PROFILE

Well-qualified Customer Service Specialist in handling complex customer issues and giving positive experiences. Efficiency-driven and organized with team-oriented mentality and dedication to customer satisfaction and solving the problems. Facilitate positive experiences through high-quality Customer care and prompt resolution of complaints and issues.

Bringing forth excellent customer service skills and understanding of the technical industry and important technical/networking terminology. Highly organized and capable of overseeing multiple tasks at once. Motivated, innovative, and ready to join and support your real estate team. Motivated, innovative, and ready to support customers.

I have the experience of teamwork: still in high school, when I participated in school activities, projects proposed by teachers, and from the internship held in high school at the institution "Kronberg & Schubert". Involves exclusivity in activities.

Open to learning new things in different fields. A very sociable person Competence in communicating in English with colleagues.

An active person with many ideas waiting for an opportunity to implement for solving various problems. I have a reliable character, according to the proposed requirements. An attentive and skillful person who learns quickly.

Skills acquired at the internship During the high school internship, supported by "Kronberg & Schubert" :- Checking the electrical cables of cars before mounting them on the body Insulation of electrical wires Repair wires and check them before they are insulated Checking the continuity of wires of different sizes

Contempo Cars Sibiu (BMW Representative) acquired the following skills: Mechanical overhaul of a car, oil change, filter and a routine check of the car. Software testing (ECU) of the car to detect various errors. Partial painting of a car Preparation of entry documents for a customer's car in service. Explain to the customers the issue that I found Adjusting the geometry of a car's wheels.

During the ULBS internship, held at "Marquardt Sibiu" in the Customer quality department, I managed to increase my knowledge due to the people and team, I managed to disassemble the various components of the passenger compartment of a car, such as the steering wheel, centre console, car navigation, etc. Detection of possible defects of the parts before they are packaged and sent for example to BMW, analysis of the defect and realization of the traceability of that defect and not in those of the rectification where it can be realized.

During all this time I managed to purchase a car diagnostic software together with the necessary equipment (laptop and tester) to detect possible vehicle errors, the software I managed to specialize in is called Delphi, PA soft, I-4 and ISTA, but the more used by me is Delphi, with this I manage to test different systems of vehicles and to determine possible errors then I try to eliminate them with this software, and if they do not disappear I try to eliminate them mechanically, by repairing / changing a component.
