Macmillan Global Advanced Pdf:

Advance Care Planning in End of Life Care Keri Thomas,Ben Lobo,Karen Detering,2018 ACP is an essential part of end of life care with patients improving their chances of a good death by creating plans with their families and carers This new edition gives a comprehensive overview of ACP explores a wide range of issues and practicalities in providing end of life care and offers a worldwide perspective

Scenarios, Fictions, and Imagined Possibilities in Science, Engineering, and Education Daria Bylieva,Alfred Nordmann,2024-11-12 This book presents the proceedings of the 24th International Conference Professional Culture of the Specialist of the Future Professionals and experts in all fields need to be prepared to handle unfamiliar situations Some of these are unexpected events that may occur quite suddenly out of the blue and others may emerge in the course of technological development or predicted trends In order to successfully confront the future professionals therefore need to engage in hypothetical thinking as they entertain concrete scenarios or fictitious possibilities Scientists and engineers lead the way when they employ thought experiments and systematically consider alternative realities Educators come up with creative approaches to foster the art of the as if This highly interdisciplinary collection of 50 papers discusses the theoretical challenge of hypothetical thinking and presents practical strategies for its promotion

Nurse Practitioners and Nurse Anesthetists: The Evolution of the Global Roles Sophia L. Thomas,Jackie S. Rowles,2023-06-05 As the only book of its kind this publication provides students clinicians researchers ministries of health and others with a valuable thorough and focused understanding of the development of the nurse practitioner NP and nurse anesthetist NA two advanced practice nursing roles which have improved access to care and healthcare outcomes as bilateral role development has progressed internationally As the two roles have significant clinical differences the book will appraise each role separately within two sections utilizing different approaches After a thorough platform of defining and describing each role including history and origins education practice regulation and leadership the book guides by example utilizing unique country case studies divided by WHO regions as exemplars for international role development as well as an outlook for the future of advanced practice nursing on the global stage The book expands on the tenets and principles as outlined in the ICN Guidelines on Advanced Practice Nursing for Nurse Practitioners 2020 and Nurse Anesthetists 2021 providing the reader with an internationally vetted and accepted comprehension of the roles guiding and inspiring future role development to improve global health care

The Future of the Medical Plastics Market Vincent Sabourin,2021-11-28 Plastics have occupied an important place in the modern medical industry It has substituted traditional devices and products made of metal other materials and ceramics Over recent years increased reliance on transparent plastic pharmaceutical and medical products has produced remarkable breakthroughs that improve medical attention delivery and allow it to be more comfortable for the masses to live better and longer lives The purpose of this handbook is to provide a strategic perspective on the market to identify opportunities for growth and promising niches in the medical plastics market It also helps in

analyzing emerging trends in medical plastics to facilitate new product development The medical plastics market is a new field with a broad scope and unending opportunities for manufacturers and suppliers and medical practitioners from healthcare With a combination of the right material and technology it has a lot to offer to the patients with affordable pricing By keeping the worth of the medical plastics market in mind we have set some objectives This book identifies growth factors in the medical plastics market and analyzes critical factors of success to compete The author presents background on the medical plastics market by its usage products processes and innovation He also reviews existing studies on the medical plastics market for topics like market size market growth segment growth and geographic markets *Chinas Kapitalismus* Tobias ten Brink, 2013-06-20 Das chinesische Wirtschaftswachstum der letzten 30 Jahre stellt mittlerweile jeden anderen langen Aufschwung der neueren Geschichte in den Schatten Wie konnte sich diese Entwicklung in einem Land vollziehen in dem die uneingeschränkte Herrschaft der Kommunistischen Partei gilt Tobias ten Brink untersucht die politische Ökonomie Chinas erstmals systematisch anhand von Erkenntnissen aus der vergleichenden und internationalen Kapitalismusforschung Seine Analyse der Dynamiken dieses eigentümlichen Wirtschaftstyps zeigt zudem dass der chinesische Kapitalismus eine paradoxe Entwicklung durchläuft die den Aufstieg Chinas zur Weltmacht beeinflusst **Atlas of Knowledge** Katy Borner, 2015-03-20 The power of mapping principles for visualizing knowledge illustrated by many stunning large scale full color maps Maps of physical spaces locate us in the world and help us navigate unfamiliar routes Maps of topical spaces help us visualize the extent and structure of our collective knowledge they reveal bursts of activity pathways of ideas and borders that beg to be crossed This book from the author of Atlas of Science describes the power of topical maps providing readers with principles for visualizing knowledge and offering as examples forty large scale and more than 100 small scale full color maps Today data literacy is becoming as important as language literacy Well designed visualizations can rescue us from a sea of data helping us to make sense of information connect ideas and make better decisions in real time In Atlas of Knowledge leading visualization expert Katy Borner makes the case for a systems science approach to science and technology studies and explains different types and levels of analysis Drawing on fifteen years of teaching and tool development she introduces a theoretical framework meant to guide readers through user and task analysis data preparation analysis and visualization visualization deployment and the interpretation of science maps To exemplify the framework the Atlas features striking and enlightening new maps from the popular Places Spaces Mapping Science exhibit that range from Key Events in the Development of the Video Tape Recorder to Mobile Landscapes Location Data from Cell Phones for Urban Analysis to Literary Empires Mapping Temporal and Spatial Settings of Victorian Poetry to Seeing Standards A Visualization of the Metadata Universe She also discusses the possible effect of science maps on the practice of science **Women and Finance in Africa** Tinuade Adekunbi Ojo, 2024-05-09 This volume presents a collection of cases that examine the status of financial inclusion for women across a variety of states in the African continent The book uses a qualitative research method

and presents both primary to secondary data to narrate the impact of gender responsive budgeting on women s empowerment and gender equality in these communities The chapters present the analysis of the effectiveness of African state approaches and share lessons that different African economies whether currently booming or struggling can enhance or implement toward the financial inclusion and gender budgeting response at all structural levels The main objectives of this volume are to understand different processes for financial inclusion to gender issues at a national level and to help encourage reflection on what lessons could be learned between states and what factors cause divergence in multilateral settings so that they can be understood and addressed

Das globale Währungs- und Finanzsystem: Risikofaktor oder Stabilitätsanker für die Weltwirtschaft? Fabian Lippold, 2015-02-01 Die globale Finanz und Wirtschaftskrise der letzten Jahre reiht sich in eine Abfolge von Krisen ein deren Urspr nge auch in der Architektur des globalen W hrungs und Finanzsystem zu suchen sind Demnach wurden beispielsweise die Exzesse des Finanzsektors von einem System beg nstigt welches die globale Integration von Finanzm rkten und den systematischen Abbau von Finanzmarktregulierungen f rdert Gleichzeitig fehlt es diesem System jedoch an international verbindlichen Regeln die dem Aufbau von globalen Ungleichgewichten entgegenwirken k nnten Es stellt sich deswegen die Frage welche Auswirkungen diese Konstruktionsschw chen auf die Krisenanf lligkeit der Weltwirtschaft haben und inwieweit die gro en Krisen der letzten zwei Jahrzehnte miteinander verbunden waren Um diesen Sachverhalt zu verdeutlichen thematisiert dieses Buch die Entstehung und Wirkung eines globalen W hrungs und Finanzsystems dessen Instabilit t in den letzten zwei Jahrzehnten deutlich zugenommen hat Auf seine Entwicklungsgeschichte seit dem Zweiten Weltkrieg folgt ein Analyse wesentlicher Schwachstellen des globalen W hrungs und Finanzsystems Insbesondere der bergang zum System flexibler Wechselkurse nach dem Ende des Bretton Woods Systems und die zunehmenden Vernetzungen globaler Kapitalstr me sind dabei von besonderer Bedeutung um die Risiken dieses globalen W hrungs und Finanzsystems umfassend verstehen zu k nnen Anhand der Asienkrise 1997 wird gezeigt wie die Schwachstellen des Systems eine massive Krise verursachen k nnen und sich somit zu Risikofaktoren f r ganze Volkswirtschaften entwickeln Hierbei geht es insbesondere um die Entstehung globaler Ungleichgewichte als ma geblicher Krisenfaktor Denn genau diese globalen Ungleichgewichte sind es die eine Verbindung zwischen der Asienkrise 1997 98 und der US Finanzkrise seit dem Jahre 2007 herstellen Dieses Buch entwirft somit auf Grundlage zahlreicher Analysen und empirischer Studien namhafter konomen wie u a Joseph E Stiglitz und Barry J Eichengreen einen berblick ber die Hauptrisiken unseres heutigen globalen W hrungs und Finanzsystems und zeigt dass die globale Finanz und Wirtschaftskrise letztendlich das Produkt eines ungleichen globalen Systems ist Grafisch wird diese These durch insgesamt 20 Abbildungen illustriert die wesentliche Fundamentaldaten abbilden aber gleichzeitig auch verborgene Zusammenh nge deutlich machen Die in diesem Werk aufgestellten Thesen und ihre dazugeh rigen Managing the Risks of Extreme Events and Disasters to Advance Climate Change Adaptation Christopher B. Field, Vicente

Barros, Thomas F. Stocker, Qin Dahe, 2012-05-28 This Intergovernmental Panel on Climate Change Special Report IPCC SREX explores the challenge of understanding and managing the risks of climate extremes to advance climate change adaptation. Extreme weather and climate events interacting with exposed and vulnerable human and natural systems can lead to disasters. Changes in the frequency and severity of the physical events affect disaster risk but so do the spatially diverse and temporally dynamic patterns of exposure and vulnerability. Some types of extreme weather and climate events have increased in frequency or magnitude but populations and assets at risk have also increased with consequences for disaster risk. Opportunities for managing risks of weather and climate related disasters exist or can be developed at any scale local to international. Prepared following strict IPCC procedures SREX is an invaluable assessment for anyone interested in climate extremes environmental disasters and adaptation to climate change including policymakers the private sector and academic researchers.

Employment, Inequality and Globalization Rolph van der Hoeven, 2013-09-13 The nature of globalization and the fallout from the international financial crisis have brought profound changes to societies and economies around the world. This book documents that over the last two decades the growth of nonstandard and informal employment has led to greater inequalities. This is partly explained by the fact that adjustment policies in the 1980s market liberalization policies in the 1990s and more recently globalization and anti poverty policies did not pay sufficient attention to policies for employment and income redistribution. As a response to these trends this book recommends the development of clearer policies for employment and income redistribution. These policies should now become an integral part of national and international economic policy making. This is even more relevant in the current context of the international financial crisis as several elements of globalization especially the unfettered markets and the growing inequality have given cause to the current crisis and there is growing evidence that the employment human and social effects of the financial crisis will be felt well after an economic recovery has taken place especially if no corrective action is taken. This volume will be of benefit to policymakers scholars and practitioners alike. This book was published as a special issue of the Journal of Human Development and Capabilities.

The Political Economy of City Branding Ari-Veikko Anttiroiko, 2014-02-24 Globalization affects urban communities in many ways. One of its manifestations is increased intercity competition which compels cities to increase their attractiveness in terms of capital entrepreneurship information expertise and consumption. This competition takes place in an asymmetric field with cities trying to find the best possible ways of using their natural and created assets the latter including a naturally evolving reputation or consciously developed competitive identity or brand. The Political Economy of City Branding discusses this phenomenon from the perspective of numerous post industrial cities in North America Europe East Asia and Australasia. Special attention is given to local economic development policy and industrial profiling and global city rankings are used to provide empirical evidence for cities characteristics and positions in the global urban hierarchy. On top of this social and urban challenges such as creative class struggle are also discussed. The core message of the book is that

cities should apply the tools of city branding in their industrial promotion and specialization but at the same time take into account the special nature of their urban communities and be open and inclusive in their brand policies in order to ensure optimal results This book will be of interest to scholars and practitioners working in the areas of local economic development urban planning public management and branding Handbook of Systems Engineering and Risk Management in Control Systems, Communication, Space Technology, Missile, Security and Defense Operations Anna M. Doro-on,2022-09-27 This book provides multifaceted components and full practical perspectives of systems engineering and risk management in security and defense operations with a focus on infrastructure and manpower control systems missile design space technology satellites intercontinental ballistic missiles and space security While there are many existing selections of systems engineering and risk management textbooks there is no existing work that connects systems engineering and risk management concepts to solidify its usability in the entire security and defense actions With this book Dr Anna M Doro on rectifies the current imbalance She provides a comprehensive overview of systems engineering and risk management before moving to deeper practical engineering principles integrated with newly developed concepts and examples based on industry and government methodologies The chapters also cover related points including design principles for defeating and deactivating improvised explosive devices and land mines and security measures against kinds of threats The book is designed for systems engineers in practice political risk professionals managers policy makers engineers in other engineering fields scientists decision makers in industry and government and to serve as a reference work in systems engineering and risk management courses with focus on security and defense operations *Global Midwifery: Principles, Policy and Practice* Joy Kemp,Gaynor D. Maclean,Nester Moyo,2021-01-05 This textbook is the first authoritative in depth publication about global midwifery and the contribution of skilled professional midwives to the provision of high quality maternity care reductions in maternal and newborn mortality and morbidity It demonstrates actions that are contributing to the achievement of the 2030 Sustainable Development Goals through partnership with women and their families enabling them to survive thrive and transform The textbook explores how the world is becoming more connected through globalisation advances in technology and innovation and yet more inequitable as women and children are disproportionately affected by issues such as poverty environmental vulnerability hunger conflict violence and discrimination It considers how midwives contribute to maternal and newborn health leading to greater equity and empowerment and ultimately strengthening health systems The three pillars of midwifery are discussed regulation education and professional midwives associations The importance of evidence based care is explored along with different models of midwifery and the challenges of developing professional leadership This textbook also considers women s human rights to sexual and reproductive health and respectful maternity care stressing the importance of cultural sensitivity and contextually appropriate approaches Midwives and other professionals will benefit from this reliable resource that indicates direction and provides information about the principles

and practice of professional midwifery This text also provides universities organisations and individuals with a highly relevant resource to better equip them for international midwifery practice It finally offers policy makers a reliable source of evidence based information for consideration in various evolving national and international situations *Introduction to Comparative and International Education* Jennifer Marshall,2024-04-03 This book introduces major themes surrounding comparative and international education giving you a nuanced understanding of key debates and thinkers and the tools necessary to conduct comparisons using secondary sources Social economic historical and cultural factors are examined in order to investigate the varied contexts in which education takes place around the globe This new edition includes New case studies touching on contemporary issues from decolonising the curriculum to the impact of the Covid 19 pandemic on education A new introduction outlining the features of the book and how to use them Updated educational data from around the world and new links to external resources Dr Jennifer Marshall is Senior Lecturer in Education at the University of Derby

Intergenerational Relations - Contemporary Theories, Studies and Policies Andrzej Klimczuk,2024-05-22

Intergenerational Relations Contemporary Theories Studies and Policies concentrates on actual discussions around various aspects of interactions that occur between people from different age groups and generations The authors present studies related to four sets of challenges crucial for relationships between children young adults middle aged adults and older adults These challenges include social and cultural challenges economic and technological challenges environmental challenges and political and legal challenges The volume also addresses issues important for the global national regional and local application and performance of intergenerational solutions projects and programs focused on achieving the United Nations Sustainable Development Goals SDGs The collection includes chapters encompassing research and practical recommendations from various disciplines such as demography economics ethics management gerontology public health pedagogy social work political science and sociology This book is an asset to academic and professional communities interested in theories of intergenerational relationships as well as public services and age related policies Moreover the volume is a useful resource to help students practitioners and people working in government business and nonprofit organizations build positive and harmonious interactions between generations

Sustainable Development of Biofuels in Latin America and the Caribbean Barry D. Solomon,Robert Bailis,2013-10-30 This book examines recent developments in Latin American biofuel production Taking sustainable development as a central theme each chapter considers one country in the region and explores how biofuel production is evolving given concerns about food sovereignty trade and other social issues Environmental conservation as well as an increasingly complex and globalized economic structure Is also taken into account The contributions to this volume critically explore the ways in which biofuel production in Latin America impact social economic and environmental systems the so called three pillars of sustainability Numerous stakeholders drawn from government industry civil society and academia have attempted to define Sustainable Development in the context of biofuel

production and to operationalize it through a series of principles criteria and highly specific indicators Nevertheless it remains a fluid and contested concept with deep political and social ramifications which each chapter explores in detail

Infrastructure Development in Nigeria Michael O. Onolememen,2020-01-22 This book examines the politics and economics of infrastructure development in Nigeria from Independence in 1960 up to 2015 and the role of good governance in promoting the socioeconomic wellbeing of citizens Arguing for the need for transformational leadership in infrastructure development the chapters examine policy issues and survey the various administrative economic and social political reforms that have impacted infrastructure development in Nigeria The author also discusses current national development plans and Vision 20 2020 challenges to infrastructure development including corruption and the future potential of a strong infrastructure network for the economy and citizens Drawing upon his experience within government departments as well as existing models of leadership and governance the author explores the role of infrastructure development in promoting the wellbeing and growth of Nigeria Combining theory with practical examples of good governance this book will be of interest for students and researchers of political science and infrastructure development in Africa *The Routledge Handbook on Greening High-Density Cities* Peng Du,Kheir Al-Kodmany,Mir M. Ali,2024-06-17 This new handbook provides a platform to bring together multidisciplinary researchers focusing on greening high density agglomerations from three perspectives climate change social implications and people s health Written by leading scholars and experts the chapters aim to summarize the state of the art and produce a reference book for policymakers practitioners academics and researchers to study design and build high density cities by integrating green spaces The topics covered in the book include but are not limited to Urban Heat Island Green Space and Carbon Sequestration Green Space and Social Equity Green Space and Public Health Biophilic Cities Urban Agriculture Vertical Farms Urban Farming Technologies Nature and Biodiversity Nature and Health Biophilic Design Green Infrastructure Urban Revitalization Post Covid Cities Smart and Resilient Cities Tall Buildings and Sustainable Vertical Cities

Optimizing Community Infrastructure Ryan Colker,2019-10-11 Optimizing Community Infrastructure Resilience in the Face of Shocks and Stresses examines the resilience measures being deployed within individual disciplines and sectors and how multi stakeholder efforts can catalyze action to address global challenges in preparedness and disaster and hazard mitigation The book provides a theoretical framework to advance thinking on creating resilient inclusive sustainable and safe communities Users will find an accurate and up to date guide for working on the development implementation monitoring and assessment of policies programs and projects related to community resilience
