**Animals, Ethics, and Language** Rebekah Humphreys,2023-06-20 With an ever growing body of evidence on the links between different oppressions never have the debates in Critical Animal Studies surrounding intersectionality in relation to animal ethics been more important In particular the arguments related to anthropomorphic attributes of mentality to other than humans promise to provide fruitful new ground for re assessing human animal relations This book maps the central debates surrounding anthropomorphism in relation to our descriptions of animals their lives animal mentality and meaningful communication in the nonhuman world Rebekah Humphreys synthesizes the work of critical animal theorists philosophers and cognitive ethologists and provides a critical account of how the debates concerning anthropomorphism play a key role in a proper understanding of animal ethics *Gender Violence in Ecofeminist Perspective* Gwen Hunnicutt,2019-09-23 This book aims to begin an eco centered eco feminist informed discussion about the ways in which our relationship to nature is bound up with gender patriarchy and violence Ecofeminist scholars study the interconnections between gendered relationships of domination among humans between humans and between humans nonhumans and the earth It is in this

ideological and structural tangle between humans and the environment that a deeper understanding of gender violence is possible Ecofeminism offers analytical possibilities for understanding a logic of domination which sustain a whole host of problems including the interrelated oppressions of gender violence and exploitation of the more than human life world In this book Gwen Hunnicutt brings into dialog ecofeminism and gender violence Ideological components such as speciesism and the belief that the earth and its nonhuman inhabitants are ours to exploit inform a host of other social practices including interpersonal violence A portion of this book is devoted to exploring the ways in which patriarchy is foregrounded by another hierarchy human domination over nature Thus gender violence stems from a logic of domination that is built on the domination of nature and the domination of the Other as nature As this blueprint of oppression repeats itself where there are vectors of difference the chapters ultimately connect these oppressions by showing the inextricable bind of violence against humans and the more than human life world This book will serve as a resource for scholars activists and students in sociology gender violence and interdisciplinary violence studies critical animal studies environmental studies and feminist and ecofeminist studies

Thinking Veganism in Literature and Culture Emelia Quinn, Benjamin Westwood, 2018-05-24 This collection explores what the social and philosophical aspects of veganism offer to critical theory Bringing together leading and emerging scholars working in animal studies and critical animal studies Thinking Veganism in Literature and Culture shows how the experience of being vegan and the conditions of thought fostered by veganism pose new questions for work across multiple disciplines Offering accounts of veganism which move beyond contemporary conceptualizations of it as a faddish dietary preference or set of proscriptions it explores the messiness and necessary contradictions involved in thinking about or practicing a vegan way of life By thinking through as well as about veganism the project establishes the value of a vegan mode of reading writing looking and thinking

**Animals in International Law** Anne Peters, 2021-05-25 The plight of animal individuals and species inflicted on them by human activity is a global problem with detrimental repercussions for all humans and for the entire planet This book gives an overview of the most important international legal regimes that directly address and indirectly affect animals It covers species conservation treaties notably the international whaling regime the farm animal protection rules of the EU international trade law and the international law of armed conflict It also analyses the potential for an international regime of animal rights Finding that international law creates more harm than good for animals the author suggests progressive treaty interpretation treaty making and animal interest representation to close the animal welfare gap in international law A body of global animal law needs to be developed accompanied by critical global animal studies
