The Russian Orthodox Community in Hong Kong Loretta E. Kim, Chengyi Zhou, 2021-08-23 Hong Kong has been a unique society from its establishment as a political region separate from mainland China in the nineteenth century under British colonial rule until the present day as a special administrative region of the People's Republic of China A hub of interregional and international migration it has been the temporary and long term home of people belonging to many racial ethnic and cultural groups This book examines the evolution of the community established by clergy and congregants of the Russian Orthodox Church This community was first developed in the 1930s and then revived after a hiatus of over two decades from the 1970s to the 1990s with the founding of the Orthodox Parish of Apostles Saints Peter and Paul OPASPP at the turn of the twenty first century This study demonstrates how the OPASPP has become a vital provider of knowledge about Russian language and culture as well as a religious institution serving both heritage and convert believers The community formed by and around the OPASPP is important to foster Sino Russian relations based on individual to individual contact and mutual exposure to Chinese and Russian cultures in a region of China which allows spiritual and social diversity with minimal political constraints Authentic Liturgy Nathaniel Marx, 2020-12-15 2021 Catholic Media Association Award honorable mention award in liturgy Authenticity is a value difficult to define but impossible to ignore in contemporary life The desire for authentic experience pervades art music food dating marketing and politics Worship is no exception Vatican documents megachurch websites pastors and liturgy planners all make competing claims to offer the genuine article But what makes liturgy authentic What distinguishes real celebration from artificial spectacle heartfelt prayer from empty ritualism a living tradition from both stagnation and gimmickry Can today's Christians perform the liturgy so that it is not a mere performance but a sincere offering of their whole selves In this book Nathaniel Marx argues that the defining characteristic of authentic liturgy is harmony Authentic liturgy happens when the minds of participants are in tune with their voices The call for worshipers to harmonize their inward and outward offerings of prayer is discernible in the Bible in the history of Christian prayer and in diverse efforts to invigorate communal worship today Marx s argument unfolds the meaning of this call to authentic worship through a provocative and wide ranging study incorporating scriptural exegesis liturgical history anthropology of ritual and philosophy of action He argues that authenticity is not a modern buzzword but an ancient virtue essential to worshiping in a spirit of communion Yarnall Library of Theology of St. Clement's Church, Philadelphia Philadelphia.
