*The Power of God Given Imagination* Ray McCollum,2015-10-06 God has already given you the power to create your own

future you just need to learn how to use it The Power of God Given Imagination awakens the dreamer within you by unveiling this incredible gift and explaining its quiet necessity in your life No faith has ever sprouted and no prayer has ever been prayed without the use of imagination For too long the power of imagination has been associated with New Age mysticism or the secular realm of positive thinking Ray McCollum defies this trend by demonstrating that the power of the human mind and imagination belongs to the church and God expects us to use it Within the pages of this book you will discover exactly what the power of imagination is how it works and how you can use it to both transform your personal life and transform the culture around you by releasing the kingdom of God      **The Simplicity of Living by Faith** David Corbin,2013-11-29 Our God is a God of faith and it takes faith to please Him It is easy to have faith in the little things and many Christians exercise their faith by what they can see hear and or feel but omit to realise that God revealed Himself through Jesus and set Jesus before us as the One to whom we must entrust ourselves for salvation This Christian book explains what faith is and elaborates on how we are to mature our faith through a relationship with Jesus in order to experience God at work in our lives This book explains through examples how we as Christians are to walk by faith and not be dependent on our feelings or circumstances by realising that faith is simply the hand that takes from the hand of God      The Hidden Kingdom Dale A. Fife,2003-07-01 There are divine moments in life when you turn a corner and are astounded by unexpected breathtaking vistas that you never imagined Suddenly your world is changed forever You have entered a supernatural realm an eternal dimension where Jesus is Lord and creation itself shouts His glory The brilliantly illuminating revelation in The Hidden Kingdom will catapult you into such an experience Embark on a voyage of discovery into the mystery of God s timeless realm If you want an empowered life if you dare to engage in a life changing adventure this book will lead you on a journey into the heart of God      65 Plus, Is My Ministry Over? Harris Lidstrand,2004-08 65 plus has been born out of a burden for ministers primarily and all Christian workers collectively who have reached their golden years of service to the Lord Too often the attitude is that they are no longer useful in the Kingdom of God just because of age when actually the age of wisdom to which they have excelled can be put to very profitable use in all of the churches of America Industry has found this to be true and I believe the time has come for a voice to be heard in favor of using this tremendous resource in todays religious community It does not matter the denominational affiliation The value of the years of experience in serving mankind with love and compassion transcends all barriers that once were so important to our value system God looks at the big picture In the last ten to twenty years most denominations have learned the power of unity and have joined ecumenical venues to spread the gospel in the fastest way possible to the ends of the earth thus fulfilling the great commission of our Lord in our generation      The Oxford History of Protestant Dissenting Traditions, Volume IV Jehu J. Hanciles,2019-03-07 The five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan

episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations Volume IV examines the globalization of dissenting traditions in the twentieth century During this period Protestant Dissent achieved not only its widest geographical reach but also the greatest genealogical distance from its point of origin Covering Africa Asia the Middle East America Europe Latin America and the Pacific this collection provides detailed examination of Protestant Dissent as a globalizing movement Contributors probe the radical shifts and complex reconstruction that took place as dissenting traditions encountered diverse cultures and took root in a multitude of contexts many of which were experiencing major historical change at the same time This authoritative overview unambiguously reveals that Dissent was transformed as it travelled
