**The Report: Dubai 2020** Oliver Cornock, Although Dubai has traversed some challenging economic territory over recent years the economic stimulus of Expo 2020 preparation and more stable oil prices have eased this strain in 2019 and business sentiment has improved accordingly With the long anticipated expo event set to take place in 2020 attention has started to focus on the important question of sustaining the current economic momentum over the medium term *The Report: Dubai 2015* Oxford Business Group, 2011-01-12 Already a regional and global centre for business and

finance Dubai's reputation has been bolstered by the MSCI's decision to upgrade the UAE from frontier to emerging market status in 2014 while the emirate's successful Expo 2020 bid is expected to generate myriad opportunities for private investors across a range of sectors. Construction is thriving once again driven in large part by strong retail sector growth with various projects including plans for the world's largest mall indicating that the sector will maintain its position as the emirate's biggest GDP contributor moving forward. The transport and logistics framework is set for major expansion in the coming years as well furthering cementing the emirate's status as a leading transport and logistics hub not just regionally but globally too. The continued development of Dubai's retail and hospitality offerings alongside the upgrades to its airports should help to ensure robust growth in visitor numbers from both the region and further afield. The Report: Dubai 2016 Oxford Business Group, 2016-10-17. Financial services in particular is one non oil area where the emirate is starting to pull ahead with recent growth in the Islamic financial services segment fuelling the emirate's ambition of becoming the knowledge based capital of the Islamic economy in the future. Meanwhile Dubai's real estate and construction sectors which were badly affected by the 2008 financial meltdown are once again thriving as the legacies of the global crisis recede and the debts incurred from that time are repaid and restructured. Indeed Dubai is now firmly focused on the future with preparations for Dubai Expo 2020 in particular helping nourish its economic recovery development and growth in recent years. The event is expected to attract 25m visitors over a six month period and the build up is driving development across several sectors. The preparations. *The Report: Dubai 2013*, 2013. **The Report: Dubai 2007**, 2007. **The Report: Qatar 2014** Oxford Business Group, 2014-04-15. 2013 saw the transition of power from the former Emir Sheikh Hamad bin Khalifa Al Thani to Sheikh Tamim bin Hamad Al Thani his fourth son and second son with Sheikha Moza bint Nasser a move unprecedented elsewhere in the Gulf but not unexpected in Qatar. With sustained long term economic growth the highest per capita income in the world a stable and well capitalised banking sector a sovereign wealth fund that is of true global significance and one of the largest reserves of natural gas just offshore Qatar today has many advantages. It is clear that the country is in a strong position from which to continue its robust economic performance and the years ahead will see a vast construction drive in line with the principles of Qatar National Vision 2030 and catalysed by preparations for the 2022 FIFA World Cup. Oil and gas accounted for around 51.5% of Qatar's economic output in 2013 while developing downstream facilities that add value to energy by products for example has helped build a portfolio of petrochemicals chemicals and fertiliser companies and looks set to see Qatar's economic strength continue. With more than 222bn of projects in the pipeline the construction sector's growth has been forecast at 15% for 2014 while spending on infrastructure is set to reach 150bn in the run up to the 2022 FIFA World Cup. Against this backdrop Qatar looks set to continue offering a wide variety of opportunities for foreign investors. **The Report: Sharjah 2021** Oliver Cornock, Sharjah has one of the most diversified economies in the UAE with a strong foundation in industry and manufacturing.
