Gateway to Chinese Culture Asiapac Editorial,2003-07-31 Have you ever wonder about the significance of the various vibrant festivals celebrated by the Chinese people every year or why the Chinese eat with their Chopsticks Or how did the intricate characters of their written language come to be Ancient Chinese thinkers like Confucius and Sun zi have left their mark on the Chinese Culture but who were they And with the Chinese cuisine that is available in Chinese restaurants all across the world there s hardly any needs for introductions Join us on a tour of the ancient and colourful Chinese culture in this part of this Montage Culture Series First published in 2003 this book is in its 11th reprint in 2013 ISBN 9789812293282 Page Count 166 Year Published 2003 Language English **Origins of Chinese Festivals (2018 Edition - PDF)** Pei Ki Goh, Chunjiang Fu,1997 The scale and variety of Chinese festivals have never ceases to amaze observers But what are the origins of these festivals and how do they reflect traditional values in a civilization with more than 5 000 years of history The reader will be intrigued to learn that the festivals did not all originate at the same time In fact many have been evolved with the development of the Chinese civilization The presentation of the stories about these tradition festivals in comics will help the reader to appreciate their celebrations through the ages **Biblical Eschatology:** Dr. Justin G. Prock,2021-06-20 In recent history men from a variety of backgrounds have come to the same conclusion that the Bible is about Israel only For example In 1861 John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come O Come Emmanuel Ever since 1861 Christians have sung that hymn at Christmas time especially at Advent Do you know what the words really mean that you are singing In 1878 Edward Hine wrote an article titled Seven Eighths of the Bible Misunderstood wherein he explains that seven eighths of the Bible is about national salvation i e the national salvation of True Israel whereas only one eighth of the Bible is about personal salvation Did you know that In the 1960 s Pastor Sheldon Emry wrote an article title An Open Letter to Any Minister Who Teaches the Jews Are Israel wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible In 1998 Arnold E Kennedy wrote a book titled The Exclusiveness of Israel wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel So here we are in the Twenty First Century and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A D by Yahshuah and His disciples i e the Gospel of the Kingdom So where did the so called churches and pastors go wrong By the way is there really a hierarchy in the Bible In order to find out what the truth really is we have to look at the original languages in which the Bible was written and then translated For example the Old Testament was written in Hebrew and Aramaic then translated into Greek The New Testament was written in Hebrew and Greek Both Testaments were put together and translated into Latin then German and finally into English from which the entire world received their own translation of the Bible So what was the original meaning of the words used in the original languages i e the etymology of the words Once that is determined then we can go onto the next phase and discuss types in

the Bible From there what is the Law of First Mention How should Bible prophecy be Interpreted Who are the keys to Bible prophecy Where are we in the Bible prophecy timeline During these discussions we will find out who Yahweh chose of all the families of the earth to make His own The churches teach universalism The question then becomes Who was Yahweh s Law given to What are the Laws of Yahweh And then the even bigger question becomes Who was Yahshuah sent to All of these questions and more will be answered as you read this book

Judaism While the Achaemenid Persian Empire c 550 330 BCE dwarfed all previous empires of the Ancient Near East in both size and longevity the royal system that forged and preserved this civilisation remains only rudimentarily understood as is the imperial and religious legacy bequeathed to future generations In response to this deficit Silverman provides a critically sophisticated and interdisciplinary model for comparative studies While the Achaemenids rebuilt the Jerusalem temple Judaeen literature of the period reflects tensions over its Persian re establishment demonstrating colliding religious perspectives Although both First Zechariah 1 8 and Second Isaiah 40 55 are controversial the greater imperial context is rarely dealt with in depth both books deal directly with the temple s legitimacy and this ties them intimately to kings engagements with cults Silverman explores how the Achaemenid kings portrayed their rule to subject minorities the ways in which minority elites reshaped this ideology and how long this impact lasted as revealed through the Judaeen reactions to the restoration of the Jerusalem temple

China Looks at the West Christopher A. Ford, 2015-07-28 Chinese leaders have long been fascinated by the United States but have often chosen to demonize America for perceived cultural and military imperialism Especially under Communist rule Chinese leaders have crafted and re crafted portrayals of the United States according to the needs of their own agenda and the regime s self image often seeing America as an antagonist and foil but sometimes playing it up as a model In China Looks at the West Christopher A Ford investigates what these depictions reveal about internal Chinese politics and Beijing s ambitions in the world today In particular Ford emphasizes the importance of China s return to global preeminence in state images which has become an essential concept in the regime s self image and legitimacy He also examines the history of Chinese intellectual engagement with America surveying the ways in which Chinese elites have manipulated attitudes toward

the United States and revealing how leaders from Qing dynasty officials to Mao Zedong and from to Hu Jintao to Xi Jinping have altered and reconstructed this narrative to support their own political agendas Ford concludes the volume with a series of scenario based alternatives for how China s approaches to understanding itself and other nations may evolve in the future Based on extensive research including interviews with Chinese scholars and researchers this groundbreaking study is essential reading for policymakers and readers seeking to understand current and future Sino American relations
