*Dark Moon* Mary Bennett, David S. Percy, 2001 As the dust settles on the 30th anniversary of Apollo 11 information is now coming to light that throws into serious doubt the authenticity of the Apollo record New evidence clearly suggests that NASA hoaxed the photographs taken on the surface of the Moon These disturbing findings are supported by detailed analysis of the Apollo images by professional photographer David S Percy ARPS and physicist David Groves PhD The numerous inconsistencies clearly visible in the Apollo photographic account are quite irrefutable Recent research indicates that the errors evidenced in DARK MOON were deliberately planted by individuals determined to leave clues to the faking in which they were unwillingly involved DARK MOON is the answer to the question did the Apollo missions really land a man on the Moon and return him alive and well to Earth or is the record incorrect

**The Apollo Deception** Mitch Silver, 2019-12-01 Gary Stephens is brought into a government sanctioned cover up when he discovers that his father helped fake the Apollo 11 moon landing in the 1960s After China announce a space mission to place

their own flag next to the one US astronauts planted during the Apollo 11 mission few people bat an eyelid Shortly after this statement Charlie Stephens a 81 year old former filmmaker is murdered The incident is made to look like an accident but why Going through his father s effects Gary Stephens a director of beer and yogurt ads discovers seven cans of old 35mm film Dated before the landing they re identical to the footage NASA claims was shot by the Apollo 11 crew The US flag is not and has never been in the Sea of Tranquillity and only Tricky Dick and a handful of others knew it Why was the real nature of the Apollo 11 mission kept hidden And what measures will be taken to keep the secret buried      **Stargate Conspiracy** Lynn Picknett, Clive Prince, 2019-02-07 Recent exciting discoveries by independent researchers have dramatically challenged our understanding of ancient Egypt raising profound questions about our past STARGATE CONSPIRACY exposes the most insidious dangerous plan of our times It involves intelligence agencies politicians bestselling writers scientists industrialists The authors believe that this conspiracy centred upon the eternal mysteries of ancient Egypt targets threatens us all Tracing the identity of the groups involved Lynn Picknett Clive Prince argue that at the heart of this strange plan is the belief that the ancient Egyptian gods were and are real extraterrestrials about to return through the stargate between our world theirs They suggest that the US funded excavations on the Giza plateau officially denied but for which the authors produce documented evidence now appear to be the result of directives allegedly received through communication with beings of higher intelligence who are instructing the conspirators to lay the foundations for great global changes Provocative stimulating STARGATE CONSPIRACY is a book of and for the new millennium      **1,001 Facts that Will Scare the S#\*t Out of You** Cary McNeal, 2010-04-18 A compendium of 1 001 facts about food human behavior health drug use the weather animals and more      **Alien Intelligence and the Pathway to Mars** Mary Bennett, 2021-05-04 Details how exploratory probes sent to Mars in the 1970s triggered a plethora of anomalous events particularly crop circles glyphs and how these events are messages from ET intelligence to help us send a human mission to Mars Reveals how the anomalous Cydonia region of Mars fits the Golden Ratio Spiral and looks at links between Martian formations and Earth s ancient sites Illustrated throughout with color photographs maps and diagrams In this full color study based on 25 years of research Mary Bennett explores the ancient and modern connections between Mars and Earth as well as how extraterrestrial intelligences are trying to assist us in constructing a viable spacecraft to take a human crew swiftly and safely to Mars She details how exploratory probes sent to Mars in the 1970s triggered over three decades of anomalous yet scientifically validated events including crop circles or crop glyphs She explains how these formations along with related events encode advanced engineering concepts that offer solutions to the fundamental problems presently hindering long haul crewed spaceflight whether to the Moon Mars or beyond Looking at the red planet itself the author reveals the scientifically verifiable evidence pointing to intelligent design on the surface of Mars specifically in the Cydonia region which fits the Golden Ratio Spiral She looks at the covert links between the Martian formations and Earth s ancient sites such as the Avebury landscape in England and the Giza Complex

She describes how agencies concerned with space travel have been quietly mirroring areas of Mars through construction projects here on Earth revealing that many of the ET messages have already been partially decoded Taking you from a complex on Mars to the Teotihuacan pyramids in Mexico from phi ratios to the Pentagon from the Great Pyramid to quantum computing this exploration of the hidden influence of Mars shows that our abilities as a future space faring species began in the ancient past and are now coming to fruition

**THE APOLLO MOON MISSIONS** Randy Walsh, 2019-09-18 As a child I was fascinated by the Apollo Moon missions As I got older the fascination never waned until approximately 15 years ago I happened to watch a documentary on one of the Apollo missions In that they discussed the method used for circumnavigating the Moon during the missions As a trained pilot I remember questioning that method of navigation and from there I started to doubt the validity of the Apollo Moon missions itself which led to subsequent years of research This book is culmination of that research and the reasons why I believe that the Apollo Moon missions were faked Included in Part 1 of this series I discuss the following key factors The Saturn V rocket and the fraudulent claims on the powerful F 1 engines without which the Apollo landings could not have taken place The non existent capabilities of the Apollo guidance computer and the fact that this computer was a fake The conflicting and contradictory information regarding the radiation intensity between the Earth and Moon which would have prevented any manned lunar landing The inadequate shielding for both the Command Module and Lunar Module which would have ended any manned mission outside of Low Earth Orbit in a matter of minutes if not seconds And the incomplete missing and or destroyed documents along with the thousands of missing reels of telemetry tapes containing data that has been lost forever

King,2007-06 *Courage on Bataan and Beyond* is a comprehensive story about Abel F Ortega s life during the Bataan Death March and Japanese imprisonment written by his son Abel will take the reader with him from his childhood days when he would sit in a rocking chair and dream about the Far East to defending the Bataan Peninsula in a last ditch effort to keep the Japanese from taking the Philippines Abel narrates how his family s prayers and his faith in God helped him to survive the infamous Bataan Death March three and a half years as a POW and two Hell Ship Voyages This

book will evoke both laughter and tears as one follows Abel from captivity to liberation In his three and a half years as a POW he endured near starvation hard labor torture and the indescribable and inhumane cruelty from his captors before being set free August 15th 1945 There were very few POW s who survived the Japanese brutality of Bataan and their following captivity and of these not many are still with us Today at 85 Abel feels his story needs to be told so that the brave soldiers of Bataan will not be forgotten once again      *Conspiracies* Andy Thomas,2019-12-10 At any time in our history you will find significant and seemingly indisputable events occurring the kind that can change the course of our lives the assassination of President John F Kennedy the terrorist attacks of 9 11 Yet for every one of them somebody somewhere will loudly dispute the official account doubting that the truth has been told In today s environment with trust in authorities at an all time low conspiracy theories have found a new currency and websites and social networking ensure they receive a wider and more rapid spread than ever before But how do we separate truth from imagination Was Princess Diana murdered as many people think despite all the official denials Did NASA really go to the Moon when anomalies in the photographic record suggest otherwise Could 9 11 really have been set up by agencies within the USA itself The Kindle edition includes an update on all the conspiracy theories that have emerged in the wake of the Coronavirus pandemic The author opens the conspiracy casebook by examining the mindset of those who believe in conspiracies and considers whether the dismissive attitude towards them has been fair Part Two looks into history to establish that conspiracies do occur credibility should therefore be given to belief in some of the alleged plots and cover ups of today This leads into a well argued examination of some of the most popular conspiracies of our times including theories over assassinations UFO cover ups and widely voiced concerns over 9 11 and the New World Order Part Three draws the conclusion that while not all conspiracy theories can be proven they do at least draw attention to paths not to take and can be valuable in helping to create a better world where new trust and hope can be forged Are we living in a world of control of oppression of habitual deception Is this really how things are or simply human nature massively distorted through a dark lens The truth probably lies somewhere in the middle
