caminos en la investigación de los años 20 en España Harald Wentzlaff-Eggebert, 2011-04-20 Why the Twenties Recent scholarship has been pointing out more and more clearly that in Spain too the Twenties were a period in which both radical and varied change was being striven for An obsolete mainstream cultural practice was being confronted by an increasing interest in such novelties as sports jazz bands silent movies or even the first stirrings of feminism It is the decade of reviews promoting various isms from ultraism to surrealism and of Valle Inclán's grotesque esperpento which heralded the fall of Primo de Rivera's dictatorship The essays assembled here treat some of these and many other aspects The authors base their contributions on recent criticism and many years of dedication to the field and propose new directions for fertile future investigations

Celestina's Brood Roberto González Echevarría, 1993 Published in 1499 and centered on the figure of a bawd and witch Fernando de Rojas' dark and disturbing *Celestina* was destined to become the most suppressed classic in Spanish literary history Routinely ignored in Spanish letters the book nonetheless echoes through contemporary Spanish and Latin American literature This is the phenomenon that *Celestina's Brood* explores Roberto González Echevarría one of the most eminent and influential critics of Hispanic literature writing today uses Rojas' text as his starting point to offer an exploration of modernity in the Hispanic literary tradition and of the Baroque as an expression of the modern His analysis of *Celestina* reveals the relentless probing of the limits of language and morality that mark the work as the beginning of literary modernity in Spanish and the start of a tradition distinguished by a penchant for the excesses of the Baroque González

Echevarría pursues this tradition and its meaning through the works of major figures such as Cervantes Lope de Vega Calderón de la Barca Alejo Carpentier Carlos Fuentes Gabriel García Márquez Nicolás Guillén and Severo Sarduy as well as through the works of lesser known authors By revealing continuities of the Baroque *Celestina*'s Brood cuts across conventional distinctions between Spanish and Latin American literary traditions to show their profound and previously unimagined affinity *Unspeakable Subjects* Jacques Lezra, 1997 In readings that link works of Cervantes Shakespeare and Descartes with current debates in philosophy psychoanalysis and literary and cultural criticism the author reassesses the grounds of literary and philosophical history as a materialist practice of eventful reading *Gender and Modernity in Spanish Literature* Elizabeth Smith Rousselle, 2014-10-02 Using each chapter to juxtapose works by one female and one male Spanish writer *Gender and Modernity in Spanish Literature 1789-1920* explores the concept of Spanish modernity Issues explored include the changing roles of women the male hysteric and the mother and Don Juan figure
