(T.T.B.B.) ... Op. 59. (S.A.T.B.), etc Felix Mendelssohn-Bartholdy, 1875 Texts for Nothing and Other Shorter Prose, 1950-1976 Samuel Beckett, 2012-10-04 This is the last of three volumes of collected shorter prose to be published in the Faber edition of the works of Samuel Beckett which already includes a volume of early stories *The Expelled* *The Calmative* *The End* *First Love* and of late stories *Company* *Ill Seen* *Ill Said* *Worstward* *Ho* *Stirrings* *Still* The present volume contains all of the short fictions some of them no longer than a page written and published by Beckett between 1950 and the early 1970s Most were written in French and they mostly belong within three loose sequences *Texts for Nothing* *Fizzles* and *Residua* The edition also includes two remarkable independent narratives *From an Abandoned Work* and *As The Story Was Told* All of these texts whose unsleeping subject is themselves demonstrate that the short story is one of the recurrent modes of Beckett's imagination and occasions some of his greatest works he would like it to be my fault that words fail him of course words fail him He tells his story every five minutes saying it is not his there's cleverness for you He would like it to be my fault that he has no story of course he has no story that's no reason for trying to foist one on me *Dreamgates* Robert Moss, 2010 A world renowned authority on the history uses and power of dreaming Robert Moss guides neophyte and experienced adventurers alike to open their own dreamgates Through these gates await otherwise inaccessible realms of reality as well as soul remembering the recovering of knowledge that belonged to us before we came into this life experience Exercises meditations and the mesmerizing tales of fellow dream travelers outline Moss's Active Dreaming technique a kind of shamanic soul flight that offers frequent flyers a passport between worlds In this world beyond physical reality Moss points to wellsprings of healing creativity and insight As readers move into these different ways of seeing and knowing they may also communicate with spiritual guides and departed loved ones in ways that transform their everyday lives The Sacred Network Chris H. Hardy, 2011-02-23 How sacred sites amplify the energies of consciousness the earth and the universe Examines the web of geometrical patterns linking sacred sites worldwide with special focus on the sacred network of ley lines in Paris Unveils the coming state of shared consciousness for humanity fueled by the sacred network Reveals how consciousness is a tangible form of energy First marked by the standing stones of our megalithic ancestors the world's sacred sites are not only places of spiritual energy but also hubs of cosmic energy and earthly energy Generation upon generation has recognized the power of these sites with the result that each dominant culture builds their religious structures on the same spots the Cathedral of Notre Dame in Paris for example was constructed over a Temple to Diana that in turn had been built over a stone pillar worshipped by the Gauls In *The Sacred Network* Chris Hardy shows how the world's sacred sites coincide with the intersections of energetic waves from

the earth's geomagnetic field and how via their megaliths temples and steeples these sites act as antennae for the energies of the cosmos Delving deeply in to Paris's sacred network she also explores the intricate geometrical patterns created by the alignments of churches and monuments such as pentagrams and Stars of David Revealing that consciousness is a tangible energy she explains how the sacred network is fueling an 8 000 year evolutionary cycle initiated by our megalithic ancestors that will soon culminate in a new state of shared consciousness for humanity

Dreamways of

the Iroquois Robert Moss, 2004-12-16 Explores the ancient Iroquois tradition of dreams healing and the recovery of the soul Explains Native American shamanic dream practices and their applications and purpose in modern life Shows how dreams call us to remember and honor our soul's true purpose Offers powerful Active Dreaming methods for regaining lost soul energy to restore our vitality and identity The ancient teaching of the Iroquois people is that dreams are experiences of the soul in which we may travel outside the body across time and space and into other dimensions or receive visitations from ancestors or spiritual guides Dreams also reveal the wishes of the soul calling us to move beyond our ego agendas and the web of other people's projections into a deeper more spirited life They call us to remember our sacred contracts and reclaim the knowledge that belonged to us on the levels of soul and spirit before we entered our present life experience In dreams we also discover where our vital soul energy may have gone missing through pain or trauma or heartbreak and how to get it back Robert Moss was called to these ways when he started dreaming in a language he did not know which proved to be an early form of the Mohawk Iroquois language From his personal experiences he developed a spirited approach to dreaming

and living that he calls *Active Dreaming Dreamways of the Iroquois* is at once a spiritual odyssey a tribute to the deep wisdom of the First Peoples a guide to healing our lives through dreamwork and an invitation to soul recovery Women Who Fly Serinity Young, 2018-01-02 From the beautiful apsaras of Hindu myth to the swan maidens of European fairy tales stories of flying women some carried by wings others by clouds rainbows floating scarves and flying horses reveal the perennial fascination with and ambivalence about female power and sexuality In *Women Who Fly* Serinity Young examines the motif of the flying woman as it appears in a wide variety of cultures and historical periods in legends myths rituals sacred narratives and artistic productions She considers supernatural women like the Valkyries of Norse legend who transport men to immortality winged deities like the Greek goddesses Iris and Nike figures of terror like the Furies witches and succubi airborne Christian mystics and wayward dangerous women like Lilith and Morgan le Fay Looking beyond the supernatural Young examines the modern mythology surrounding twentieth century female aviators like Amelia Earhart and Hanna Reitsch Throughout Young demonstrates that female power has always been inextricably linked with female sexuality and that the desire to control it is a pervasive theme in these stories This is vividly depicted for example in the twelfth century *Nibelungenlied* in which the proud warrior queen Brunnhilde loses her great physical strength when she is tricked into surrendering her virginity Even in the twentieth century the same idea is reflected in the exploits of the comic book and film character Wonder Woman who Young suggests retains her physical strength only because her love for fellow aviator Steve Trevor goes unrequited The first book to systematically chronicle the figure of the flying woman in myth literature art and pop culture *Women Who Fly* offers a fresh look at the ways in which women have both influenced and been understood by society and religious traditions throughout the ages and around the world Choice Vocal Duets by the Best Composers ; with Piano Accompaniment , 1885 The Life of Elves Muriel Barbery, 2025-01-01 Described as a truly enchanting story by the Irish Times the acclaimed author of *The Elegance of the Hedgehog* brings us a lyrical homage to the powers of nature and art told by two young girls who are destined to change the world Two foundling girls hundreds of miles apart discover a unique bond that will help them fight the forces of evil The villagers had never seen anything like it dense white curtains of snow that instantly transformed the landscape Not in autumn not here in Burgundy And on the same night a baby was discovered dark eyed little Maria who would transform all their lives Hundreds of miles away in the mountains of Abruzzo another foundling Clara astonishes everyone with her extraordinary talent for piano playing But her gifts go far beyond simple musicianship As a time of great danger looms though the girls know nothing of each other it is the bond that unites them and others like them which will ultimately offer the only chance for good to prevail in the world *Footdreams and Treetales* Elliot R. Wolfson, 2007 *Footdreams and Treetales* is a collection of ninety two poems spanning several decades Like paintings that attempt to render visible the invisible the poems reflect Wolfson's interests in philosophy the history of religions and in particular the mystical dimensions of Judaism Christianity Islam Hinduism Taoism and Buddhism Although

explicit references to the divine are rarely found in the poems they issue from an encounter with the mystery of transcendence performatively embodying the dialectic of concealment and disclosure Seeking to articulate the unsaying that makes possible all saying a response always on the way a word as yet unspoken these poems can be imagined in liturgical terms They do not utter words of conventional prayer but are a contemplative gaze at what eludes contemplation a present that comes to be in the future awaiting its past For Wolfson the poem is an opening to time which is at once an embrace of life and a preparation for death
