Blended Michael B. Horn, Heather Staker, 2017-11-06 Navigate the transition to blended learning with this practical field guide *Blended* is the practical field guide for implementing blended learning techniques in K 12 classrooms A follow up to the bestseller *Disrupting Class* by Clayton M Christensen Michael Horn and Curtis Johnson this hands on guide expands upon the blended learning ideas presented in that book to provide practical implementation guidance for educators seeking to incorporate online learning with traditional classroom time Readers will find a step by step framework upon which to build a more student centered system along with essential advice that provides the expertise necessary to build the next generation of K 12 learning environments Leaders teachers and other stakeholders will gain valuable insight into the process of using online learning to the greatest benefit of students while avoiding missteps and potential pitfalls If online learning has not already rocked your local school it will soon *Blended learning* is one of the hottest trends in education right now and educators are clamoring for how to guidance *Blended* answers the call by providing detailed information about the strategy design and implementation of a successful blended learning program Discover a useful framework for implementing blended learning Unlock the benefits and mitigate the risks of online learning Find answers to the most commonly asked questions surrounding blended learning Create a more student centered system that functions as a positive force across grade levels Educators who loved the ideas presented in *Disrupting Class* now have a field guide to making it work in a real world school with expert advice for making the transition smoother for students parents and teachers alike For educational leaders seeking more student centered schools *Blended* provides the definitive roadmap *Creating Space for Shakespeare* Rowan Mackenzie, 2023-02-09 Applied Shakespeare is attracting growing interest from practitioners and academics alike all keen to understand the ways in which performing his works can offer opportunities for reflection transformation dialogue regarding social justice and challenging of perceived limitations This book adds a new dimension to the field by taking an interdisciplinary approach to topics which have traditionally been studied individually examining the communication opportunities Shakespeare's work can offer for a range of marginalized people It draws on a diverse range of projects from across the globe many of which the author has facilitated or been directly involved with including those with incarcerated people people with mental health issues learning disabilities and who have experienced homelessness As this book evidences Shakespeare can be used to alter the spatial constraints of people who feel imprisoned whether literally or metaphorically enabling them to speak and to be heard in ways which may previously have been elusive or unattainable The book examines the use of trauma informed principles to explore the ways in which consistency longevity trust and collaboration enable the development of resilience positive autonomy and communication skills It explores this phenomenon of creating space for people to find their own way of expressing themselves in a way that mainstream society can understand whilst also challenging society to see better and to hear better This is not a process of social homogenisation but of encouraging positive

interactions and removing the stigma of marginalization *Our Symphony with Animals* Aysha Akhtar, 2019-05-07 A leader in the fields of animal ethics and neurology Dr Aysha Akhtar examines the rich human animal connection and how interspecies empathy enriches our well being Deftly combining medicine social history and personal experience *Our Symphony with Animals* is the first book by a physician to show that humans and animals have a shared destiny our well being is deeply entwined Dr Akhtar reveals how empathy for animals is the next step in our species moral evolution and a vital component of human health When we include animals in our circle of empathy we not only liberate animals we also liberate ourselves Drawing on the accounts of a varied cast of characters a former mobster a pediatrician an industrial chicken farmer a serial killer and a deer hunter to reveal what happens when we both break and forge bonds with animals Interwoven is Dr Akhtar s own story an immigrant who was bullied in school and abused by her uncle Feeling abandoned by humanity it was only when she met Sylvester a dog who had also been abused that she find the strength to sound the alarm for them both Humans are neurologically designed to empathize with animals Violence against animals goes against our nature In equal measure the love we give to animals biologically reverberates back to us *Our Symphony with Animals* is the definitive account for why our relationships with animals matter **Brian Curtis & Laurie Julia** Roger L. Selby, Boca Raton Museum of Art, 1987 *Drawing from Observation, a Phenomenological Inquiry* , 1997
