The Oxford Handbook of Reciprocal Adult Development and Learning Carol Hoare, 2011-09-06 One of the Best Books of 2011 from the Center for Optimal Adult Development The fields of adult development and the study of learning have traditionally been considered separate with development falling under psychology and learning under education However recent ideas research and practices that have emerged in these fields of study effectively emphasize the inherent reciprocal relationship that exists between them advances in development frequently lead to learning and conversely learning almost necessarily fuels development In this second edition of The Oxford Handbook of Reciprocal Adult Learning and Development the synchronicity between development and learning is explored further as expert authors advance the latest theories to provide a rich foundation for this new area of study and practice for this interrelated field of study At the border of two disciplines this handbook focuses on the capacities of intelligence meta cognition insight self efficacy spirituality interpersonal competence wisdom and other key adult attributes as they relate to positive changes and personal growth in adults Contexts for development and learning e g the work role and environment are also addressed and mixed in throughout the volume are emanating implications for research practice and policy What emerges is a thoughtful handbook for all who promote optimal aging and is a must read for academics psychologists and practitioners in adult

development *Issues in Career Development* Donald Thompson, John Patrick, Grafton T. Eliason, 2005-11-01 This volume will examine the historical emergence of the concept of career including early ideas about the meaning and role of work and how it fits with life The concept of career development is of relatively recent origin It was not until the early 20th Century that serious attention was given to the role of work and career as it applied to the common man While the concept of vocation has historical roots that date back centuries vocation or calling was typically only applied to the professions of the clergy law and medicine These individuals had careers while the common man had a job Perhaps the most significant event that changed both the labor market and the associated socio cultural values about work was the 2nd World War The technological advances that were brought about by the war were profound in terms of changing the nature of work and the war brought about a significant change in the gender makeup of our labor force as millions of women entered the labor market to support the war effort The combined effects of technology a radical new value system and a burgeoning economy changed everything **Introduction to Career Counselling & Coaching** Hazel Reid, 2015-10-12 A practical introduction for those training in the field of career development career counselling and career coaching this book will take your students through established and emerging theory and the different contexts in which career work takes place introducing the key skills techniques and models they ll need Professional issues such as the use of digital technologies highlight the contemporary context of careers work and all of this is brought to life through engaging case studies and reflective questions highlighting the practical applications of what is being learnt Counseling Older People Charlene M. Kampfe, 2015-01-12 This book provides insight into the primary issues faced by older adults the services and benefits available to them and the knowledge base techniques and skills necessary to work effectively in a therapeutic relationship Dr Kampfe offers empirically and anecdotally based strategies and interventions for dealing with clients personal concerns and describes ways counselors can advocate for older people on a systemic level Individual and group exercises are incorporated throughout the book to enhance its practicality Topics covered include an overview of population demographics and characteristics counseling considerations and empowering older clients successful aging mental health and wellness common medical conditions multiple losses and transitions financial concerns elder abuse veterans issues sensory loss changing family dynamics managing Social Security and Medicare working after retirement age retirement transitions losses and gains residential options and death and dying Requests for digital versions from ACA can be found on www.wiley.com To purchase print copies please visit the ACA website Reproduction requests for material from books published by ACA should be directed to publications@counseling.org Career Guidance and Counseling Through the Life Span Edwin L. Herr, Stanley H. Cramer, 1996 This widely acclaimed text demonstrates the application of developmental approaches to career guidance and counseling for children adolescents and adults across a variety of settings including schools businesses and community agencies Introduction to the Counseling Profession Douglas R. Gross, 2001 This text is designed for students taking an
