Drudgery Divine On The Comparison Of Early Christianities And The Religions Of Late Antiquity By Jonathan Z Smith May 281994:

Drudgery Divine Jonathan Z. Smith, 1990 **Beyond Reception** David Brakke, Anders-Christian Jacobsen, Jörg Ulrich, 2006 This book argues that it is time to rethink reception as a traditional paradigm for understanding the relation between the ancient Greco Roman traditions and early Judaism and Christianity The concept of reception implies taking something from one fixed box into another often chronologically later one but actually Jews and Christians were deeply involved in Greco Roman society in many different ways The communication of cultural and religious ideas and practices took place among various religious and cultural communities with many overlaps Accordingly the contributors of this volume intend to develop a more multi faceted view of such processes and to go beyond the term reception **The Changing Face of Judaism, Christianity, and Other Greco-Roman Religions in Antiquity** Ian H. Henderson, Gerbern S. Oegema, Sara Parks Ricker, 2006 **Studies in Ancient Judaism and Early Christianity** Pieter W. van der Horst, 2014-03-13 Over the past 45 years Professor Pieter W van der Horst contributed extensively to the study of ancient Judaism and early Christianity The 24 papers in this volume written since his early retirement in 2006 cover a wide range of topics all of them concerning the religious world of Judaism and Christianity in the Hellenistic Roman and early Byzantine era They reflect his research interests in Jewish epigraphy Jewish interpretation of the Bible Jewish prayer culture the diaspora in Asia Minor exegetical problems in the writings of Philo and Josephus Samaritan history texts from ancient Christianity which have received little attention the poems of Cyrus of Panopolis the Doctrina Jacobi nuper baptizati the Letter of Mara bar Sarapion and miscellanea such as the pagan myth of Jewish cannibalism the meaning of the Greek expression without God the religious significance of sneezing in pagan antiquity and the variety of stories about pious long sleepers in the ancient world pagan Jewish Christian *Jews, Greeks and Christians* Robert Hamerton-Kelly, Robin Scroggs, 1976 The Crucible of Religion in Late Antiquity Guy G. Stroumsa, 2021-08-25 The religious revolution of late antiquity and its intertwined religious history are reflected in a broad array of new forms of religious belief and practice of which Christianity is only the most perceptible one It is represented in the passage from polytheistic systems to monotheistic and dualist ones as well as in the move from rituals centred upon sacrifices in temples to rituals established upon scriptures in churches synagogues or mosques This double dynamism of beliefs and rituals sheds light on the transformations of religious ethos Guy G Stroumsa s two part volume reflects this double argument The essays all focus on central aspects such as in Part I on mental aspects of religion in the Roman Empire as expressed in early Christian texts and traditions and in Part II on religious communication across the empire s cultures and communities *Border Lines* Daniel Boyarin, 2004 Encourages us to see historic Christianity as but one expression of a universalistic potential in Jewish monotheism In a fruitful career not yet nearly over *Border Lines* the culmination of many years of work may well remain Daniel Boyarin s masterpiece Jack Miles Commonweal **Neither Jew**

nor Greek? Judith Lieu, 2015-11-19 A ground breaking study in the formation of early Christian identity by one of the world's leading scholars In *Neither Jew Nor Greek* Judith Lieu explores the formation and shaping of early Christian identity within Judaism and within the wider Graeco Roman world in the period before 200 C E Lieu particularly examines the way that literary texts presented early Christianity She combines this with interdisciplinary historical investigation and interaction with scholarship on Judaism in late Antiquity and on the Graeco Roman world The result is a highly significant contribution to four of the key questions in current New Testament scholarship how did early Christian identity come to be formed How should we best describe and understand the processes by which the Christian movement became separate from its Jewish origins Was there anything special or different about the way women entered Judaism and early Christianity How did martyrdom contribute to the construction of early Christian identity The chapters in this volume have become classics in the study of the New Testament and for this Cornerstones edition Lieu provides a new introduction placing them within the academic debate as it is now

Christianity, Judaism and Other Greco-Roman Cults, Part 2 Jacob Neusner, 2004-07-09 The editor hopes that these papers on themes of interest to Morton Smith will contribute to the critical discussion of some problems of concern to him Since Smith is one of the great scholarly masters of this generation it is through scholarship and not through encomia that the editor and his colleagues choose to pay their tribute The facts about the man his writings his critical judgment intelligence erudition and wit his labor as selfless teacher and objective profound critic speak for themselves and require no embellishment I hope that the quality of what follows will impress my teacher Professor Morton Smith and those scholars who care to read these volumes as having been worth the immense efforts of all concerned From the Foreword by Jacob Neusner

The Ways that Never Parted Adam H. Becker, Annette Yoshiko Reed, 2003 Traditional scholarship on the history of Jewish Christian relations has been largely based on the assumption that Judaism and Christianity were shaped by a definitive Parting of the Ways According to this model the two religions institutionalized their differences by the second century and thereafter developed in relative isolation from one another interacting mainly through polemical conflict and mutual misperception This volume grows out of a joint Princeton Oxford project dedicated to exploring the limits of the traditional model and to charting new directions for future research Drawing on the expertise of scholars of both Jewish Studies and Patristics it offers an interdisciplinary perspective on the interaction between Jews and Christians between the Bar Kokhba Revolt and the rise of Islam The contributors question the conventional wisdom concerning the formation of religious identity the interpenetration of Jewish and Christian traditions the fate of Jewish Christianity and the nature of religious polemics in Late Antiquity and the early Middle Ages By moving beyond traditional assumptions about the essential differences between Judaism and Christianity this volume thus attempts to open the way for a more nuanced understanding of the history of these two religions and the constantly changing yet always meaningful relationship between them

Ancient Judaism and Christian Origins George W. E. Nickelsburg, 2003 In the nineteenth and first half of the

twentieth century Christian scholars portrayed Judaism as the dark religious backdrop to the liberating events of Jesus life and the rise of the early church Since the 1950s however a dramatic shift has occurred in the study of Judaism driven by new manuscript and archaeological discoveries and new methods and tools for analyzing sources George Nickelsburg here provides a broad and synthesizing picture of the results of the past fifty years of scholarship on early Judaism and Christianity He organizes his discussion around a number of traditional topics scripture and tradition Torah and the righteous life God s activity on humanity s behalf agents of God s activity eschatology historical circumstances and social settings Each of the chapters discusses the findings of contemporary research on early Judaism and then sketches the implications of this research for a possible reinterpretation of Christianity Still in the author s view there remains a major Jewish Christian agenda yet to be developed and implemented

The End of Sacrifice Guy G. Stroumsa,2012-11-20 The religious transformations that marked late antiquity represent an enigma that has challenged some of the West s greatest thinkers But according to Guy Stroumsa the oppositions between paganism and Christianity that characterize prevailing theories have endured for too long Instead of describing this epochal change as an evolution within the Greco Roman world from polytheism to monotheism he argues that the cause for this shift can be found not so much around the Mediterranean as in the Near East The End of Sacrifice points to the role of Judaism particularly its inventions of new religious life following the destruction of the Second Temple in 70 CE The end of animal sacrifice gave rise to new forms of worship with a concern for personal salvation scriptural study rituals like praying and fasting and the rise of religious communities and monasticism It is what Christianity learned from Judaism about texts death and above all sacrifice that allowed it to supersede Greco Roman religions and Stroumsa argues transform religion itself A concise and original approach to a much studied moment in religious history The End of Sacrifice will be heralded by all scholars of late antiquity

Neusner, 2022-12-05 In these volumes top scholars in the study of religion celebrate the enduring heritage in learning bequeathed to coming generations by Anthony J Saldarini 1941 2001 Twenty nine commemorative essays focus on the topical areas of formative Christianity and Judaism to which Dr Saldarini devoted his efforts earliest Christianity with special attention to the Gospels Judaism in late antiquity and the interchange between Judaism and Christianity then and now So too the disciplines represented in these pages match his history including archaeology literature religion and theology Recognizing the standards of learning set by Dr Saldarini in all of these areas the colleagues represented in these volumes memorialize him by following in the model he set of meeting the highest standards of the diverse fields that intersect in the study of Judaic and Christian antiquity The print edition is available as a set of two volumes 9789004136595 The Emergence of the Christian Religion Birger Albert Pearson, 1997 In this book Birger Pearson argues for the study of Christianity as one of the religions of the world He proposes that the study of the New Testament and other early Christian literature be moved out of the realm of theology and into the area of comparative research in religion The book therefore addresses the problematic of Christian origins that is the historical process by which a new religion Christianity emerges out of an older one Second Temple Judaism Included are studies ranging from the prehistory of Christianity Jesus together with an illuminating lengthy and detailed critical analysis of the work of the Jesus Seminar and the trends in current North American gospel research it reflects into the New Testament and up to the fourth century *Comparing Judaism and Christianity* E. P. Sanders, 2016-10-01 Few scholars have so shaped the contemporary debate on the relation of early Christianity to early Judaism as E P Sanders and no one has produced a clearer or more distinctive vision of that relationship as it was expressed in the figures of Jesus of Nazareth and Paul the apostle Gathered for the first time within one cover here Sanders presents formative essays that show the structure of his approach and the insights it produces into Paul's relationship to Judaism and the Jewish law Sanders addresses matters of definition common Judaism covenantal nomism diversity the Judaism of the Dead Sea Scrolls and the Diaspora and key exegetical and historical questions relative to Jesus Paul and Christian origins in relationship to early Judaism These essays show a leading scholar at his most erudite as he carries forward and elaborates many of the insights that have become touchstones in New Testament interpretation
