Barack Obama and the Politics of Redemption Stanley A. Renshon, 2012-03-15 Every new president raises many questions in the public mind. Because Barack Obama was a relative newcomer to the national political scene he raised more questions than most. Would he prove to be a pragmatic centrist or would his politics of hope ultimately flounder on the rocky shoals of America's deep political divisions? What of his leadership style? How would the uncommonly calm character he demonstrated on the campaign trail shape Obama's political style as commander in chief? Based on extensive biographical, psychological, and political research and analysis, noted political psychologist Stanley Renshon follows Obama's presidency through the first two years. He digs into the question of who is the real Obama and assesses the advantages and limitations that he brings to the presidency. These questions cannot be answered without recourse to psychological analysis. And they cannot be answered without psychological knowledge of presidential leadership and the presidency itself. Renshon explains that Obama's ambition has been fueled by a desire for redemption, his own, that of his parents, and ultimately for the country he now leads, which has enormous consequences for his choices as president of a politically divided America.

Resisting Redemption at the Georgia Polls Richard Hogan, 2023-12-22 After the Civil War, as Black freedmen prepared to exercise their new voting rights in Georgia, white supremacist groups rose to restrict their ability. Georgians faced a new prospect for brokering a class-based electoral coalition of white yeomen and Black freedmen. The failure of Reconstruction echoes today as Georgia remains a voting rights battleground. This book details this struggle for racial justice and democracy in postwar Georgia with an eye on issues that have persisted more than 150 years later.

This issue of *History of Universities* Volume XXXII 1-2 contains the customary mix of learned articles and book reviews which makes this publication such an indispensable tool for the historian of higher education. Guest edited by Professor John Watts, this volume focuses on the history of Corpus Christi College, Oxford. Corpus Christi College, Oxford, was founded in 1517 to advance humanistic learning in the service of God. This collection of essays by some of the leading historians of late medieval and early modern England takes the early history of the College as a starting point to explore the intellectual, social, religious, political, and cultural trends of the era of Renaissance and Reformation. Ranging from the fifteenth century to the seventeenth century and taking in the study of Greek and Hebrew, the practices of antiquarianism, charity, and divine worship, the experience of music, punishment, and the built environment, the networks that connected the college to London and the government, and the interactions of scholars with royal policy on religion, these fifteen essays and three commentaries aim to expose the multiple perspectives from which an early modern college can be viewed and understood. The relationship between Renaissance and Reformation and the social and cultural realities that accompanied these familiar concepts form one central theme in the papers; the relationship between religious or educational institutions and the state forms another. Corpus Christi itself emerges as less innovative than its historic reputation as the first collegium trilingue might suggest, but it becomes the gateway to a richer appreciation of the overlapping worlds of learning, religion, and public life in a time of rapid change.

The Living Word™ 2025-2026 Rena Black, Kate Cousino, Karla Hardersen, Julia Strukely, 2025-03-01

The Living Word helps youth ministers, parish catechists, and high school religion teachers meet teens where they are and guide them to a deeper understanding of the Gospel's role in their lives. This model of liturgical catechesis through lectionary readings enhances the liturgical preparation, liturgical participation, and liturgical living of teens. Each session can be easily incorporated into lessons or group activities that have already been planned. This resource includes materials for each Sunday and holyday of obligation from the first Sunday of August through the last Sunday in July. Additionally, The Living Word includes digital resources to help teens reflect on and act on the Sunday Gospel throughout the week. The Living Word includes the following:

- Complete and flexible 30-minute sessions to complement your current teen programs.
- Connections to the liturgical calendar and to Catholic teachings.
- Ritual with the proclamation of the Gospel.
- Reflections to help teens understand the Gospel in the context of their own experiences and concerns.
- Useful tools for integrating the New Evangelization in your teen ministry.
- Digital reproducibles in PDF and JPG format for teens that can be printed, emailed, and shared via social media.

Authors include Rena Black, Kate Cousino, Karla Hardersen, and Julia Strukely.

Overview of the Federal Debt D. Andrew Austin, 2011

The size of current and projected federal deficits and the accumulation of federal debt are central to current congressional deliberations regarding fiscal reforms. This report provides a broad overview of the federal debt, annual budget deficits, and debt service costs. Federal debt is the accumulated sum of unrepaid borrowing by the federal government over

time The total federal debt consists of debt held by the public and intragovernmental debt Debt owed to the public represents borrowing from entities other than the federal government and includes borrowing from state and local governments foreign governments and investors the Federal Reserve System and foreign central banks as well as private investors in the United States

True Myth James W Menzies, 2015-02-26 True Myth examines the meaning and significance of myth as understood by C S Lewis and Joseph Campbell and its place in the Christian faith in a technological society C S Lewis defined Christianity and being truly human as a relationship between the personal Creator and his creation mediated through faith in his son Jesus The influential writer and mythologist Joseph Campbell had a different perspective understanding Christianity as composed of mythical themes similar to those in other religious and secular myths While accepting certain portions of the biblical record as historical Campbell taught the theological and miraculous aspects as symbolic as stories in which the reader discovers what it means to be human today In contrast Lewis presented the theological and the miraculous in a literal way Although Lewis understood how one could see symbolism and lessons for life in miraculous events he believed they were more than symbolic and indeed took place in human history In True Myth James W Menzies skilfully balances the two writers differing approaches to guide the reader through a complex interaction of myth with philosophy media ethics history literature art music and religion in a contemporary world
