 Thematic Structure of Regional Chapters Fosters a more structured and penetrating treatment of geographic themes and
 concepts and facilitates comparisons of specif The Middle East and North Africa Alasdair Drysdale, 2024-10-15 This
 contemporary text the first in over a decade on the region presents the geography of the Middle East and North Africa
 defined as the Arab World Israel Turkey Iran and Afghanistan Thematically organized the book s eleven chapters focus on the
 region s physical and climatic setting demographic characteristics migration patterns religious and linguistic diversity
 political map offshore claims oil and gas resources and subregions and states Within this framework Drysdale emphasizes
 pressing current problems the impact of climate change in a region where some areas already suffer from extreme summer
 heat and aridity the challenge of providing additional water in a region where per capita availability of freshwater is already
 the lowest in the world the impact of high fertility and rapid population growth in a fragile environment where economies are
 often unable to absorb young workers entering the labor force the looming prospect of an aging population the effects of out
 and in migration the diverse impact and role of Islam in daily and public life the integrative consequences of linguistic and
 ethnic diversity the evolution and imperfections of the political map ongoing territorial and boundary disputes that often have
 global repercussions external dependence on the region s prolific oil and gas resources and the extreme regional inequalities
 associated with their presence or absence This timely and insightful analysis is essential reading for students of the region
 who need a better understanding of key regional characteristics challenges and issues Migration Theory Caroline B.
 Brettell, James F. Hollifield, 2022-07-01 The revised fourth edition of Migration Theory continues to offer a one stop synthesis
 of contemporary thought on migration Editors Caroline B Brettell and James F Hollifield remain committed to include
 coverage that is comparative and global in scope while enhancing similarities and differences between one academic field
 and the next All chapters have been revised to highlight cutting edge issues in the field of migration studies today The fourth
 edition welcomes two new authors Professors Marie Price and Fran ois H ran to offer a fresh approach with their chapters on
 geography and demography respectively Designed for undergraduate and graduate courses in migration studies a primary
 goal of the text is to assist instructors in guiding students who may have little background on migration to understand
 important issues and the scientific debates This ensures Migration Theory is a highly valuable guide not only to the
 perspectives of one s own discipline but also to those of cognate fields **Diversity Amid Globalization** Lester
