

# How to Use

## *Daily Language Review*

---

1. Reproduce the activities for each five-day unit and cut apart the half-page lessons for Days 1 through 4, or distribute a student book to each student. If appropriate, provide access to a dictionary and a thesaurus.
2. Consult the Skills Scope and Sequence chart (pages 6 and 7) to identify any skills that are unfamiliar to your students. You may want to preview those skills as a whole-class activity.
3. Have students work to complete the daily lessons individually, with a partner, or in a small group. You may want to use each day's lesson as a quick informal assessment.
4. Establish a procedure for students to complete and check their own work. For example, read over the steps in the how-to tips below.
5. Allow sufficient time for sharing responses and discussing word choices. Elicit a range of answers for the open-ended items. Modeling a variety of strategies and thought processes offers valuable learning benefits.

Reproduce and distribute to students.

### How to Correct the Sentences

1. Read each sentence. Think about what it says.
2. Look for mistakes in spelling, punctuation, grammar, and word choice.
3. **Hint:** You may need to add, change, or take out a word.
4. Rewrite each sentence neatly on the line, on the back of the sheet, or on a separate sheet of paper.
5. Reread your new sentence. Does it make sense and sound right?

### How to Answer the Vocabulary Questions

1. Read each sentence. Think about what it says.
2. To choose a word, think about what each choice means and how it is usually used. If needed, change the word to make it agree with the subject or the tense.
3. To understand a word with a prefix or suffix, divide the word and think about each part separately. Then figure out how the prefix or suffix changes the root word.
4. To figure out the meaning of an unknown word, look for context clues in the sentence.
