Introduction

This ungraded summary is for the teacher's use only and should not be given to students.

The story

Jonathan Harker works as an estate agent in England. He is asked to buy a house in England for Count Dracula, who lives in Transylvania. After buying the house, Jonathan has to go out to visit Count Dracula, because he has to take him some papers to sign. Dracula lives in a strange old isolated castle, and he himself is very strange. In particular, one day, Jonathan notices that he cannot see Dracula in a mirror.

One night, Jonathan sees the count on the wall of the castle. He is climbing down the wall, with his head down, like a horrible black bird. Another night, he meets three women, who all want to kiss him. Dracula appears, and chases the women away. At this point, Jonathan realizes that they must be vampires. One day, Jonathan finds a strange room, with about fifty coffins in it, full of earth. In one of the coffins lies the count, neither dead nor alive. Jonathan realizes that he must escape from the castle.

While Jonathan is in Transylvania, his fiancée Mina and her friends Lucy and Arthur are in Whitby, in England. A Russian ship is wrecked on the coast. Shortly after, Lucy falls ill and Mina notices that there are two strange drops of blood on her neck – clearly Dracula has come to England. Lucy dies, and then strange things begin to happen. Lucy's body is leaving her coffin at night and going out as a vampire, looking for young children. This can only be stopped, and Lucy left in peace, when a piece of wood is hammered through her heart.

Jonathan has now returned to England and is married to Mina. But, one day, Dracula manages to drink her blood. Jonathan realizes that she will die – but that unless they can kill Dracula, she will remain a vampire for ever.

Jonathan, Arthur, and their friends Jack and Van Helsing, learn that Dracula is returning to Transylvania. They pursue him, find him in his coffin, and hammer a piece of wood through his heart to kill him.

Background to the story

In *Dracula*, Bram Stoker used the traditional vampire legends of south-east Europe as the setting for his story. Stories about vampires have existed in this part of the world for thousands of years, but vampire stories became very popular in the eighteenth century.

Stoker was born and brought up in Ireland, and worked first as a civil servant in Dublin, where he married Florence Balcombe, a Dublin girl who had once nearly married Oscar Wilde. Stoker, like Wilde, was fascinated by the theatre, and in 1878 he moved to London, where he became the business manager of the famous actor, Sir Henry Irving.

Stoker himself said that the idea of the story of *Dracula* came to him in a bad dream (interestingly, Stevenson's *Dr Jekyll and Mr Hyde* was also the result of a nightmare). After a large meal of crab meat, Stoker dreamed that he was being attacked by an enormous crab, and this, combined with the stories he had already heard about vampires, became the basis for the story of *Dracula*.

- 4 If there is a recording of this title, play the first few pages and stop at an interesting point.

monster theory Dracula's Crypt Joseph Valente, 2002 An ingenious reappraisal of a classic text *Dracula's Crypt* presents Stoker's novel as a subtly ironic commentary on England's preoccupation with racial purity Probing psychobiographical political and cultural elements of Stoker's background and milieu Joseph Valente distinguishes Stoker's viewpoint from that of his virulently racist hypermasculine vampire hunters showing how the author's dual Anglo Celtic heritage and uncertain status as an Irish parvenu among London's theatrical elite led him to espouse a progressive racial ideology at odds with the dominant Anglo Saxon supremacism In the light of Stoker's experience the shabby genteel Count Dracula can be seen as a doppelganger an ambiguous figure who is at once the blood conscious landed aristocrat and the bloodthirsty foreign invader

BOOK JACKET *Dracula's Tale* Ron Minyard, **The Vampire as Numinous Experience** Beth E. McDonald, 2015-01-24 The critical work examines the vampire as a spiritual figure whether literal or metaphorical analyzing how the use of the vampire in literature has served to convey both a human sense of alienation from the divine and a desire to overcome that alienation While expressing isolation the vampire also represents the transcendent agent through which individuals and societies must confront questions about innate good or evil and belief in the divine and the afterlife Textual experiences of the numinous in the form of the vampire propel the subject on a spiritual journey involving both psychological and religious qualities Through this journey the reader and the main character may begin to understand the value of their existence and the divine A variety of works poetry and fiction by British and American authors is discussed with particular concentration on Coleridge's *The Rime of the Ancient Mariner* Bram Stoker's *Dracula* and Anne Rice's *Vampire Chronicles* as representative of the Romantic Victorian and late twentieth century periods of literature A conclusion looks at the future of the literary vampire

Contested Masculinities

Nalin Jayasena, 2013-10-18 Exploring how English masculinity that was so contingent on the relative health of the British imperial project negotiated the decline and ultimate dissolution of the empire by the middle of the twentieth century this book argues that by defining itself in relation to indigenous masculinity English masculinity began to share a common idiom with its colonial other The rhetoric of indigenous masculinity therefore both mimicked and departed from its metropolitan counterpart The study combines an interdisciplinary approach with a focus that is not limited to a single colonial society but ranges from colonial Bengal Burma Borneo and finally to colonial Australia

The New Nineteenth Century

Barbara Leah Harman, Susan Meyer, 2012-11-12 This book includes essays on writers from the 1840s to the 1890s well known writers such as Anne Bronte Wilkie Collins and Bram Stoker lesser known writers such as Geraldine Jewsbury Charles Reade Margaret Oliphant George Moore Sarah Grand and Mary Ward The contributors explore important thematic concerns the relation between private and public realms gender and social class sexuality and the marketplace and male and female cultural identity

Dracula and Other Vampires

Heather Moore Niver, 2015-07-15 This is an entertaining look at the vampire phenomenon Beginning with a full bodied history on the appearance of vampires in early literature and moving on to more modern film and television iterations including Twilight True Blood and even Count von Count on Sesame Street this book takes a bite out of vampire lore to show how readers and theatergoers have always been fascinated by these creatures of the night It also explains how vampires have changed physically over the years a major feat for an undead creature The resource ends with a filmography that gives details on most major vampire films

Metamorphoses of the Vampire in Literature and Film Erik Butler, 2010 For the last three hundred years fictions of the vampire have fed off anxieties about cultural continuity Though commonly represented as a parasitic aggressor from without the vampire is in fact a native of Europe and its metamorphoses to quote Baudelaire a distorted image of social transformation Because the vampire grows strong whenever and wherever traditions weaken its representations have multiplied with every political economic and technological revolution from the eighteenth century on Today in the age of globalization vampire fictions are more virulent than ever and the monster enjoys hunting grounds as vast as the international market *Metamorphoses of the Vampire* explains why representations of vampirism began in the eighteenth century flourished in the nineteenth and came to eclipse nearly all other forms of monstrosity in the early twentieth century Many of the works by French and German authors discussed here have never been presented to students and scholars in the English speaking world While there are many excellent studies that examine Victorian vampires the undead in cinema contemporary vampire fictions and the vampire in folklore until now

no work has attempted to account for the unifying logic that underlies the vampire's many and often apparently contradictory forms Erik Butler holds a PhD from Yale University and has taught at Emory University and Swarthmore College His publications include *The Bellum Gramaticale and the Rise of European Literature 2010* and a translation with commentary of *Regrowth Vidervuks* by the Soviet Jewish author Der Nister 2011

Medialogies David R. Castillo, William Egginton, 2016-11-17 We are living in a time of inflationary media While technological change has periodically altered and advanced the ways humans process and transmit knowledge for the last 100 years the media with which we produce transmit and record ideas have multiplied in kind speed and power Saturation in media is provoking a crisis in how we perceive and understand reality Media become inflationary when the scope of their representation of the world outgrows the confines of their culture's prior grasp of reality We call the resulting concept of reality that emerges the culture's medialogy *Medialogies* offers a highly innovative approach to the contemporary construction of reality in cultural political and economic domains Castillo and Egginton both luminary scholars combine a very accessible style with profound theoretical analysis relying not only on works of philosophy and political theory but also on novels Hollywood films and mass media phenomena The book invites us to reconsider the way reality is constructed and how truth sovereignty agency and authority are understood from the everyday philosophical and political points of view A powerful analysis of actuality with its roots in early modernity this work is crucial to understanding reality in the information age

In Darkest London Jamieson Ridenhour, 2012-12-27 During the 19th century London was a complex vibrant and multi faceted city the first true metropolis As such it contained within it a widely disparate array of worlds and cultures Representations of London in literature varied just as widely In the late 1830s London began appearing as a site of literary terror and by the end of the century a large proportion of the important Victorian Gothic revival novels were set in the city *The Strange Case of Dr Jekyll and Mr Hyde* *The Picture of Dorian Gray* *The Three Impostors* *The Beetle* *Dracula* and many others *In Darkest London* is a

full length study of the Victorian Urban Gothic a pervasive mode that appears not only in straightforward novels of terror like those mentioned above but also in the works of mainstream authors such as Charles Dickens and in the journalism and travel literature of the time In this volume author Jamieson Ridenhour looks beyond broad considerations of the Gothic as a historical mode to explore the development of London and the concurrent rise of the Urban Gothic He also considers very specific aspects of London s representation in these works and draws upon recent and then contemporary theories close readings of relevant texts and cartography to support and expand these ideas This book examines the work of both canonical and non canonical authors including Dickens Bram Stoker Robert Louis Stevenson G W M Reynolds Richard Marsh Arthur Machen Marie Belloc Lowndes and Oscar Wilde Placing the conventions of the Gothic form in their proper historical context In Darkest London will appeal to scholars and students interested in an in depth survey of the Urban Gothic

Rethinking Gothic Transgressions of Gender and Sexuality Sarah Faber, Kerstin-Anja Münsterlein, 2024-03-11 From early examples of queer representation in mainstream media to present day dissolutions of the human nature boundary the Gothic is always concerned with delineating and transgressing the norms that regulate society and speak to our collective fears and anxieties This volume examines British and American Gothic texts from four centuries and diverse media including novels films podcasts and games in case studies which outline the central relationship between the Gothic and transgression particularly gender ed and sexual transgression This relationship is both crucial and constantly shifting ever in the process of renegotiation as transgression defines the Gothic and society redefines transgression The case studies draw on a combination of well studied and under studied texts in order to arrive at a more comprehensive picture of transgression in the Gothic Pointing the way forward in Gothic Studies this original and nuanced combination of gendered Ecogothic queer and media critical approaches addresses established and new scholars of the Gothic alike
