

Supplemental Rebate Services

We are well positioned to continue providing cost-effective Supplemental Rebate services for the State of Iowa. We currently provide the same full CMS, supplemental and J-code rebate services that we provide in the State of Iowa in the States of Georgia and Wyoming. We provide support services for the States of Maine and West Virginia. We are the SR negotiator for the seven SSDC member states; we also provide full Supplemental Rebate services as a stand-alone solution for the State of Georgia.

The drug rebate process is a core function of GHS's Medicaid Pharmacy benefits program. It has enabled us to work effectively with the respective State Medicaid staffs to reduce the costs of the Medicaid pharmacy benefit for clients participating in our rebate programs. We have been performing the functions required in this RFP for Iowa, Maine and West Virginia for several years. GHS worked with Iowa, Maine and Vermont to form a Medicaid drug purchasing pool in 2005. Since then Oregon, Utah, West Virginia and Wyoming have joined the pool, which now represents over 2.4 million lives. As the negotiating vendor for the SSDC, we are uniquely positioned to provide the IME with a seamlessly integrated Supplemental Rebate program, as outlined in this RFP.

Pharmaceutical and Therapeutics Committee Support

GHS is fully capable and experienced in providing support to Pharmaceutical and Therapeutics (P & T) Committees. Our typical approach is to remain focused on expressed objectives and maximize the use of resources already available. We believe the committee usually makes the best decisions when all the necessary clinical information is made available to them. We are skilled at providing expertise when analyzing the financial and clinical impact of changes in PDL categories as well as value added (non-cash) agreements. GHS has served as the professional staff to the Iowa Medicaid P&T Committee since 2004, and looks forward to continuing these services.

Preferred Diabetic Testing Supplies

GHS implemented a Preferred Diabetic Supply Program for the State of Maine in 2007 and Iowa in 2008. We have been able to successfully negotiate with pharmaceutical manufacturers, lower costs in this area and replicate this process for all SSDC member states. GHS will continue to provide these kinds of enhancements to the programs we provide to the State of Iowa.

Proposed Schedule

GHS guarantees that our solution will meet or exceed all technical and pharmacy services requirements outlined in the State's RFP. We have demonstrated this ability in the State of Iowa
