties minerals also found atop Aztec temple and inside crop circles These stones according to the author served as dry cell batteries when heated and stressed and supplied energy to the builders traveling vehicles Most interestingly the author has tested his theory on today's crop circles The Gods Machines is certain to stimulate debate among readers interested in alternative history ancient civilization and extraterrestrial intelligence      *The Ash Museum* Rebecca Smith,2021-05-03 Through ten decades and across three continents The Ash Museum is an intergenerational story of loss migration and the search for somewhere to feel at home      Beloved Outcaste Marlene Westberg,2004-08-16 A seven year old boy an outcaste in India travels to Scotland with his adoptive parents retired missionaries A recent convert the boy chooses David as his Christian name His first offer of friendship comes from Molly the minister's daughter Growing up as kindred spirits they share many adventures and misadventures some humorous others heartrending Society's condemnation of mixed marriages forces David and Molly to deny deepening affection for one another Separate paths take them to Indian cities hundreds of miles apart Reunited years later will they follow their hearts      **Map Link Catalog** ,2007      Alexander the Great in Bible Prophecy Leonides V. Landicho,2023-06-05 This book aims to offer a biblical perspective on Alexander's story As John Calvin wrote That He presides over all wars and gives victory to whomsoever he pleases that none may think that it happens by chance His conquest of the Achaemenid Persian Empire in just over a decade is impressive but what were the chances of winning all the battles in this massive campaign Military schools have analyzed Alexander's biography and military strategies trying to decipher his winning formula Is there really a winning formula in war Historians and writers attribute Alexander's successes to his boldness adaptability charisma and strategic vision Then A.W. Pink wrote To say that God is sovereign is to declare that He is The Governor among nations Psalm 22:28 setting up a kingdom overthrowing empires and determining the course of dynasties as pleaseth Him best This book is about ancient history pre-written before the beginning of time      Communication and Tourism Michael Tsangaris,2024-06-04 The nexus of human mobility and communication is intricate and this volume uncovers the deep-rooted significance of tourism and media From antiquity to modern-day Western communication systems have artfully crafted the allure of destinations making places irresistible to the travellers At its core

this book proposes that the impetus for travel is a primal human necessity rooted in our inherent need for movement consciousness expansion and cultural development Featuring Greek civilization as a case study the book reveals how the rich cultural capital of modern Greece long admired and assimilated by many global cultures has immensely contributed to Greece s contemporary tourism imaginary Readers are challenged to look beyond prevailing practices where tourism management and marketing are the driving force for commercial exchange but to encompass its broader essence as a vital human function leading to richer experiences It will be of interest to academics within areas related to tourism studies mobility studies mass media communication and cultural studies      **DK Eyewitness Travel Guide** DK Publishing, 2014
