Decolonization In Indonesia The Problem:

The Decolonization of Indonesia Cornelis A. van Minnen, 1988 **Decolonization in Indonesia: the Problem of Continuity and Change** Harry Jindrich Benda, 1965 Indonesien Dahm, 2021-12-06 Bonn, Jakarta und der Kalte Krieg Till Florian Tömmel, 2018-05-22 Der Kalte Krieg und die deutsche Teilung hatten globale Dimensionen Sie bestimmten auch die Beziehungen der Bundesrepublik Deutschland zu Indonesien Der Krisenweg des jungen Staates unter Präsident Sukarno stellte die bundesdeutsche Außenpolitik vor schwierige Aufgaben Der blutige Umsturz von 1965/66 und General Suhartos neue Ordnung schufen dann eine neue Konstellation auf die Bonn in der Logik des Kalten Krieges reagierte Till Florian Tömmel unterzieht die bundesdeutsche Indonesienpolitik von der Aufnahme der diplomatischen Beziehungen 1952 bis zum Schlusspunkt des Bonner Alleinvertretungsanspruchs 1973 erstmals einer quellengestützten Analyse **Authoritarian Modernization in Indonesia's Early Independence Period** Farabi Fakihi, 2020-09-07 In Authoritarian Modernization in Indonesia's Early Independence Period Farabi Fakihi offers a historical analysis of the foundational years leading to Indonesia's New Order state 1966-1998 during the early independence period The study looks into the structural and ideological state formation during the so called Liberal Democracy 1950-1957 and Sukarno's Guided Democracy 1957-1965 In particular it analyses how the international technical aid network and the dominant managerialist ideology of the period legitimized a new managerial elite The book discusses the development of managerial education in the civil and military sectors in Indonesia The study gives a strongly backed argument that Sukarno's constitutional reform during the Guided Democracy period inadvertently provided a strong managerial blueprint for the New Order developmentalist state **Intellectuals and Nationalism in Indonesia** J. D. Legge, 2010 It has always been a matter of national pride that independence came to Indonesia not as the result of a negotiated transfer of sovereignty though the process was completed in that way but through a struggle of heroic proportions in whose fires the nation itself was forged The revolution indeed is central to the Republic's perception of itself To call it a revolution is of course to beg a number of important questions What is a revolution Is the concept developed in modern thought on the models of the French and Russian revolutions applicable to a nationalist struggle for independence Or must a revolution involve also a transfer of power from one social class to another and a subsequent social transformation For Indonesians looking back to the birth of the nation however such questions do not arise For them there is no question but that the events of 1945-49 constituted a revolution a revolution that is seen as the supreme act of national will the symbol of national self reliance and for those caught up in it as a vast emotional experience in which the people the people as a whole participated directly The exploration of Sjahrir's recruitment of a group of followers during the Japanese Occupation and of the character and attitudes of the group is based in large measure on interviews with its surviving members A highly articulate body of people they clearly enjoyed recalling their youth remembering particular experiences and thinking back on the issues that had preoccupied them and the ideas that had excited them as students For
