## **Dorm Room Dealers Drugs And The Privileges Of Race And Class:**

Dorm Room Dealers A. Rafik Mohamed, Erik D. Fritsvold, 2010 The authors provide insight into the world of college drug dealers affluent upwardly mobile students who have everything to lose and little to gain and offer an important corrective to the traditional distorted view of the US drug trade as primarily involving poor minorities Drawing on six years of fieldwork at a predominately white private university their ethnography explores issues of deviance race and stratification in the US war on drugs

Privilege and Punishment Matthew Clair, 2022-06-21 How the attorney client relationship favors the privileged in criminal court and denies justice to the poor and to working class people of color The number of Americans arrested brought to court and incarcerated has skyrocketed in recent decades Criminal defendants come from all races and economic walks of life but they experience punishment in vastly different ways Privilege and Punishment examines how racial and class inequalities are embedded in the attorney client relationship providing a devastating portrait of inequality and injustice within and beyond the criminal courts Matthew Clair conducted extensive fieldwork in the Boston court system attending criminal hearings and interviewing defendants lawyers judges police officers and probation officers In this eye opening book he uncovers how privilege and inequality play out in criminal court interactions When disadvantaged defendants try to learn their legal rights and advocate for themselves lawyers and judges often silence coerce and punish them Privileged defendants who are more likely to trust their defense attorneys delegate authority to their lawyers defer to judges and are rewarded for their compliance Clair shows how attempts to exercise legal rights often backfire on the poor and on working class people of color and how effective legal representation alone is no guarantee of justice Superbly written and powerfully argued Privilege and Punishment draws needed attention to the injustices that are perpetuated by the attorney client relationship in today s criminal courts and describes the reforms needed to correct them *Interrupting*

*Class Inequality in Higher Education* Laura M. Harrison, Monica Hatfield Price, 2017-02-24 Interrupting Class Inequality in Higher Education explores why socioeconomic inequality persists in higher education despite widespread knowledge of the problem Through a critical analysis of the current leadership practices and policy narratives that perpetuate socioeconomic inequality this book outlines the trends that negatively impact low and middle income students and offers effective tools for creating a more equitable future for higher education By taking a solution focused approach this book will help higher education students leaders and policy makers move from despair and inertia to hope and action *Envisioning Criminology* Michael D. Maltz, Stephen K. Rice, 2015-06-09 This book covers research design and methodology from a unique and engaging point of view based on accounts from influential researchers across the field of Criminology and Criminal Justice Most books and articles about research in criminology and criminal justice focus on how the research was carried out the data that were used the methods that were applied the results that were achieved While these are all important they do not present a complete picture *Envisioning Criminology* Researchers on Research as a Process of Discovery aims to fill that gap by providing nuance the back story of why researchers selected particular problems how they approached those problems and how their background training and experience affected the approaches they took As the contributions in this book demonstrate research is not a cut and dried process as all too many methods books imply but a living breathing and in some ways quirky process that is influenced by non scientific factors The path taken by a researcher is important and an appreciation of his or her background experience knowledge and the setbacks and triumphs of performing the research provides a much more complete picture of how research is done The twenty eight chapters in this book describe the back stories of their authors which serve to enlighten readers about the interplay between the personal and the methodological While primarily aimed as a textbook this work will also be of interest to researchers in Criminology and Criminal Justice and related Social and Behavioral Science fields as an account of how seminal researchers in the field developed their key contributions Drugs and the American Dream Patricia A. Adler, Peter Adler, Patrick K. O'Brien, 2012-02-28 *Drugs and the American Dream* presents an up to date anthology of chiefly contemporary readings that explore the myriad sociological correlates of licit and illicit drug use in the United States Unique approach to the topic that offers an organizing theme of sociological concepts age social class ethnicity gender as well as societal response to drug use including drug education treatment and policy The book is interdisciplinary in terms of approach making it useful in a variety of contexts Includes a wide array of ethnographic articles that place reader directly into the perspectives of drug users through their own voices Brief framing introductions to each article provide interconnective tissue guiding the student to the heart of what's important in the piece that follows Offers a balanced approach to various substances tobacco alcohol prescription drugs and illegal drugs Provides students with a realistic perspective on the extent of substance use in American society as well as a critical appreciation of the real versus imagined harms associated with use of various substances Playing While White David J.

Leonard, 2017-07-03 *Playing While White* argues that whiteness matters in sports culture both on and off the field. Offering critical analysis of athletic stars such as Johnny Manziel, Marshall Henderson, Jordan Spieth, Lance Armstrong, and Josh Hamilton, as well as the predominantly white cultures of NASCAR and extreme sports, David Leonard identifies how whiteness is central to the commodification of athletes and the sports they play. Leonard demonstrates that sporting cultures are a key site in the trafficking of racial ideas, narratives, and ideologies. He identifies how white athletes are frequently characterized as intelligent leaders who are presumed innocent of the kinds of transgressions black athletes are often pathologized for. With an analysis of the racial dynamics of sports traditions as varied as football, cycling, hockey, baseball, tennis, snowboarding, and soccer, as well as the reception and media portrayals of specific white athletes, Leonard examines how and why whiteness matters within sports and what that tells us about race in the twenty-first century United States.

*Understanding Drug Dealing and Illicit Drug Markets* Tammy C. Ayres, Craig Ancrum, 2023-07-31 This book examines the drug dealer in contemporary society from an interdisciplinary perspective and considers the increasingly blurred demarcation between illegitimate and legitimate drug markets. It explores the motives and drivers of those involved in drug supply and dispels common and stereotypical myths and misconceptions surrounding illegal drug markets and those who operate within them. The drug dealer has become one of our foremost contemporary folk devils. Those who trade in substances prohibited by law are the subject of an array of inaccurate myths and urban legends. Criminology has tended either to shoehorn drug dealers into neat typologies or portray them as victims of an uncaring predatory post-modern society. In reality, we know relatively little about the complex and diverse world of drug markets, and our concentration inevitably falls on low-end retail dealers who operate in the most visible sectors of the illegal economy. Bringing together an international group of experts, this book considers perspectives from around the world, including the UK, USA, South America, Spain, India, and Australia. This book will be of interest to students and researchers across criminology, law, sociology, criminal justice, and public health, and will be essential reading for those taking courses on drugs, drug markets, and substance misuse.

**The Routledge Handbook of Qualitative Criminology** Heith Copes, J. Miller, 2015-03-02 Despite illustrious origins dating to the 1920s, qualitative crime research has long been overshadowed by quantitative inquiry. After decades of limited use, there has been a notable resurgence in crime ethnography, naturalistic inquiry, and related forms of fieldwork addressing crime and related social control efforts. *The Routledge Handbook of Qualitative Criminology* signals this momentum as the first major reference work dedicated to crime ethnography and related fieldwork orientations. Synthesizing the foremost topics and issues in qualitative criminology into a single definitive work, the Handbook provides a first look reference source for scholars and students alike. The collection features twenty original chapters on leading qualitative crime research strategies, the complexities of collecting and analyzing qualitative data, and the ethical propriety of researching active criminals and incarcerated offenders. Contributions from both established luminaries and talented emerging scholars highlight the traditions and emerging trends

in qualitative criminology through authoritative overviews and lived experience examples Comprehensive and current The Routledge Handbook of Qualitative Criminology promises to be a sound reference source for academics students and practitioners as ethnography and fieldwork realize continued growth throughout the 21st Century *The SAGE Handbook of Drug & Alcohol Studies* Torsten Kolind, Betsy Thom, Geoffrey Hunt, 2016-10-20 With contributions from leading international academics across the social sciences this accessible handbook takes a critical look at the key theories disciplinary approaches contemporary issues and debates in the field Part I Central Social Science Theories Drug and Alcohol Studies Part II Pillars in Social Science Drug and Alcohol Studies Part III Controversies and New Approaches in Social Science Drug and Alcohol Studies This Handbook is an excellent reference text for the growing number of academics students scientists and practitioners in the drug and alcohol studies community **The Oxford Handbook of Ethnographies of Crime and Criminal Justice** Sandra M. Bucerius, Kevin D. Haggerty, Luca Berardi, 2022 The Oxford Handbook of Ethnographies of Crime and Criminal Justice provides critical and current reviews of key research topics issues and debates that crime ethnographers have been grappling with for over a century This volume brings together an outstanding group of scholars to discuss various research traditions the ethical and pragmatic challenges associated with conducting crime related fieldwork relevant policy recommendations for practitioners in the field and areas of future research for crime ethnographers *Race and Crime* Shaun L. Gabbidon, Helen Taylor Greene, 2018-08-20 Written by two of the most prominent criminologists in the field *Race and Crime* Fifth Edition takes an incisive look at the intersection of race ethnicity and the criminal justice system Authors Shaun L Gabbidon and Helen Taylor Greene offer you a panoramic perspective of race and crime by expertly balancing historical context with modern data and research in thought provoking discussions of contemporary issues Accessible and reader friendly this comprehensive text illuminates the continued importance of race and ethnicity in all aspects of the administration of justice *The Enigmatic Academy* Christian J. Churchill, Gerald Levy, 2011-06-15 The Enigmatic Academy is a provocative look at the purpose and practice of education in America Authors Christian Churchill and Gerald Levy use three case studies a liberal arts college a boarding school and a Job Corps center to illustrate how class bureaucratic and secular religious dimensions of education prepare youth for participation in American foreign and domestic policy at all levels The authors describe how schools contribute to the formation of a bureaucratic character how middle and upper class students are trained for leadership positions in corporations government and the military and how the education of lower class students often serves more powerful classes and institutions Exploring how youth and their educators encounter the complexities of ideology and bureaucracy in school The Enigmatic Academy deepens our understanding of the flawed redemptive relationship between education and society in the United States Paradoxically these three studied schools all prepare students to participate in a society whose values they oppose *Race, Ethnicity and Law* Mathieu Deflem, 2017-06-01 This new volume of Sociology of Crime Deviance and Law

addresses issues of race and ethnicity within the law and law related phenomena      **A Commentary on the United Nations Convention on the Rights of the Child, Article 33: Protection from Narcotic Drugs and Psychotropic Substances** Damon Barrett, Philip E. Veerman, 2012-03-28 This volume constitutes a commentary on Article 33 of the United Nations Convention on the Rights of the Child      **Children of the Drug War** Damon Barrett, 2011 Book Description A unique collection of original essays that investigates the impacts of the war on drugs on children and young people With contributions from around the world and utilizing a wide range of styles and approaches including ethnographic studies personal accounts and interviews the book asks three fundamental questions What have been the costs to children of the war on drugs Is the protection of children from drugs a solid justification for current policies What kinds of public fears and preconceptions exist in relation to drugs and the drug trade      **America Is Not Post-Racial** Algernon Austin, 2015-09-09 This book is the first in depth examination of the 25 million Americans with the most intense hatred of President Obama arguably the most Republican friendly of recent Democratic presidents and what the mindsets of these Obama Haters teach us about race and ethnicity in America today Despite the fact that President Obama was raised by a white mother and white grandparents and has two degrees from Ivy League universities he has still been subject to intense racial hatred from a large number of Americans Even after Obama s presidency the Obama Haters and their xenophobia Islamophobia and racism will continue to shape American politics America is certainly not post racial argues author Algernon Austin PhD a noted sociologist and author on racial issues who consults on race politics and economics in Washington DC In this book he uses the Obama Haters as an appropriate jumping off point to consider what strategies might begin to reduce racial animosity in the United States a real concern considering that demographic trends are likely to exacerbate and escalate race based hatred in our society Austin sets the stage for the discussion by establishing that President Obama is hardly liberal in the eyes of liberal political activists raising the question of why Obama is so intensely hated by some conservatives He then compares the views of the Obama Haters estimated to be some 25 million strong with conservatives moderates and liberals who are not Obama Haters The author shows how the Obama Haters are distinctly more xenophobic Islamophobic and racist than political conservatives who are not Obama Haters underscoring the fact that the Obama Haters are motivated by more than just conservatism      **The Encyclopedia of Theoretical Criminology** , 2014-04-07 The Encyclopedia of Theoretical Criminology in zwei Bänden ist zweifelsohne das aktuellste Referenzwerk der theoretischen Kriminologie Fachlich geprüfte Beiträge internationaler Experten machen den Leser mit wegweisenden Theorien Konzepten und Schlüsselfiguren vertraut Das Nachschlagewerk präsentiert klassische und zeitgenössische Themen zu den wichtigen Straftatbeständen Zusammenhängen fachspezifische Soziologie Biologie und Psychologie und fachübergreifende Erklärungen zu Kriminalität Kriminalitätsrate und Fragestellungen aus der Rechtssoziologie      **Dealing with Privilege** David Crawford, 2019-06-25 Dealing with Privilege Cannabis Cocaine and the Economic Foundations of Suburban Drug Culture focuses on the careers of nine

successfully retired drug dealers offering a contrast to sociological criminological and other depictions of drug dealing as a realm of the desperate dangerous and poor David Crawford tells the great untold story of drug dealing in America where white middle class dealers are unlikely to suffer the enforcement of drug laws Contrary to media portrayals Crawford argues that suburban drug sales are not oriented around money making but friendship and fun Using economic anthropology classic sociology and neuroscience to analyze the life trajectories of these dealers Crawford touches on issues of crime race culture aging gender privilege illegal drugs and the limits of conventional economics as a framework to understand economic behavior

**Crime, Inequality and Power** Eileen B. Leonard, 2015-04-10 Crime Inequality and Power challenges the dominant definitions of crime and the criminal through its uniquely comparative approach In this book Eileen Leonard analyzes multiple forms of criminal behavior in the United States including violence sexual assault theft and drug law violations whilst also asking readers to consider the parallels between crimes that are rarely thought comparable Leonard s juxtaposition of familiar street crimes such as car theft alongside large scale corporate theft vividly exposes profound inequalities in the way crime is defined and the treatment it receives within the criminal justice system Leonard s analysis also reveals the underlying inequalities of race class and gender which enable the perpetuation of such crimes as well as calling into question the reality of fundamental American ideals of fairness and equal justice Moreover the book questions whether current policies that punish street crime excessively while minimizing the crimes of the powerful fail to keep the public safe A broader consideration of crime and the inequalities that underlie it offers a fresh opportunity to rethink public policies and enduring issues of crime and criminal justice Challenging the many persistent inequalities in the perception of and response to crime this critique of American crime and punishment will be of interest to undergraduate and postgraduate students as well as scholars in the fields of criminology sociology and law
