give me that same sense of strangeness and warmth that I got when I was young from some of Gabriel Garc a M rquez shorter tales and by warmth I don t mean to suggest that these are all feelgood fictions but that the prose in which they are written glows The style is fully flowering a joy to read a delight to ponder perfectly adapted to the embodying of the author s filling and nourishing narratives Simply stated these are excellent stories They seem almost organically grown enveloping the reader in the tendrils of their telling There is precision here too but it is never angular This is a superb book by a wonderful writer And it s not Magic Realist in the flowery sense despite the blooms of the title story but realistically tough when it needs to be filled with the alienating situations circumstances and bewildered people of the contemporary world Hard to choose a favourite when the book is so tightly integrated with itself but The Blind Ark has lodged itself very firmly into my mind A magnificent collection Rhys Hughes author of The Devil s Halo An interesting and unusual collection of stories many of which combine the memorable imagery of the surreal with the moral thrust of the fable Very enjoyable Charlie Hill author of Encounters with Everyday Madness Through whimsy and a prodigious imagination Wimhurst has crafted compelling stories that take contemporary societal issues to their extreme serving as a reminder of the need for change without being didactic They are modern day parables Her characters face real challenges around grief money self esteem bullying health and climate change In Wimhurst s hands care and compassion for living beings combine with a sense of wonder and delight to create memorable enjoyable tales Misfits AKA those who feel unwelcome in an unsustainable patriarchal society will find their kindreds in these tales and feel uplifted something we greatly need at this time Amanda Earl author of Beast Body Epic

time with the social media entrepreneurs who made this possible through their naive and reckless ambition by disrupting all of the traditional information systems Join Marantz as some of the biggest brains in Silicon Valley teach him how to make content go viral as he hangs out with the conspiracists white supremacists and nihilist trolls using these ideas to make their memes blogs and podcasts incredibly successful and as he meets some of the people led down the rabbit hole of online radicalization Antisocial is about how the unthinkable becomes thinkable and then becomes reality By telling the story of the people who hijacked the American conversation Antisocial will help you understand the world they have created in which we all now live
