*Rights for Victims of Crime* Irvin Waller, 2010-12-16 When the victims of injustice lose faith in their justice system the crime they ve endured cuts only deeper adding insult to injury The time has come to face the truth that most victims of crime will not have their needs met and often won t experience our systems of justice as just This short book makes its readers experts in advocating rights for victims of crime It empowers taxpayers voters and potential victims of crime to make the

case to rebalance justice and support victims Written for the millions of victims of crime and their friends and families it helps to transform an antiquated system of criminal and civil justice into a modern system that is just and fair shifting from neglect to respect and support While some laws in the USA and elsewhere do support victims by providing assistance compensation and protection from the accused this book also sheds a harsh light upon their inadequate implementation Police services must catch crooks but make victims their client Courts must balance rights for defendants and victims Services for women children and elderly victims must be adequately funded Restitution from offenders must be ordered and collected not overlooked Fair compensation from the state must change from a secret to a given The prevention of victimization must be the budget priority not mass incarceration Despite the speeches and the United Nations norms governments still leave most victims of crime without basic information support and assistance let alone respect and remedies in courts If you are not yet one of those victims of crime social responsibility requires you to ensure that your country s systems of justice are fair to those who are and for them this book provides an answer Health and Health Care Inequities Arnel M.
